

Northwest Territories Minister of Public Works and Services

TABLED DOCUMENT NO.

43-13(4)

~~41~~-13(4) TABLED ON FEB 07 1997

AUG - 6 1996

EDWARD PICCO, M.L.A.
CHAIRMAN
STANDING COMMITTEE ON INFRASTRUCTURE

Privatization of Systems and Communications and Petroleum Products

The two enclosed briefing notes outline the status of the Privatization of Computer Systems and Operations and the Privatization of Petroleum Products in the Department of Public Works and Services. You are probably aware that the Minister Responsible for Economic Development and Tourism is coordinating all Government of the Northwest Territories privatization initiatives. However, I did promise to provide you with briefings when I appeared before you to discuss the Department's Main Estimates.

With respect to Petroleum Products, you will note Public Works and Services and Economic Development and Tourism have been directed to develop options and recommendations on the privatization strategy for consideration by Cabinet.

This report is due in September and I am making arrangements to meet with you to provide a formal briefing following Cabinet's decision. In the meantime, I am open to any suggestions you may have on the privatization initiative.

Goo Arlooktoo
Minister
