Operating Plan - Executive Summary

The Beaufort Delta Divisional Education Council's Operating Plan for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* (FAA) that requires Northwest Territories (NWT) Education Bodies to plan for their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The Operating Plan outline consists of several sections corresponding to various accountability areas, all of which have been completed in accordance with the Beaufort Delta Divisional Education Council's priorities for the upcoming school year.

The following table summarizes the planned goals and targets for the upcoming school year:

The District Education Council chose to target student *achievement* as the priority, given existing results in Literacy, Numeracy, ILE and the importance of reading, mathematics (numeracy) and language growth (ILE) for success in school and in later life. *Social responsibility* is the other Council priority that overlaps these initiatives. The design of this strategic plan & vision complements the Council's foundational policies, namely BDDEC policy [A 02 Vision & Mission](#)

Specific academic indicators in Literacy, Indigenous Languages & Culture (ILE), Numeracy and Social Responsibility were indicated over the next five years in 2026-27 to measure the success of the vision and the inquiry initiatives.

[Vision Targets 2026-27](#)

Increase programming i.e. Trades & Wellness

Increase graduation rate & reduction bottleneck

Increase percentage of students on regular programming

Increase student Voice, Choice & Agency

Increase students performing at the Canadian norm on CAT-5

Increase percentage of students participating in cultural activities/events

100% of BDDEC schools will follow cultural calendars.

85% of students speak 16 of the traditional greetings of their home community.

35% of students speak at the Emergent level

25% of students speak at the Beginner Level

7% of students speak at the Intermediate level.

85% of students participate in at least 5 cultural activities with at least one cross curricular lesson attached to EACH experience.

70% of parents discuss their child's language levels.

Annual Report - Executive Summary

The Beaufort Delta Divisional Education Council's Annual Report for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* that requires Northwest Territories (NWT) Education Bodies to report on their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The following table summarizes the successes and areas for improvement for the school year:

The Beaufort Delta Divisional Education Council is the most Northern education body in the Northwest Territories. All eight communities and nine schools are located North of the Arctic Circle. BDDEC serves 1476 students in the region, and is responsible for 328 administrators, teachers and support staff.

BDDEC is governed by a board of elected members. Each District Education Authority (DEA) within the BDDEC elects one representative, normally their chair, to sit on the District Education Council (DEC) board. The DEC elects a Chair (2 year term), Vice-Chair (every year) and Member at Large (every year).

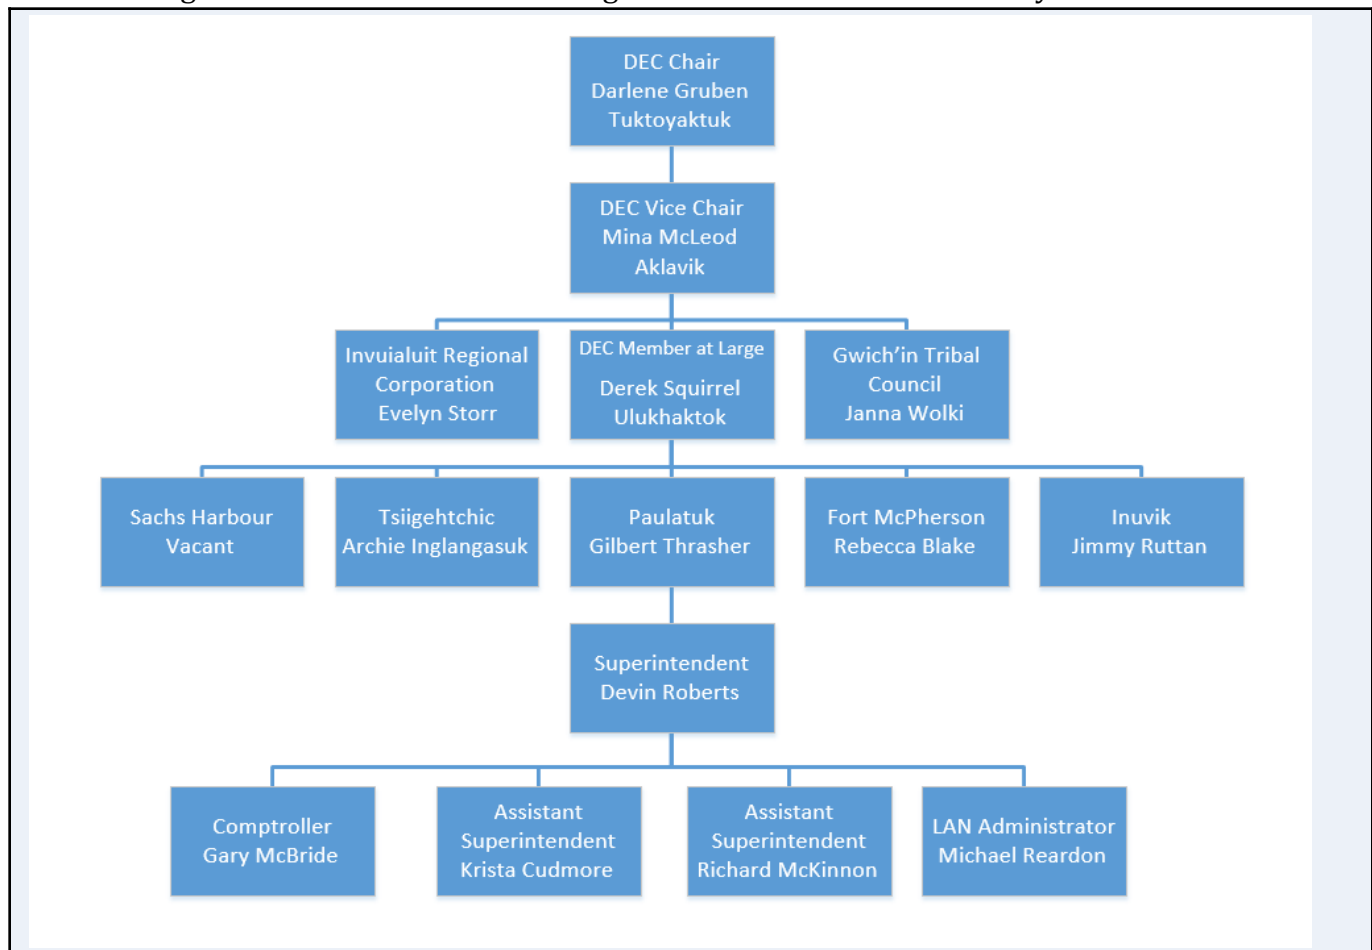

The Inuvialuit Regional Corporation and the Gwich'in Tribal Council appoint one member (each) to the BDDEC board and are voting members. DEA's meet monthly. The DEC meets three times per year, including two via videoconference and one face-to-face meeting in February.

BDDEC has a strategic plan focused on improvement in Literacy, Indigenous Languages, Numeracy and Social Responsibility. The BDDEC Strategic Plan is co-created with the DEC and Senior Admin Team. BDDEC is currently developing a five year vision to ensure long term sustainable growth for the students of the Beaufort Delta.

D. Policy Development

Under section 96 of the Education Act, a District Education Authority (DEA) is required to:

- Conduct its business in accordance with regulations
- To make by-laws governing the procedure to be followed in transacting the business of the DEA
- Establish a code of conduct for its members

The same requirements apply for Divisional Education Councils under section 108 of the Act.

The Education Act Regulations further define and provide guidance for the policies and by-laws DEAs and DEC's are required to develop.

The following table lists the required and recommended policies and by-laws for education bodies. Please indicate in the appropriate section the effective date for each policy and by-law for each education body in your region. If a policy or by-law is not applicable, indicate "NA". Where a policy or by-law does not exist, place an "X" in the relevant box.

2. Territorial Schools

Territorial Schools reflects the programs and professional development activities that directly support excellence in teaching and student academic achievement specific to the NWT Education Act, Ministerial Directives, or School Funding Framework including:

- A. Education Body Strategic Planning;
- B. School Improvement Planning & School Reviews;
- C. Staff Evaluations;
- D. Regional Training and In-Service;
- E. Literacy Coordinators;
- F. Healthy Food for Learning;
- G. Second Language Education;
- H. Student Success Initiative; and
- I. Northern Distance Learning

A. Education Body Strategic Planning

NWT Education Bodies develop regional priorities and goals based on the needs of their students and schools. The priorities and goals developed for the upcoming school year should align with the following five shared priorities agreed to by Education Leaders and the Department of ECE:

1. Student achievement in Literacy and Numeracy
2. Language and Culture
3. Student & Educator Wellness
4. Personalized and Inclusive Education
5. Key Competencies

The following tables detail regional priorities, goals, and connections to the shared priorities, including regional performance indicators and targets set for the upcoming school year related to Education Body strategic planning, along with the achieved results, the explanation for any difference between targets and results, noted areas of strength and areas for development.

<p>Regional priorities and goals.</p>	<p>BDDEC’s regional priorities are created in consultation with working groups from the DEC, NWTSA and staff. B. School Improvement Planning & School Reviews

As per the *NWT School Improvement and Reporting Directive*, school improvement planning responds to student and community needs, addresses policy requirements, accommodates departmental directives, and engages all school staff.

In addition, Annual School Reviews should focus on standards of learning outcomes - academic and non-academic - and require schools to present the analysis and evaluations of learning outcomes to their Superintendent of Education.

The following tables detail regional priorities and goals for the upcoming school year related to School Improvement Planning and School Reviews, along with noted areas of strength and areas for development.

<p>Regional approach to School Improvement Planning and School Reviews, and relevance to regional and shared priorities, for the school year.</p>	<p>School Improvement Plans are set with the BDDEC Strategic Plan for 2023-24 based on regional priorities and goals set by the District Education Council (DEC). D. Regional Training and In-Service

Education Bodies are responsible for training and in-service activities for staff at the regional and school level, which can occur throughout the year, and may include 2.5 administrative days per year and time allotted for the Strengthening Teachers’ Instructional Practices (STIP). (This does not include any professional development activities related to Article 16 of the Collective Agreement.)

The following tables detail the region’s training and in-service plan, the relevance of the plan to regional and shared priorities, along with noted areas of strength and areas for development.

E. Literacy Coordinators

Literacy coordinators collaborate with teachers to develop effective instructional approaches in literacy and/or numeracy throughout all grades and subjects. They provide professional development for teachers and model effective routines, practices, and protocols, while developing a regional literacy action plan and supporting school administrators and teacher to develop and use instructional practices, resources, and assessments associated with the plan.

The following table details the total number of allocated, budgeted and actual Literacy Coordinators in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

* As per the School Funding Framework, funding provided equates to 0.50 or 0.25 of a school consultant position, with the expectation that the other half be funded by the Education Body, otherwise not allocated.

F. Healthy Food for Learning

The Healthy Foods for Learning Program is supported by the Anti-Poverty Strategic Framework and aims to increase the capacity of schools to provide healthy meals and/or snacks to students.

The following tables detail the regional approach taken for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to the Healthy Foods for Learning program for the upcoming school year.</p>	<p>All BDDEC schools provide a healthy foods program for students using a brown paper bag delivery for breakfast.</p> <p>A large number of students are coming to school hungry. So this program is essential to help meet the basic needs of students so that they can reach their academic potential.</p> <p>Healthy foods promote healthy living, which increases the potential for wellness and student achievement. The Canada Food Guide is a resource available to ensure the appropriate food groups are used consistently and correctly.</p>

H. Student Success Initiative

The Student Success Initiative (SSI) aims to improve student learning and outcomes. SSI proposals are provided to the Department and the Northwest Territories Teachers' Association (NWTTA) for approvals in May of the previous school year (as per the SSI Handbook).

The following tables detail the SSI Project proposal summary including regional performance indicators and targets (**please include in the table below**), along with the achieved results, the explanation for any difference between targets and results, a summary of implementation, noted areas of strength and areas for development. Under the proposal summary, indicate whether this is a continuation of previous year's SSI project.

I. Northern Distance Learning

Northern Distance Learning (NDL) provides opportunities for small community high school students to have equitable access to higher-level academic courses. Schools participating in NDL are responsible for ensuring that an In-Class Support Person (ISP) is retained to support students during their NDL classes, all classroom supplies are purchased and to ensure a classroom with access to a long-distance telephone and document camera is provided. All other equipment and supplies for the NDL program are provided.

The following tables detail the number of allocated, budgeted and actual (ISPs) in place to provide support to Northern Distance Learning program, and the explanation for any variance between each.

3. Inclusive Schooling

The *Ministerial Directive on Inclusive Schooling* (2016) is supported annually by conditional funding that is allocated to Education Bodies for programs, processes, and personnel that meet expectations and standards identified in the *Guidelines for Inclusive Schooling* (2016), to effectively support classroom teachers and improve student success. Inclusive Schooling funding allows education bodies to provide support systems and services to enable all students to be included as full participants in regular, age-appropriate classes within their home communities.

A. Regional Inclusive Schooling Coordinators

Regional Inclusive Schooling Coordinators (RISCs) provide administrative and programming leadership at the regional level to Inclusive Schooling based staff and to the overall school team and environment to support classroom teachers in meeting the needs of students.

The following table details the total number of allocated, budgeted and actual RISCs in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

Allocated (PY)	Budgeted (PY)	Explanation for Difference (if applicable)	Actual (PY)	Explanation for Difference (if applicable)
1.00	2.0	Overstaffed		Funded by surplus. Large geography and student population requires 2 RISCs.

B. Program Support Teachers

Program Support Teachers (PSTs) provide direct collaborative support to classroom teachers as they develop instructional strategies to meet the needs of students.

The following table details the number of allocated, budgeted and actual PSTs in place to provide direct collaborative support to schools, and the explanation for any variance between each.

If PST duties have been split between more than one staff member, please provide details (how is the position split, and the reason for doing so).

C. Support Assistants

Support Assistants are individuals working in the school to support classroom teachers in meeting the instructional and personal needs of students.

The following table details the number of allocated, budgeted and actual Support Assistants in place to support classroom teachers in meeting the instructional and personal needs of students, and the explanation for any variance between each.

Please ensure that Support Assistants funded through Jordan’s Principle and Children’s First Initiative are included in the Actual (PY) column, and accounted for in the Explanation for Difference Column, where applicable.

TOTAL	22.51	28.8	Additional staff added by Jordan’s Principle		

D. Inclusive Schooling - Staff Development

Specific funding is provided for education staff to provide or receive professional development directly related to supporting student and inclusive education in the classroom and school in general.

The following table details the total amount of allocated, budgeted and actual funding spent on inclusive schooling professional development, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference (if applicable)	Actual (\$)	Explanation for Difference (if applicable)
\$119,564	\$125,000.00	Over allocation		

The following table details the Inclusive Schooling Professional Development planned during the upcoming school year:

* This table refers to contractors procured using Inclusive Schooling funding, and does not include others such as those procured by Jordan’s Principle / Child First Initiative Funding.

E. Assistive Technology

Assistive technology (AT) is any item, piece of equipment, or product system, whether acquired commercially off-the-shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of a child with a disability.

The following table details the amount of allocated, budgeted and actual funding spent on Assistive Technology per school, and the explanation for any variance between each.

Allocated (\$)	Actual (\$)	Actual Assistive Technology Purchased	User Group Type (# of classrooms / individual students/ etc.)	Total (\$)	Explanation for Difference (if applicable)
\$155,019					

F. Healing and Counselling

Healing and Counselling refer to strategies and supports designed to address behavioural, social, emotional, and healing issues, including those related to the legacy of residential schooling.

The following table details the amount of allocated, and funding spent on Healing and Counselling throughout the region.

Allocated (\$)	Actual (\$)	Purpose (materials, positions, contracts, etc.)	User Group Type (# of classrooms / individual student/ etc.)	Total (\$)	Explanation for Difference (if applicable)
\$231,180					

G. Alignment of Student Supports

In order to support all students within the Common Learning Environment as per 9.1c in the *Ministerial Directive on Inclusive Schooling (2016)*, it is critical that student supports are aligned. Student Support Plans (SSPs) and Individual Education Plans (IEPs) can be reviewed and changed at any time, but must be reviewed at least once every reporting period (3-4 times per year).

The following tables detail the region’s approach to ensure that student supports aligned to the goals stated in their SSPs and/or IEPs for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that student supports are aligned to the goals stated in SSPs and IEPs.</p>	<p>The BDDEC RISCs will provide training for PSTs on the creation and implementation of SSPs including reviews to ensure these are working documents that are not just a long list of good teaching practices but are reflective of specific student needs.</p> <p>The BDDEC RISCs in collaboration with SSW staff will provide training for PSTs on the new competency-based IEP.</p> <p>The BDDEC RISCs will continue to provide support to PSTs with the creation and implementation of IEPs including reviews to ensure they are implemented as per ECE directives.</p>

H. Flexible Instructional Strategies

Instructional strategies are techniques that teachers use to help students become independent, strategic learners. Principals are required to support teachers and support assistants in the use of flexible instructional strategies, such as scheduling allocation of resources, or leading staff development.

The following table details the region’s approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies.</p>	<p>Supporting teachers to create environments that allow for students with varying needs to work in a more flexible learning environment.</p> <p>Training for teachers in the area of differentiated instruction and modification of program delivery will be provided for all school staffs via Google Meets & Zoom.</p>

I. School-based Support Team

The School-based Support Team (SBST) operates under the leadership of the principal to assist classroom teachers with developing and implementing instructional and/or management strategies, SSPs or IEPs, and to coordinate support resources for students. The team also develops strategies to support classroom teachers in meeting students’ needs and to reduce barriers to students’ success in learning; solve specific problems; address systemic issues as well as those that are teacher or student specific; and maintain documentation, as per the reporting requirements. SBSTs are encouraged to meet regularly (typically weekly), and to keep written records of their meetings.

The following tables detail the region’s approach to ensure that the SBST, under the leadership of the principal with co-leadership by PST(s), is involved to support teachers to meet the needs of all of their students for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that the SBST is in place in each school and is operating effectively as per the directive.</p>	<p>School Based Support Team meetings are scheduled at all nine schools in the district. Students can be referred for additional support to the SBSTs by classroom teachers. Regular SBST meetings will occur in all schools with core members - the principal, PST, counselor, relevant teacher (s), and occasional members such as parents as needed.</p>

J. Review of SSPs and IEPs

SSPs and IEPs should be discussed with parents and guardians. However, as per the NWT *Education Act*, IEPs additionally require the explicit consent of the student’s parent or guardian, typically recognized by a signature on the IEP.

The following tables detail the region’s approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required.</p>	<p>The BDDEC RISC’S and Assistant Superintendent will support PD for PSTs on SSPs and IEPs. SSPs/IEPs will be reviewed to ensure they are not just a long list of good teaching practices but are reflective of specific needs. PSTs and Principals will review SSPs a minimum of four times per year.</p>

K. PST Activities

In carrying out their role, the PST will focus on activities and functions that directly support classroom teachers to meet the needs of their students. The Inclusive Schooling Directive provides guidance for this by setting out PST priority time-use targets:

- a minimum of 60% of the PST’s time should be devoted to **teacher support activities**
- no more than 25% of the PST’s time should be spend working **directly with students** (commonly Tier 3 students –those with more complex needs)
- maximum of 15% of the time used for **other** functions

The following table details the region’s approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets.</p>	<p>All BDDEC PSTs in 2023-2024 will spend no less than 60% of their time engaged in activities directly supporting classroom teachers. 4. Indigenous Languages and Education

As set out in the Education Act, the NWT education system recognizes the relationship between languages, culture and learning, and that school programs must be based on the cultures of the NWT.

The *Northwest Territories Junior Kindergarten – Grade 12 Indigenous Languages and Education Policy (ILE Policy)* is in place to support the Department of ECE and education bodies in welcoming all students within learning environments that centre, respect, and promote Indigenous worldviews, cultures, and languages of the community in which the school is located.

The *ILE Policy* is supported annually by conditional funding that is allocated to education bodies to provide quality Indigenous language instruction and relevant culture-based school programs for students as part of the education program for the education district. The funding provided to education bodies for Indigenous languages and education must be for the sole purpose of supporting students and teaching in accordance with the *ILE Policy*.

A. Regional Indigenous Language and Education Coordinators

The Regional Indigenous Language and Education (RILE) Coordinator provides a centralized leadership role in coordinating Indigenous language instruction and Indigenous education programs and activities in the region.

The following table details the total number of allocated, budgeted and actual RILE Coordinators in place to provide leadership at the regional level, and the explanation for any variance.

Allocated (PY)	Budgeted (PY)	Explanation for difference (if applicable)	Actual (PY)	Explanation for difference or any adjustments to PYs (if applicable)
1.00	1.50	Overstaffed		Funded by surplus. Large geography and focus on Indigenized Education require more than base funded position.

B. Indigenous Language and Education Teams

NWT schools are expected to create an ILE team to set personalized school goals identified in a School Based ILE Plan. The goals created in a school’s ILE Plan should be focused on the 9 action areas outlined in the ILE Handbook. Each year, schools are asked to revisit their ILE Action Plans and revise as needed to ensure growth of Indigenous language and education in their schools.

The following table details the composition of ILE teams and their planned meeting frequency including an explanation if the team was not in place or active during the year:

Indigenous Language and Education Team

C. Indigenous Language Instructors

Indigenous Language Instructors (ILIs) provide Indigenous languages instruction to JK-12 students in NWT schools through the delivery of the *Our Languages* curriculum.

The following table shows the breakdown of the budgeted, and actual ILI (PY funding) in place at each school, identifies whether the allocated PY is new or a returning ILI, and explanation for adjustments to PY.

School Name	Allocated (PY)	Budgeted (PY)	Explanation for difference (if applicable)	Actual (PY)	Explanation for difference or any adjustments to PYs (if applicable)
Moose Kerr	1.41	2.0	Overstaffed. Offering two languages.		
Chief Julius	1.41	1.0	One language offered. One position. Additional funding used for mentorship ILE program.		
Helen Kalvak	1.39	1.0	One language offered. One position. Additional funding used for mentorship ILE program.		
E3ES	5.44	3.0	Overstaffed. Offering two languages.		
E3SS		3.0	Overstaffed. Offering two languages.		
Angik	1.04	1.0	Cannot use .04 funding for a position. Additional funding used for mentorship ILE program.		
Inualthuyak	0.50	1.0	Overstaffed.		

Chief Paul Niditchie	0.75	1.0	Overstaffed.		
Mangilaluk	2.42	2.0	Two languages offered. Additional funding used for mentorship ILE program.		
TOTAL	14.36	15	Overstaffed.		

Note: Culture and language resource people and Elders are accounted for under the Indigenous Education (O&M) and Community Support categories.

Some Regions have indicated difficulty in filling ILI positions. The following table details the planning for maintaining ILI instruction in the Region, and for recruiting and retaining ILIs. As well as the opportunity to describe challenges or barriers related to Indigenous language instruction.

Accommodations made to maintain Indigenous language instruction in the region, if any?	<i>Four Indigenous Language Instructors have been hired on a letter of authority. BDDEC has created new Indigenous Languages Support Assistant (ILSA) positions. These positions will work directly with the ILE program. Eventually these IL SA's could become the new Indigenous Languages Instructors.</i>
Plans to recruit and retain language teachers, if any?	<i>The BDDEC has plans to work with ECE to implement the Indigenous Language Instructor Employment Plan (ILIEP) in our region. BDDEC currently has three mentors and three mentees signed up for the employment plan.</i>
The # of anticipated New ILIs and which schools they are in.	0
Challenges and/or barriers faced in the region	<i>Limited language speakers. Elders are in high demand for their time and skill set.</i>

D. Indigenous Education

Indigenous Education funding supports the operation and maintenance of Indigenous education programs and activities in NWT schools. All NWT schools are expected to welcome all students within learning environments that centre, respect, and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located. This includes:

- Schools must actively implement *Dene Kede* and/or *Inuuqatigiit* to bring forward, in all instruction, the Indigenous worldviews, cultures, and languages of the community in which the school is located by:
 - Allocating resources to support JK-12 educators in actively implementing *Dene Kede* and/or *Inuuqatigiit*.
- Schools should welcome all students within learning environments that centre, respect and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located, through building the school-community relationship, offering educator training and employing a whole school approach to Indigenous language use by:
 - Allocating resources to help build the school-community relationship, including **mandatory Elders in Schools programming**: *Please note that Elders in School Programming no longer exists as a separate program and the financial support has been absorbed into Indigenous Education funding*;
 - Allocating resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**; and,
 - Allocating resources to employ a whole school approach to Indigenous language use.
- Schools should work toward Indigenizing teaching and learning practices, Indigenizing the content of curricula and programming, and providing opportunities for all JK-12 students to engage in authentic and relevant key cultural experiences throughout the school year by:
 - Allocating resources to support educators to ensure their teaching and learning practices are holistic, spiral, experiential and relational;
 - Allocating resources to support educators in Indigenizing the content of curricula and programming to ensure it reflects the Indigenous worldviews, cultures, and languages of the community in which the school is located; and,
 - Allocating resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

Indigenous Education funding includes the hiring of Elders and community resource people and providing appropriate teacher training to ensure the *ILE Policy* is implemented.

The following table details the total amount of allocated, budgeted, and actual funding spent on Indigenous Education to create welcoming environments and Indigenizing education **in each school**, and the explanation for any variance.

School Name	Allocated (\$)	Budgeted (\$)	Explanation for difference (if applicable)	Actual (\$)	Explanation for difference (if applicable)	3 rd Party Funding (\$) / Source (If applicable)
Moose Kerr	\$40,800	\$40,800				
Chief Julius	\$40,800	\$40,800				
Helen Kalvak	\$48,300	\$48,300				
E3ES	\$86,100	\$86,100				
E3SS						
Angik	\$48,300	\$48,300				
Inualthuyak	\$40,250	\$40,250				
Chief Paul Niditchie	\$35,000	\$35,000				
Mangilaluk	\$40,800	\$40,800				
TOTAL	\$380,350	\$380,350				

The following table details whether **schools** choose to allocate or find additional funding for an Elder and/or Cultural Support Worker that works at the school on a **consistent schedule** either from ILE funds or 3rd party funding.

School	Elder in School (Y/N)	Cultural Support Worker (Y/N)	How are these positions funded?	If no to either of these positions, why not?
Moose Kerr	N	N		Elders are hired on short term basis using ILE funding
Chief Julius	N	N		Elders are hired on short term basis using ILE funding
Helen Kalvak	N	N		Elders are hired on short term basis using ILE funding
E3ES	N	N		Elders are hired on short term basis using ILE funding
E3SS	N	N		Elders are hired on short term basis using ILE funding

E. Strengthening Training for Northern Educators

Strengthening training for Northern educators in Indigenous language and education is essential in order to provide educators with the background and context from which they can learn more about the community in which they live and work. This provides the foundation for educators to contribute to the ongoing development of positive relationships with students, parents, and the community at large.

Education bodies must allocate resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**.

The following table details school-based and/or regional approaches to **local** cultural orientation days.

School	Key Cultural Experiences	% of Staff Participation	% of Actual Participation	Explanation for Difference (if applicable)
Moose Kerr	1 - BDDEC Cultural Day 2 - School Based Day	100% 100%		
Chief Julius	1 - BDDEC Cultural Day 2 - School Based Day	100% 100%		
Helen Kalvak	1 - BDDEC Cultural Day 2 - School Based Day	100% 100%		
E3ES	1 - BDDEC Cultural Day 2 - School Based Day	100% 100%		
E3SS	1 - BDDEC Cultural Day 2 - School Based Day	100% 100%		
Angik	1 - BDDEC Cultural Day 2 - School Based Day	100% 100%		
Inualthuyak	1 - BDDEC Cultural Day 2 - School Based Day	100% 100%		
Chief Paul Niditchie	1 - BDDEC Cultural Day 2 - School Based Day	100% 100%		
Mangilaluk	1 - BDDEC Cultural Day 2 - School Based Day	100% 100%		

All school staff play a role in supporting language reclamation and language revitalization efforts.

Employing a whole school approach to Indigenous language use bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture,

the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

F. Offering Key Cultural Experiences

Key Cultural Experiences are the backbone to education in an Indigenous context. Students learn best by doing. Key cultural experiences are authentic and relevant activities, which provide learning experiences that reflect, validate, and promote the worldviews, culture and languages of the Indigenous peoples of the NWT. Education bodies must allocate resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

The following table details the **land-based** key cultural experiences using funding from the community support or Indigenous education categories.

Please highlight two wise practices of land-based key cultural experiences from each school in the region.

G. Employing a Whole School Approach to Language Use

All school staff play a role in supporting language reclamation and language revitalization efforts. Employing a **‘whole school approach to language use’** bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

The following tables detail initiatives that employ the whole school approach to language use.

School	Type of School-Based Staff Initiatives in Place to Promote a Whole School Approach to Language Use.	Type of Community Events Hosted by the School that Promote, Use, and Celebrate Indigenous Languages.
<i>Example: ILESHS</i>	<ul style="list-style-type: none"> • ILES team planned monthly phrases for staff to practice and replace the English version with. • A language speaker attended the staff meetings at the beginning of each month and helped staff learn the phrases. • Reinforced learning with the use of audio clips for practice 	<ul style="list-style-type: none"> • Hosted community Christmas feast which included drumming, prayer, and songs in the language • Community-school graduation celebration in June.

H. Community Support

Community support funding is offered to support Indigenous language revitalization by supporting the hiring of cultural resource experts for short term projects, the purchase/renting of on-the-land equipment and supplies, and/or the provision of Indigenous language and education professional development within communities.

The following table details the **regional** amount of allocated and actual funding spent on community support, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference <i>(if applicable)</i>	Actual (\$)	Explanation for Difference <i>(if applicable)</i>
\$173,290	\$173,290			

I. Resource Development for OLC and ILE Handbook

The Resource Development funding provides support for the continued development and implementation of the *Our Languages* curriculum (OLC) and the *Indigenous Language and Education (ILE) Handbook*. Schools that provide Indigenous language instruction must offer dedicated time for Indigenous language instruction within the regular education program and actively implement the *Our Languages* curriculum by:

- Allocating resources to support core Indigenous language instruction;
- Allocating resources to develop resources for the *Our Languages* curriculum;
- Allocating resources to support community connections related to Indigenous language instruction; and,
- Allocating resources to support Indigenous language instruction through an immersion approach, where and when possible.

Resource Development funding is to be used only for:

- a) Training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation;
- b) Developing resources for the implementation of *OLC* and *ILE Handbook* in schools; and
- c) Technology needs that support *OLC* and *ILE Handbook* implementation.

Note: Please ensure copies of any new resources produced are submitted to ECE-ILES.

The following table details the **regional** funding allocated, budgeted, actual expenditures for resources development, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference (if applicable)	Actual (\$)	Explanation for Difference (if applicable)
\$222,963	\$222,963			

The following table details the **regional** and **school** training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation.

School and # of ILIs participating	OLC or ILE Handbook	Specific Focus (ex: assessment)	Training Provider (ex: RILE, ECE, Contractor)	Dates and Location
<i>Example: ILESHS -2 ILIs and PST</i>	<i>OLC</i>	<i>Assessment</i>	<i>RILE and private contractor</i>	<i>September 12-14, Yellowknife</i>

The following table details the **regional resources created** for the implementation of *OLC* and *ILE Handbook* in schools.

Resource Type (ex: books, signage, digital, visuals, translations)	Title of Resource (if texts)	# of Copies Produced	Language Produced In
<i>Example: Wordless book</i>	<i>Rebecca and the Trickster Raven</i>	<i>30</i>	<i>Dene Zhatie</i>

The following table details **regional purchases made to support technological** needs that support OLC and ILE implementation.

Type of technology purchased	# of Items Purchased	How the Purchased Technology Supports <i>OLC</i> and <i>ILE Handbook</i> Implementation
<i>Example: iPads</i>	<i>5</i>	<i>5 iPads were placed in the Indigenous language classroom and fully loaded with all apps, games and electronic books that support Indigenous language instruction.</i>

Operating Plan - Executive Summary

The CSFTNO's Operating Plan for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* (FAA) that requires Northwest Territories (NWT) Education Bodies to plan for their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The Operating Plan outline consists of several sections corresponding to various accountability areas, all of which have been completed in accordance with the CSFTNO's priorities for the upcoming school year.

The following table summarizes the planned goals and targets for the upcoming school year:

The Commission scolaire francophone des Territoires du Nord-Ouest (CSFTNO) is proud of the achievements of its schools, its programs and its members' contributions in supporting the delivery of high-quality French first-language education services in the Northwest Territories (NWT). Continuous improvement is nonetheless the focus of the three pillars of our 2021–2026 strategic plan: (1) student success and well-being; (2) development of organizational capacity; (3) Francophone space and student-supportive community.

Our priorities for the 2023–2024 school year are divided into three areas: mandate of the French first-language school system, pedagogy and strategic development.

Mandate of the French first-language school system

French first-language schools are important for the development and preservation of the Francophonie in Canada. The dual mandate of French first-language schools includes curriculum objectives as well as students' language and identity development. Arts and culture are a large part of the school-family-community dynamic. Although the mandate of the French first-language school system has evolved over time, staff are sometimes uncertain about their role in fostering students' Francophone identity. Educators are cultural ambassadors who promote language and cultural socialization. School principals play a critical role in supporting educators' day-to-day activities. Staff must be knowledgeable about the schools' dual mandate, and work together to contribute to students' sense of belonging.

Priority

All staff will receive training in the dual mandate of the French first-language school system, and particularly in their role as cultural and language ambassadors. A team of eight staff members will receive more extensive training so they can become trainers and mentors. The impact will be a continued increase in enrolment at our two schools and student loyalty through to secondary school graduation. Students' well-being continues to be a priority, with a focus on building their Francophone identity and their sense of belonging in the French first-language school system.

Transition to modified British Columbia curricula

In 2023–2024, the transition will begin with a pilot project in literacy and numeracy (French, English and Mathematics) for students in Grades 4 to 6 and Grade 9. We have chosen to combine our Grade 3 and 4 groups to create a Professional Learning Community. A training plan for the 2023–2024 school year is currently being developed.

Priority

A training plan will ensure that all of our teachers are knowledgeable about and guided through the transition process, with a focus on literacy and numeracy in Grades 3 to 6 and in Grade 9. Professional learning communities will be established to guide the teachers of the identified student groups during the first year of the transition. We encourage all our educators to review the new modified curriculum in preparation for future years. We will add the necessary items to PowerSchool to reflect attainment of competencies on a progressive scale. Our teachers will receive the training they need to effectively communicate student learning through competencies by grade level or subject.

For literacy, the focus will be on communication (reading, writing, and speaking).

For numeracy, we will continue to consolidate core skills (e.g., math facts). Our goal will be to develop student competencies so they can be applied in a range of increasingly complex contexts.

Strategic Development

Case law regarding section 23 of the Charter has oft reiterated that students at French first-language schools must have the same educational experience as Anglophone students in the same community. The CSFTNO will continue to demand that the Government of the NWT take section 23 into account, and that its students enjoy substantive equality.

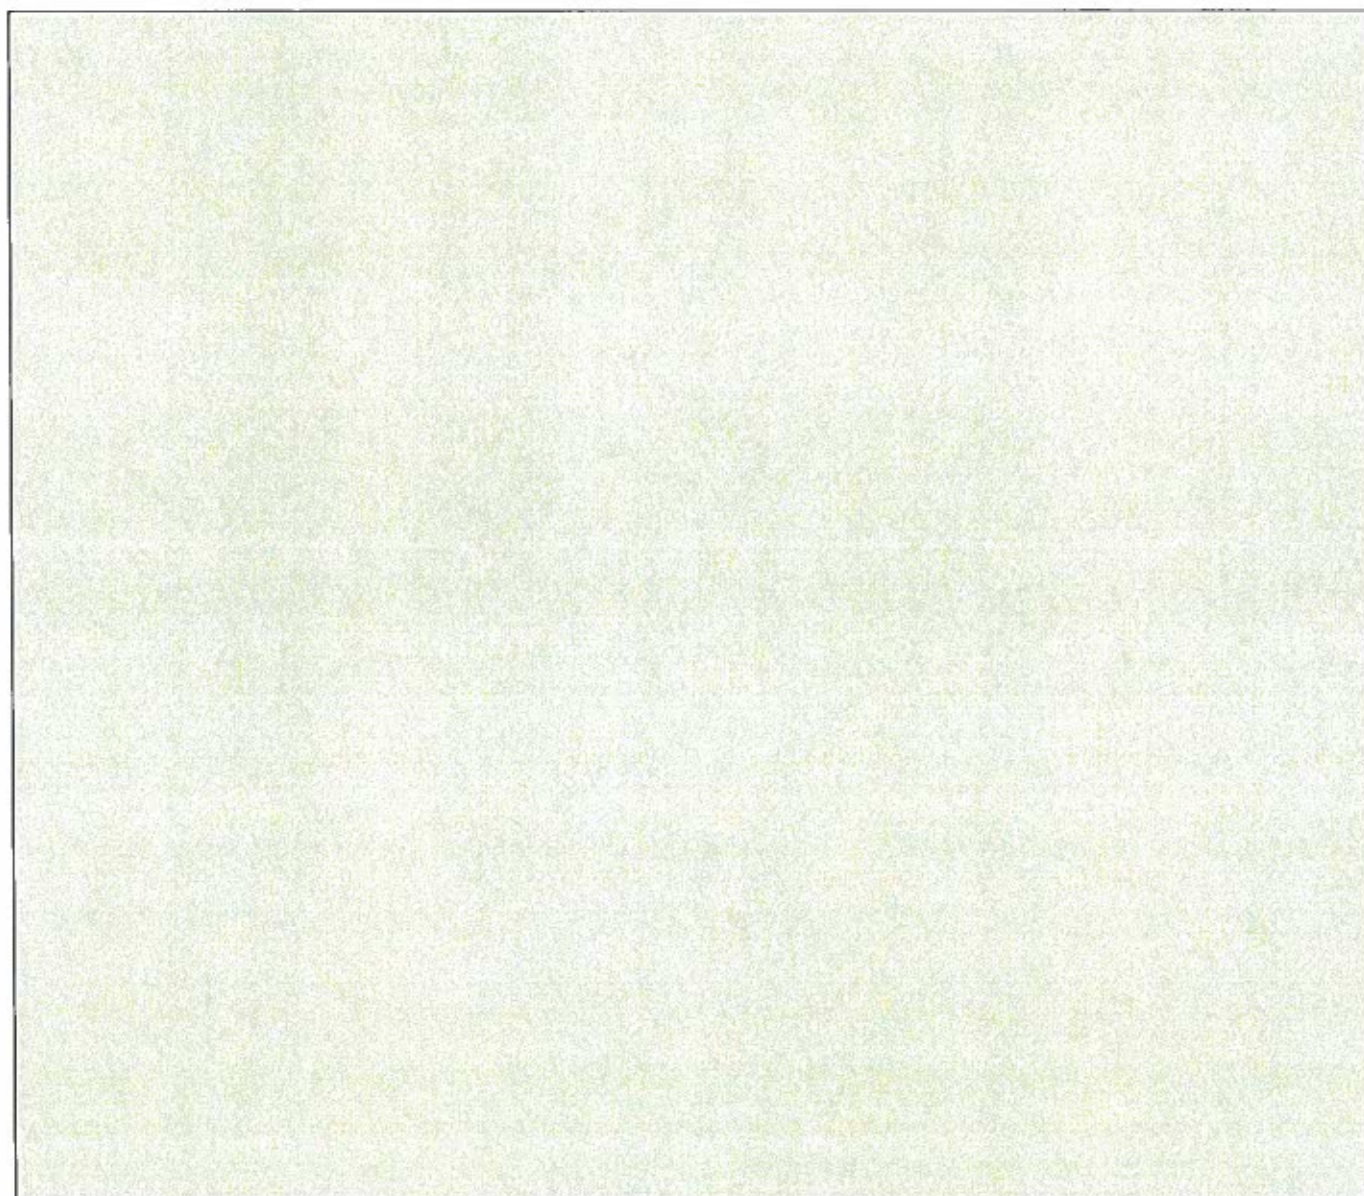

To ensure that our schools continue to grow, it is crucial that we demand:

- (1) Removal of the cap on the number of non-rights holders under the 2020 regulations governing admission to French first-language schools in the NWT. That imposed ceiling restricts admissions, so the government does not have to build new school infrastructure for Francophones. The Supreme Court of Canada will be ruling on the matter in 2023–2024, and the CSFTNO eagerly awaits the Court’s decision.
- (2) A complete school in Hay River, with, for example, a gymnasium, kitchen, classrooms for secondary students and space for a daycare.
- (3) Construction of a separate secondary school for Francophones in Yellowknife.

Annual Report - Executive Summary

The CSFTNO's Annual Report for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* that requires Northwest Territories (NWT) Education Bodies to report on their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The following table summarizes the successes and areas for improvement for the school year:

1. Administration and School Services

Administration and Schools Services reflects the overall operations of Education Bodies and Schools, including high level overviews of the Education Body's:

- A. Governance Structure;
- B. Functional Organizational Chart;
- C. School Profiles; and
- D. Policy Development.

A. Governance of Education Bodies

The following table details key aspects of the Education Body governance structure and processes at the regional level, such as elections membership terms, current membership:

The NWT *Education Act* sets out the powers and obligations of the minister, education bodies, education staff, students and parents. It also establishes provisions governing access, records, dispute resolution and appeal mechanisms, cultural diversity, language of instruction, governance and financial matters.

While the Department does not serve students directly, it has to ensure that they have equitable access to education programs and services. Pursuant to the Act, that obligation is incumbent on education bodies. They consist of elected and/or appointed persons who represent the interests of their communities in the planning and delivery of education programs for their schools.

The CSFTNO consists of six elected members, with three from Yellowknife and three from Hay River. The last election took place in October 2021. Trustees may stand for a second term. The CSFTNO has decided to keep three-year terms in place for both Yellowknife and Hay River. Each December, a new chairperson and vice-chairperson are elected, along with chairs of committees and their members.

The District Education Councils each have a chairperson who represents their region at the education leaders' forum with the minister. The heads of the education bodies do not just represent their regions and their communities. Their duties also include working collaboratively for the attainment of shared goals and priorities for the NWT education system.

The chairperson of the Board of Trustees liaises with the minister of education. The chairperson sees to the smooth operation of the Board. The chairperson also represents the Board and is its spokesperson.

There are six elected members, with three trustees from Yellowknife (Jean de Dieu Tuyishime, chairperson; Simon Cloutier and Fiona Aiston) and three from Hay River (Jessica King, vice-chairperson; Catherine Boulanger and Rachel Cook). The CSFTNO District Education Council meets monthly, except in July and August. Council meetings are held regularly throughout the school year.

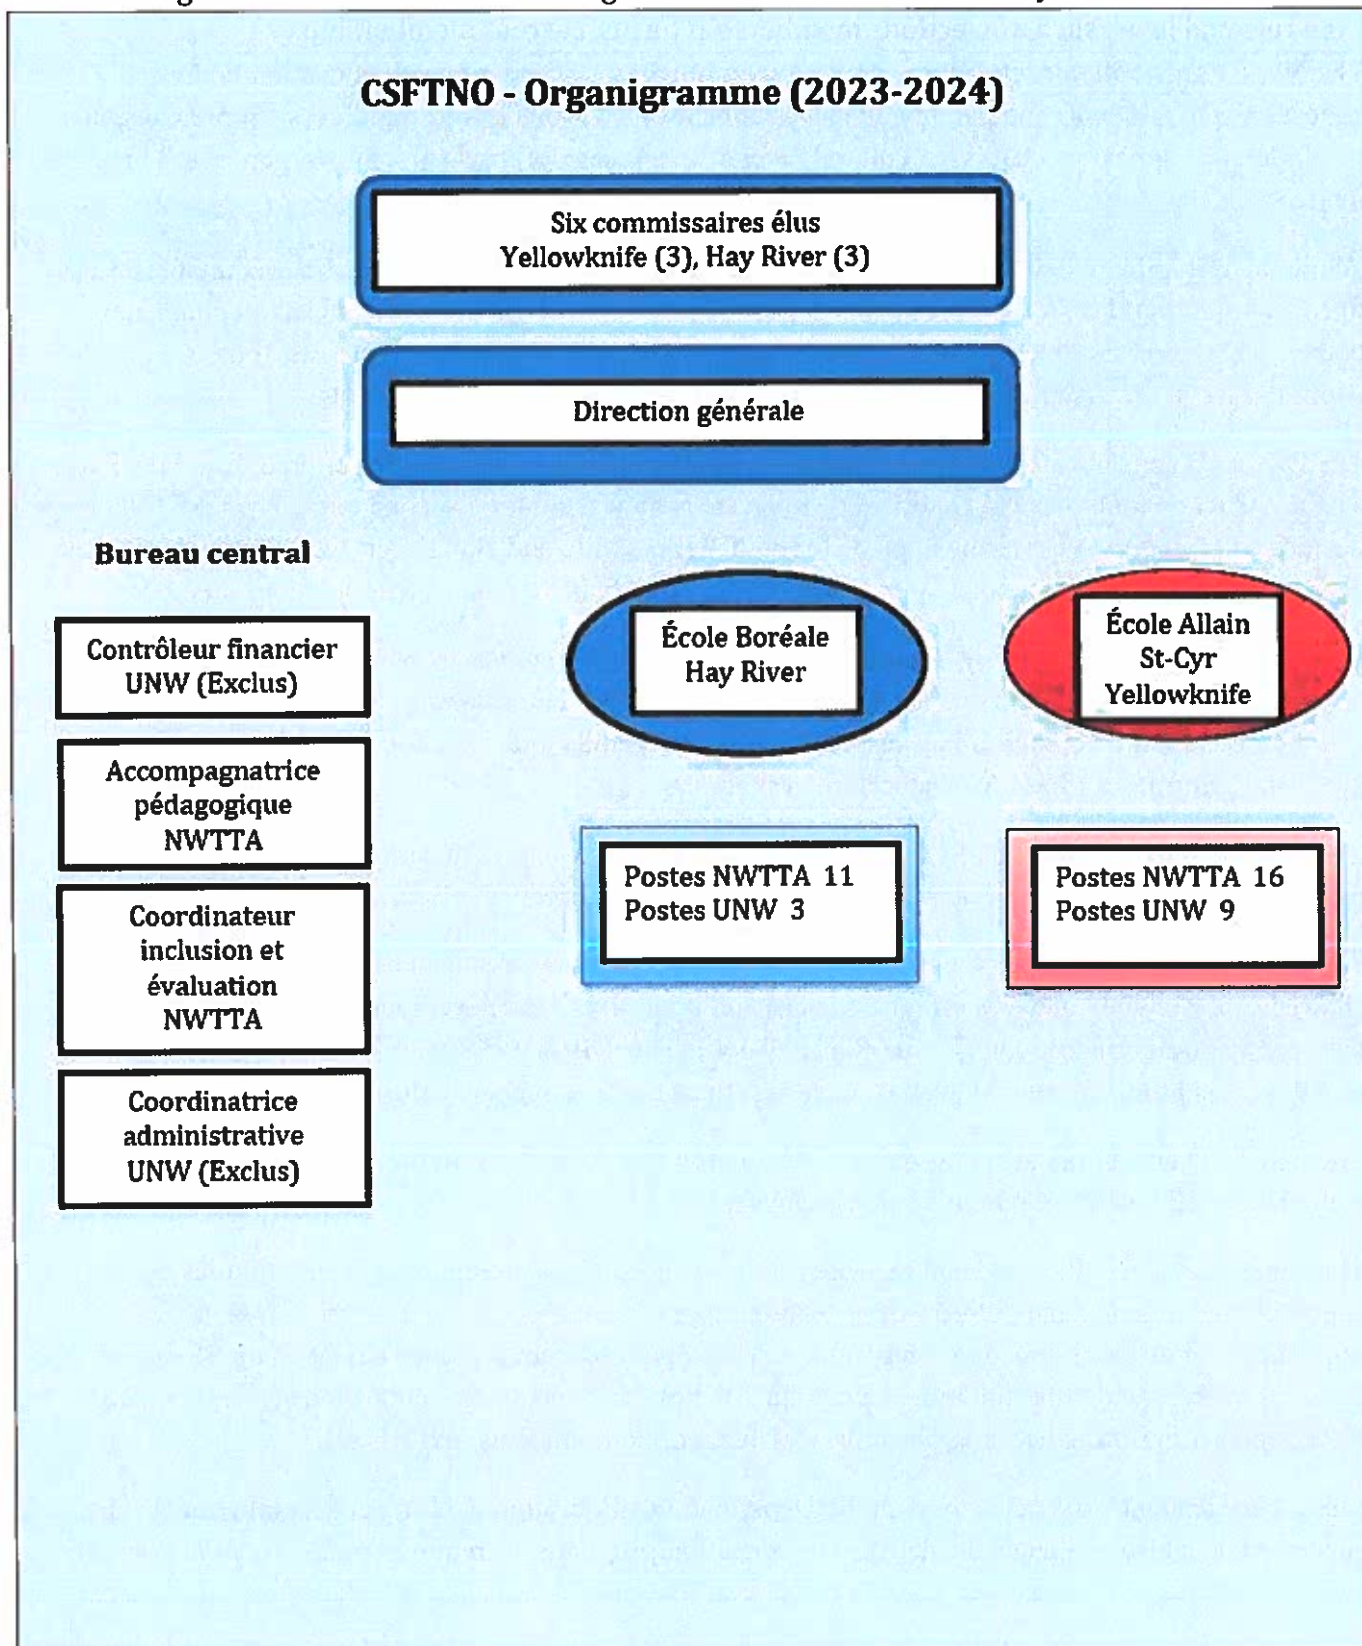

The CSFTNO also holds two, two-day retreats, one in the fall and one in the spring. The superintendent is the District Education Council's sole employee.

The superintendent is the head and manager of the system. The superintendent's chief duties are to supervise and organize the delivery of education programs, in accordance with the *Education Act*, regulations, ministerial directives and policies. The superintendent provides advice to the Board of Trustees in areas under the superintendent's jurisdiction, and encourages education stakeholders to work together in setting learning objectives for Francophone students in the NWT.

The superintendent works closely with the Department of Education, Culture and Employment. The superintendent also evaluates the delivery of education programs, as required under the *Education Act*.

B. Functional Organizational Chart

The following table details the functional organization of the Education Body:

C. School Profiles

The following table details the total number of schools in the District, the expected student head count for the upcoming school year and a summary of the education programming highlights offered by each school in the region, including the community the school is located in, the grades offered in the school, and any additional programming highlights for the school such as immersion programming, alternative education programming, class compositions (Multi-grade, split-grade or single graded classes) and/or other alternative learning modes (e.g. distance learning, Montessori).

D. Policy Development

Under section 96 of the Education Act, a District Education Authority (DEA) is required to:

- Conduct its business in accordance with regulations
- To make by-laws governing the procedure to be followed in transacting the business of the DEA
- Establish a code of conduct for its members

The same requirements apply for Divisional Education Councils under section 108 of the Act.

The Education Act Regulations further define and provide guidance for the policies and by-laws DEAs and DEC's are required to develop.

The following table lists the required and recommended policies and by-laws for education bodies. Please indicate in the appropriate section the effective date for each policy and by-law for each education body in your region. If a policy or by-law is not applicable, indicate "NA". Where a policy or by-law does not exist, place an "X" in the relevant box.

2. Territorial Schools

Territorial Schools reflects the programs and professional development activities that directly support excellence in teaching and student academic achievement specific to the NWT Education Act, Ministerial Directives, or School Funding Framework including:

- A. Education Body Strategic Planning;
- B. School Improvement Planning & School Reviews;
- C. Staff Evaluations;
- D. Regional Training and In-Service;
- E. Literacy Coordinators;
- F. Healthy Food for Learning;
- G. Second Language Education;
- H. Student Success Initiative; and
- I. Northern Distance Learning

A. Education Body Strategic Planning

NWT Education Bodies develop regional priorities and goals based on the needs of their students and schools. The priorities and goals developed for the upcoming school year should align with the following five shared priorities agreed to by Education Leaders and the Department of ECE:

1. Student achievement in Literacy and Numeracy
2. Language and Culture
3. Student & Educator Wellness
4. Personalized and Inclusive Education
5. Key Competencies

The following tables detail regional priorities, goals, and connections to the shared priorities, including regional performance indicators and targets set for the upcoming school year related to Education Body strategic planning, along with the achieved results, the explanation for any difference between targets and results, noted areas of strength and areas for development.

<p>Regional priorities and goals.</p>	<p>Student achievement in Literacy and Numeracy Literacy – AATs will not be written in 2023-2024 and will eventually be replaced during the transition to the adapted B.C. curricula. CSFTNO will continue to use its present non standardized assessments as well as Diploma Exams to measure student achievement.</p> <p>Language and Culture Francophone language and culture will be at the forefront; however, we will integrate the local Indigenous languages using a schoolwide approach to learning.</p> <p>Student and educator wellness Our focus will be on student wellness as we plan to hire a school counsellor to better meet the needs of individual students, small groups, class groups and the whole school. Educator wellness activities will be integrated though out the school year.</p> <p>Personalized and Inclusive Education Each student will be assessed, and an education programme will be personalized and inclusive. CSFTNO has a well-developed inclusive education program.</p> <p>Key Competencies Our Student Exit Profile reflects competencies that are like Michael Fullan’s core competencies. They are also a reflection of the NWT Key Competencies. In the transition to B.C. curricula, the Department of Education will determine how to meld the two. Once done, we will apply the decisions taken.</p>

B. School Improvement Planning & School Reviews

As per the *NWT School Improvement and Reporting Directive*, school improvement planning responds to student and community needs, addresses policy requirements, accommodates departmental directives, and engages all school staff.

In addition, Annual School Reviews should focus on standards of learning outcomes - academic and non-academic - and require schools to present the analysis and evaluations of learning outcomes to their Superintendent of Education.

The following tables detail regional priorities and goals for the upcoming school year related to School Improvement Planning and School Reviews, along with noted areas of strength and areas for development.

<p>Regional approach to School Improvement Planning and School Reviews, and relevance to regional and shared priorities, for the school year.</p>	<p>Each school prepares an annual school improvement plan that identifies three areas for development. For the 2023–2024 academic year, we will be focussing on literacy, numeracy and well-being (developing students’ sense of belonging). The superintendent intends to visit each school four times to review and assess the areas identified by the school.</p>

C. Staff Evaluations

All education staff is required to undergo evaluations as per Ministerial directives, including the *Promotion of Professional Growth for Teachers in Northwest Territories Schools* (2004) and *Direction on Principal Growth and Evaluation in the Northwest Territories* (2012).

The following tables detail the region’s approach to completing staff evaluations for the upcoming school year related to staff evaluations, along with noted areas of strength and areas for development.

D. Regional Training and In-Service

Education Bodies are responsible for training and in-service activities for staff at the regional and school level, which can occur throughout the year, and may include 2.5 administrative days per year and time allotted for the Strengthening Teachers’ Instructional Practices (STIP). (This does not include any professional development activities related to Article 16 of the Collective Agreement.)

The following tables detail the region’s training and in-service plan, the relevance of the plan to regional and shared priorities, along with noted areas of strength and areas for development.

<p>Regional approach to the completion of Training and In-Service.</p> <p>Please include relevance to regional and shared priorities, for the upcoming school year.</p>	<p>The CSFTNO has two priorities: the mandate of French first-language minority schools and the role of educators, and the implementation of the modified British Columbia curricula.</p>

E. Literacy Coordinators

Literacy coordinators collaborate with teachers to develop effective instructional approaches in literacy and/or numeracy throughout all grades and subjects. They provide professional development for teachers and model effective routines, practices, and protocols, while developing a regional literacy action plan and supporting school administrators and teacher to develop and use instructional practices, resources, and assessments associated with the plan.

The following table details the total number of allocated, budgeted and actual Literacy Coordinators in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

** As per the School Funding Framework, funding provided equates to 0.50 or 0.25 of a school consultant position, with the expectation that the other half be funded by the Education Body, otherwise not allocated.*

F. Healthy Food for Learning

The Healthy Foods for Learning Program is supported by the Anti-Poverty Strategic Framework and aims to increase the capacity of schools to provide healthy meals and/or snacks to students.

The following tables detail the regional approach taken for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to the Healthy Foods for Learning program for the upcoming school year.</p>	<p>École Boréale and École Allain St-Cyr</p> <p>The Healthy Foods for Learning program enables us to purchase healthy snacks, breakfasts, and lunches (e.g., fruit, vegetables, yogurt, cheese, granola bars, cereal, milk). In so doing, we make it easier for our students to learn on a full stomach.</p> <p>We also purchase items for cooking workshops (e.g., for health classes). We believe that our students will make better food choices if they are taught basic cooking techniques.</p>

H. Student Success Initiative

The Student Success Initiative (SSI) aims to improve student learning and outcomes. SSI proposals are provided to the Department and the Northwest Territories Teachers' Association (NWTTA) for approvals in May of the previous school year (as per the SSI Handbook).

The following tables detail the SSI Project proposal summary including regional performance indicators and targets (**please include in the table below**), along with the achieved results, the explanation for any difference between targets and results, a summary of implementation, noted areas of strength and areas for development. 3. Inclusive Schooling

The *Ministerial Directive on Inclusive Schooling* (2016) is supported annually by conditional funding that is allocated to Education Bodies for programs, processes, and personnel that meet expectations and standards identified in the *Guidelines for Inclusive Schooling* (2016), to effectively support classroom teachers and improve student success. Inclusive Schooling funding allows education bodies to provide support systems and services to enable all students to be included as full participants in regular, age-appropriate classes within their home communities.

A. Regional Inclusive Schooling Coordinators

Regional Inclusive Schooling Coordinators (RISCs) provide administrative and programming leadership at the regional level to Inclusive Schooling based staff and to the overall school team and environment to support classroom teachers in meeting the needs of students.

The following table details the total number of allocated, budgeted and actual RISCs in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

B. Program Support Teachers

Program Support Teachers (PSTs) provide direct collaborative support to classroom teachers as they develop instructional strategies to meet the needs of students.

The following table details the number of allocated, budgeted and actual PSTs in place to provide direct collaborative support to schools, and the explanation for any variance between each.

If PST duties have been split between more than one staff member, please provide details (how is the position split, and the reason for doing so).

Boréale	1.00	1.00				
Allain St-Cyr	1.53	1.50	Split caused by division of our minutes of instruction			
TOTAL	2.53	2.50				

C. Support Assistants

Support Assistants are individuals working in the school to support classroom teachers in meeting the instructional and personal needs of students.

The following table details the number of allocated, budgeted and actual Support Assistants in place to support classroom teachers in meeting the instructional and personal needs of students, and the explanation for any variance between each.

Please ensure that Support Assistants funded through Jordan’s Principle and Children’s First Initiative are included in the Actual (PY) column, and accounted for in the Explanation for Difference Column, where applicable.

D. Inclusive Schooling - Staff Development

Specific funding is provided for education staff to provide or receive professional development directly related to supporting student and inclusive education in the classroom and school in general.

The following table details the total amount of allocated, budgeted and actual funding spent on inclusive schooling professional development, and the explanation for any variance.

E. Assistive Technology

Assistive technology (AT) is any item, piece of equipment, or product system, whether acquired commercially off-the-shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of a child with a disability.

The following table details the amount of allocated, budgeted and actual funding spent on Assistive Technology per school, and the explanation for any variance between each.

Allocated (\$)	Actual (\$)	Actual Assistive Technology Purchased	User Group Type (# of classrooms / individual student/ etc.)	Total (\$)	Explanation for Difference (if applicable)

F. Healing and Counselling

Healing and Counselling refer to strategies and supports designed to address behavioural, social, emotional, and healing issues, including those related to the legacy of residential schooling.

The following table details the amount of allocated, and funding spent on Healing and Counselling throughout the region.

Allocated (\$)	Actual (\$)	Purpose (materials, positions, contracts, etc.)	User Group Type (# of classrooms / individual student/ etc.)	Total (\$)	Explanation for Difference (if applicable)
\$35,882					

G. Alignment of Student Supports

In order to support all students within the Common Learning Environment as per 9.1c in the *Ministerial Directive on Inclusive Schooling (2016)*, it is critical that student supports are aligned. Student Support Plans (SSPs) and Individual Education Plans (IEPs) can be reviewed and changed at any time, but must be reviewed at least once every reporting period (3-4 times per year).

The following tables detail the region’s approach to ensure that student supports aligned to the goals stated in their SSPs and/or IEPs for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that student supports are aligned to the goals stated in SSPs and IEPs.</p>	<p>The CSFTNO’s schools consist of cohorts that are fairly static. That is an advantage for us when it comes to tailoring supports and monitoring accommodations.</p> <p>We continue to use processes that ensure that supports provided to our students are aligned with the objectives set out in support plans and IEPs. PSTs have a duty to review these plans at the end of the year and to prepare them in time for the new school year in September.</p> <p>When the new school year begins, the teachers receive the plans that were used the previous year. These plans contain important information about strategies that worked well with students in prior years. The teachers then have a month or more to get to know their students. During that time, the teachers are asked to use the plans as working documents. They may add, delete or suggest new strategies/accommodations that they feel should be added to the plans. Once that has been done, the PSTs meet with the teachers one by one and review the plans together. We are proud of our plans—living documents to which the entire school community contributes.</p> <p>We will also be continuing our collaboration with the speech therapist for speech development purposes. Furthermore, we will be looking at how we can continue our partnership with Laurentian University’s speech therapy division, with second-year students in the master’s program doing their internships at our schools. These partnerships make it much easier for us to identify specific accommodations for special-needs students.</p>

H. Flexible Instructional Strategies

Instructional strategies are techniques that teachers use to help students become independent, strategic learners. Principals are required to support teachers and support assistants in the use of flexible instructional strategies, such as scheduling allocation of resources, or leading staff development.

The following table details the region’s approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies.</p>	<p>The principals of our two schools and the RISC assist teachers and support assistants in scheduling time for professional development concerning the use of flexible instructional strategies. I. School-based Support Team

The School-based Support Team (SBST) operates under the leadership of the principal to assist classroom teachers with developing and implementing instructional and/or management strategies, SSPs or IEPs, and to coordinate support resources for students. The team also develops strategies to support classroom teachers in meeting students’ needs and to reduce barriers to students’ success in learning; solve specific problems; address systemic issues as well as those that are teacher or student specific; and maintain documentation, as per the reporting requirements. SBSTs are encouraged to meet regularly (typically weekly), and to keep written records of their meetings.

The following tables detail the region’s approach to ensure that the SBST, under the leadership of the principal with co-leadership by PST(s), is involved to support teachers to meet the needs of all of their students for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that the SBST is in place in each school and is operating effectively as per the directive.</p>	<ul style="list-style-type: none"> • The RISC provides training to PSTs at 30-minute meetings in August and September. • The RISC sets the dates and attends initial meetings with the PSTs. • Meeting notes are saved to a file on Google Drive, which is shared with the RISC. <p>SBST meetings are discussed at each PST/RISC gathering.</p>

J. Review of SSPs and IEPs

SSPs and IEPs should be discussed with parents and guardians. However, as per the *NWT Education Act*, IEPs additionally require the explicit consent of the student’s parent or guardian, typically recognized by a signature on the IEP.

The following tables detail the region’s approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required.</p>	<p>The plans are created prior to the resumption of school in August, based on the material from the previous year. In September, the PSTs meet with the teachers individually to review the plans for each class. Teachers have a duty to follow the CSFTNO’s policy on support plans and IEPs, which set out specific dates and procedures.</p> <p>In October, the plans are sent to the parents together with a letter asking them to contact the teacher or PST if they feel that changes are needed.</p>

K. PST Activities

In carrying out their role, the PST will focus on activities and functions that directly support classroom teachers to meet the needs of their students. The Inclusive Schooling Directive provides guidance for this by setting out PST priority time-use targets:

- a minimum of 60% of the PST’s time should be devoted to ***teacher support activities***
- no more than 25% of the PST’s time should be spend working ***directly with students*** (commonly Tier 3 students –those with more complex needs)
- maximum of 15% of the time used for ***other*** functions

The following table details the region’s approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets.</p>	<p>We hold face-to-face meetings with PSTs at the beginning of the year to discuss time use. 4. Indigenous Languages and Education

As set out in the Education Act, the NWT education system recognizes the relationship between languages, culture and learning, and that school programs must be based on the cultures of the NWT.

The *Northwest Territories Junior Kindergarten – Grade 12 Indigenous Languages and Education Policy (ILE Policy)* is in place to support the Department of ECE and education bodies in welcoming all students within learning environments that centre, respect, and promote Indigenous worldviews, cultures, and languages of the community in which the school is located.

The *ILE Policy* is supported annually by conditional funding that is allocated to education bodies to provide quality Indigenous language instruction and relevant culture-based school programs for students as part of the education program for the education district. The funding provided to education bodies for Indigenous languages and education must be for the sole purpose of supporting students and teaching in accordance with the *ILE Policy*.

A. Regional Indigenous Language and Education Coordinators

The Regional Indigenous Language and Education (RILE) Coordinator provides a centralized leadership role in coordinating Indigenous language instruction and Indigenous education programs and activities in the region.

B. Indigenous Language and Education Teams

NWT schools are expected to create an ILE team to set personalized school goals identified in a School Based ILE Plan. The goals created in a school’s ILE Plan should be focused on the 9 action areas outlined in the ILE Handbook. Each year, schools are asked to revisit their ILE Action Plans and revise as needed to ensure growth of Indigenous language and education in their schools.

The following table details the composition of ILE teams and their planned meeting frequency including an explanation if the team was not in place or active during the year.

C. Indigenous Education

Indigenous Education funding supports the operation and maintenance of Indigenous education programs and activities in NWT schools. All NWT schools are expected to welcome all students within learning environments that centre, respect, and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located. This includes:

- Schools must actively implement *Dene Kede* and/or *Inuuqatigiit* to bring forward, in all instruction, the Indigenous worldviews, cultures, and languages of the community in which the school is located by:
 - Allocating resources to support JK-12 educators in actively implementing *Dene Kede* and/or *Inuuqatigiit*.

- Schools should welcome all students within learning environments that centre, respect and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located, through building the school-community relationship, offering educator training and employing a whole school approach to Indigenous language use by:
 - Allocating resources to help build the school-community relationship, including **mandatory Elders in Schools programming**: *Please note that Elders in School Programming no longer exists as a separate program and the financial support has been absorbed into Indigenous Education funding*;
 - Allocating resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**; and,
 - Allocating resources to employ a whole school approach to Indigenous language use.

- Schools should work toward Indigenizing teaching and learning practices, Indigenizing the content of curricula and programming, and providing opportunities for all JK-12 students to engage in authentic and relevant key cultural experiences throughout the school year by:
 - Allocating resources to support educators to ensure their teaching and learning practices are holistic, spiral, experiential and relational;
 - Allocating resources to support educators in Indigenizing the content of curricula and programming to ensure it reflects the Indigenous worldviews, cultures, and languages of the community in which the school is located; and,
 - Allocating resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

Indigenous Education funding includes the hiring of Elders and community resource people and providing appropriate teacher training to ensure the *ILE Policy* is implemented.

The following table details the total amount of allocated, budgeted, and actual funding spent on Indigenous Education to create welcoming environments and Indigenizing education in each school, and the explanation for any variance.

School Name	Allocated (\$)	Budgeted (\$)	Explanation for difference (if applicable)	Actual (\$)	Explanation for difference (if applicable)	3 rd Party Funding (\$) / Source (If applicable)
<i>Example: ILESHS</i>	<i>\$40,000</i>	<i>\$30,000</i>	<i>\$10,000 will be used for sub costs/travel to support language professional development for ILIs</i>	<i>\$30,000</i>	<i>N/A</i>	<i>N/A</i>
Boréale	\$26,500	\$26,500				
Allain St-Cyr	\$30,600	\$30,600				
TOTAL	\$57,100	\$57,100				

The following table details whether **schools** choose to allocate or find additional funding for an Elder and/or Cultural Support Worker that works at the school on a **consistent schedule** either from ILE funds or 3rd party funding.

School	Elder in School (Y/N)	Cultural Support Worker (Y/N)	How are these positions funded?	If no to either of these positions, why not?
<i>Example: ILESHS</i>	No	Yes	<i>Jordan's Principle</i>	<i>Elders are hired on short term basis using ILE Funding</i>
Boréale	No	No		We do not hire any regularly scheduled workers. However, we do hire local Elders to engage our students in a variety of authentic cultural activities.
Allain St-Cyr	No	Yes		To promote the Dene language, we have considered looking for a resource who could help us once a week with Dene language learning and signage.

D. Strengthening Training for Northern Educators

Strengthening training for Northern educators in Indigenous language and education is essential in order to provide educators with the background and context from which they can learn more about the community in which they live and work. This provides the foundation for educators to contribute to the ongoing development of positive relationships with students, parents, and the community at large.

Education bodies must allocate resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**.

The following table details school-based and/or regional approaches to **local** cultural orientation days.

School	Key Cultural Experiences	% of Staff Participation	% of Actual Participation	Explanation for Difference (if applicable)
<i>Example: ILESHS</i>	<i>Trail Break</i>	<i>100</i>	<i>90</i>	<i>Program Support Teacher and Vice Principal had mandatory Territorial wide training with a division of ECE</i>
Boréale	November 1, 2023: staff orientation regarding Dene Kede and Inuuqatigiit with ECE experts + traditional meal. May 17, 2024: On-the-Land Day with elders from KFN and/or West Point First Nation and/or Métis Association).	100%		
Allain St-Cyr	August 25: ECE-led We will be reviewing the School Indigenous Action Plan. Staff members will have to identify a personal objective to work on during the year.	100%		

	<p>September 14: The school-based team will be going to the museum to take part in an activity organized by the facility. This will enable new and returning teachers to familiarize themselves with the museum’s offerings, for the benefit of their students.</p> <p>October 12: The school-based team will be taking part in an On-the-Land Day with the Bushkids team (version for adults), with a view to training as many staff members as possible so they can continue to explore Indigenous learning approaches with our students throughout the year.</p>			
--	---	--	--	--

All school staff play a role in supporting language reclamation and language revitalization efforts. **Employing a whole school approach to Indigenous language use** bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

E. Offering Key Cultural Experiences

Key Cultural Experiences are the backbone to education in an Indigenous context. Students learn best by doing. Key cultural experiences are authentic and relevant activities, which provide learning experiences that reflect, validate, and promote the worldviews, culture and languages of the Indigenous peoples of the NWT. Education bodies must allocate resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

The following table details the **land-based** key cultural experiences using funding from the community support or Indigenous education categories.

Please highlight two wise practices of land-based key cultural experiences from each school in the region.

School	Name of Land Based Key Cultural Experience <i>(list two wise practices from each school)</i>	# of Participants	# of Cultural Resources Experts / Elders Hired	Was an Indigenous language used? <i>(Y/N)</i>	Duration of Experience <i>(Days / hours / frequency)</i>
<i>Example: ILESHS</i>	<i>Fish Camp</i>	<i>60 students (Northern Studies 10, and two grade 7 classes)</i>	<i>5</i>	<i>Yes</i>	<i>1 class a day over 3 days</i>
	<i>Muskrat Camp</i>	<i>60 (grade 7, 8 and 9)</i>	<i>6</i>	<i>Yes</i>	<i>1 class a day over 3 days</i>

F. Employing a Whole School Approach to Language Use

All school staff play a role in supporting language reclamation and language revitalization efforts. Employing a **'whole school approach to language use'** bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

The following tables detail initiatives that employ the whole school approach to language use.

School	Type of School-Based Staff Initiatives in Place to Promote a Whole School Approach to Language Use.	Type of Community Events Hosted by the School that Promote, Use, and Celebrate Indigenous Languages.
<i>Example: ILESHS</i>	<ul style="list-style-type: none"> • <i>ILES team planned monthly phrases for staff to practice and replace the English version with.</i> • <i>A language speaker attended the staff meetings at the beginning of each month and helped staff learn the phrases.</i> • <i>Reinforced learning with the use of audio clips for practice</i> 	<ul style="list-style-type: none"> • <i>Hosted community Christmas feast which included drumming, prayer, and songs in the language</i> • <i>Community-school graduation celebration in June.</i>
Boréale		
Allain St-Cyr		

G. Community Support

Community support funding is offered to support Indigenous language revitalization by supporting the hiring of cultural resource experts for short term projects, the purchase/renting of on-the-land equipment and supplies, and/or the provision of Indigenous language and education professional development within communities.

The following table details the **regional** amount of allocated and actual funding spent on community support, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference <i>(if applicable)</i>	Actual (\$)	Explanation for Difference <i>(if applicable)</i>
28,341	28,341			

H. Resource Development for OLC and ILE Handbook

The Resource Development funding provides support for the continued development and implementation of the *Our Languages* curriculum (OLC) and the *Indigenous Language and Education (ILE) Handbook*. Schools that provide Indigenous language instruction must offer dedicated time for Indigenous language instruction within the regular education program and actively implement the *Our Languages* curriculum by:

- Allocating resources to support core Indigenous language instruction;
- Allocating resources to develop resources for the *Our Languages* curriculum;
- Allocating resources to support community connections related to Indigenous language instruction; and,
- Allocating resources to support Indigenous language instruction through an immersion approach, where and when possible.

Resource Development funding is to be used only for:

- a) Training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation;
- b) Developing resources for the implementation of *OLC* and *ILE Handbook* in schools; and
- c) Technology needs that support *OLC* and *ILE Handbook* implementation.

Note: Please ensure copies of any new resources produced are submitted to ECE-ILES.

The following table details the **regional** funding allocated, budgeted, actual expenditures for resources development, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference (if applicable)	Actual (\$)	Explanation for Difference (if applicable)
23,119	23,119			

The following table details the **regional** and **school** training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation.

School and # of ILIs participating	OLC or ILE Handbook	Specific Focus (ex: assessment)	Training Provider (ex: RILE, ECE, Contractor)	Dates and Location
Example: ILESHS -2 ILIs and PST	OLC	Assessment	RILE and private contractor	September 12-14, Yellowknife

The following table details the **regional resources created** for the implementation of *OLC* and *ILE Handbook* in schools.

Resource Type (ex: books, signage, digital, visuals, translations)	Title of Resource (if texts)	# of Copies Produced	Language Produced In
<i>Example: Wordless book</i>	<i>Rebecca and the Trickster Raven</i>	<i>30</i>	<i>Dene Zhatie</i>

The following table details **regional purchases made to support technological** needs that support *OLC* and *ILE* implementation

Type of technology purchased	# of Items Purchased	How the Purchased Technology Supports <i>OLC</i> and <i>ILE Handbook</i> Implementation
<i>Example: iPads</i>	<i>5</i>	<i>5 iPads were placed in the Indigenous language classroom and fully loaded with all apps, games and electronic books that support Indigenous language instruction.</i>

Operating Plan - Executive Summary

The Dettah District Education Authority's Operating Plan for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* (FAA) that requires Northwest Territories (NWT) Education Bodies to plan for their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The Operating Plan outline consists of several sections corresponding to various accountability areas, all of which have been completed in accordance with the Dettah District Education Authority's priorities for the upcoming school year.

The following table summarizes the planned goals and targets for the upcoming school year:

As we anticipate continuing to support students and families who were deeply impacted by the COVID 19 Global Pandemic, we have chosen to continue to focus our goals and priorities on connecting with families and the community as well as building student stamina and academic skills.

Regional Goals and Priorities with Alignment to Departmental Goals and Priorities

Early Childhood Education & Family Support

- Continuation to seek Speech Language and Occupational Therapy services
- Continuation of advocacy to Public Health for well-baby/child catch up visits and immunization clinics to be held at the school, in conjunction with HPV immunization clinics

Academic Achievement

- Continued focus on supporting families to understand the importance of regular, on-time attendance at school
- Support students as they transition to competency-based learning via the BC Curriculum
- Increased opportunities for teachers to work in collaborative teams to plan and design units of study
- Continued focus on encouraging parents and community members to read with babies and children at home
- Continued focus on literacy instruction across the curriculum

Staff Wellness and Retention

- Ensure staff have access to EFAP and Starling Minds information and are reminded about access regularly throughout the year

- Continue to provide contracted on-site counselling with trained professional critical incident debrief counsellors
- Provide staff with access to experiences and services to support their physical and mental health
- Inclusion of staff wellness on the school Mental Health Framework

Indigenous Languages and Education

Indigenous Language Revitalization

- Continuation of the development of “Frostbite Wiiliideh Word of the Day Films”
- Continuation of the development of a “Whole School Approach” to learning Wiiliideh
- Continuation of the development of take-home resources in the Wiiliideh language

Indigenizing Education

- Continuation of localizing the internal school building with natural and cultural elements
- Increase of Wiiliideh signage throughout the building
- Grow the Indigenous literature content in the school and classroom libraries
- Continuation of lobbying YKDFN for permission to locate a school Smoke House and “backyard” culture camp on school property
- Continuation of lobbying YKDFN for permission to locate a permanent storage sea can in the community to transform the current school storage room into an Indigenous Language and Culture classroom

Inclusive Schooling & Student Behaviour Support

- Whole Child and Wrap Around Support Services
- Continuation of the “Drugstore Cupboard” to support student and family wellness, hygiene, sexual health and safety supplies, such as Naloxone
- Continuation of supporting families before, during, and after medical appointments; including providing childcare and appointment reminders as possible
- Continuation of a 100% cost-free educational experience; eliminating financial barriers
- Speech Language Development
- Seek a private Speech Consultant to better support our in-school interventions (if accessible)
- Begin training staff in different aspects of the Hanen speech programs (A goal from 2020-2021 that did not occur due to staffing challenges and school interruptions due to COVID-19, and then in 2022-2023 due to being understaffed)

Mental Health and Healthy Relationship Focus

- ASIST /MHFA Training for any staff not already certified

- Creation of a school Mental Health Framework and plan to move forward in supporting student, family, and staff mental health
- Continuation of advocacy for a school-based, in-person, full-time counsellor
- Seek contracted, trauma-informed, and culturally responsive supports for violent and destructive student behaviour to both help support students working through these behaviours, as well as students who have their learning and safety impacted by these behaviours
- Continuation of work with families to help access services through the medical system to support students and families with challenging and violent behaviours

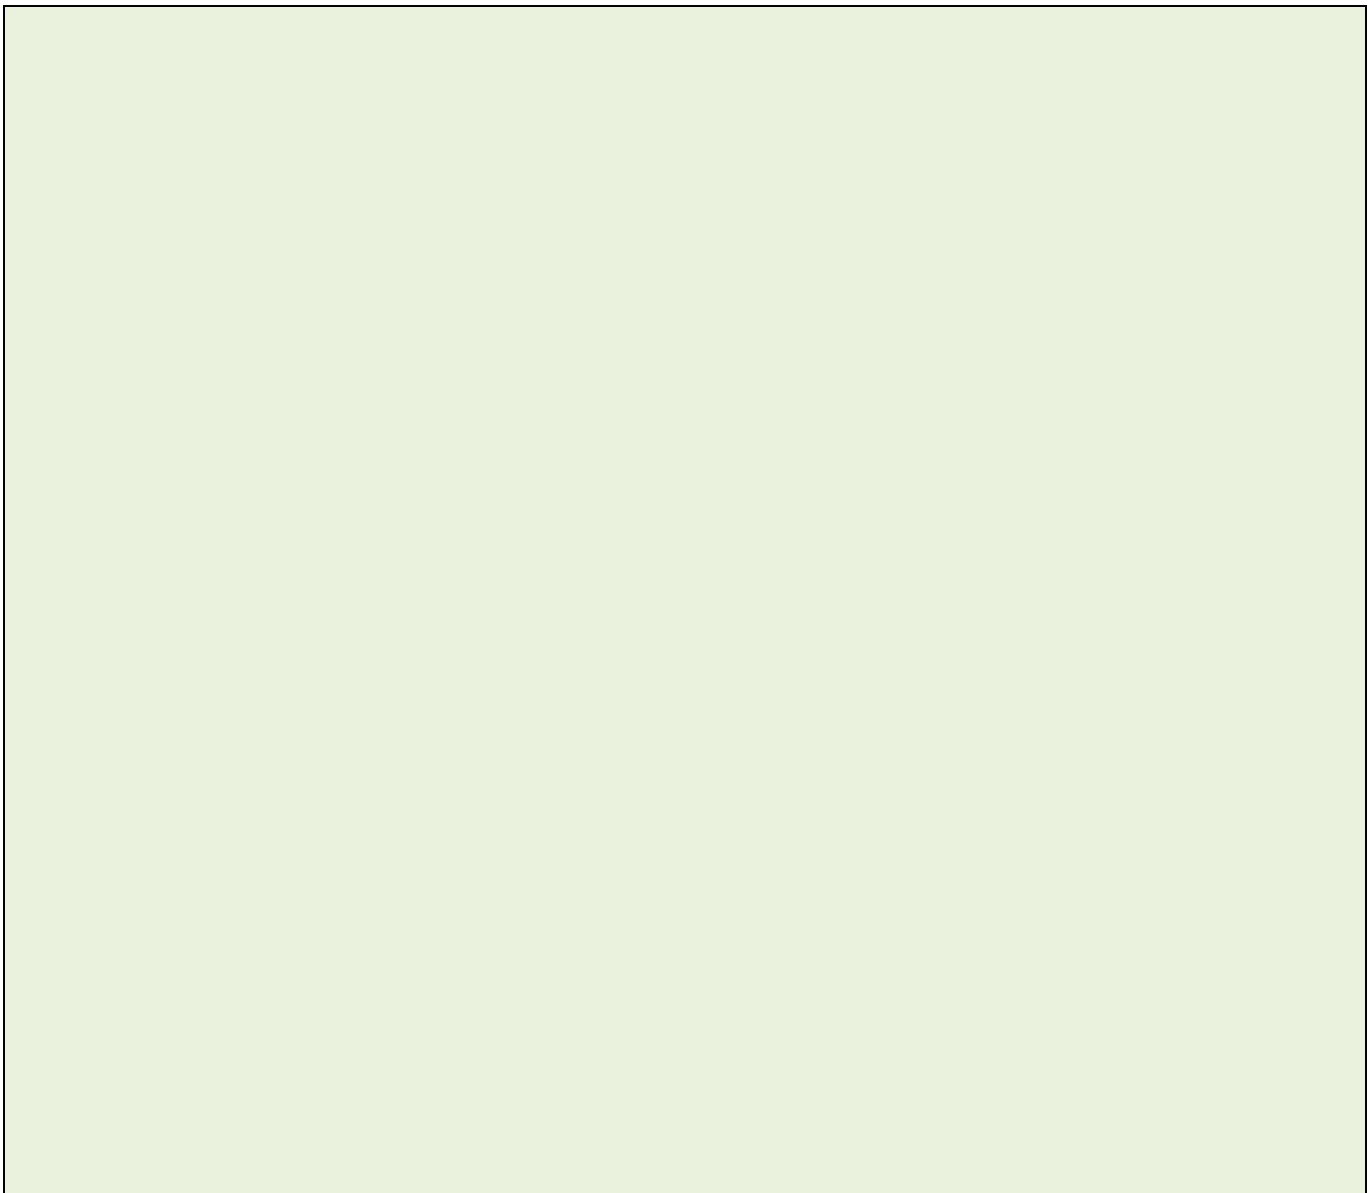

Competency Based Education

- Work with YK1 and NDEA leadership teams to provide a professional, collaborative team experience to support the transition to the BC Curriculum and related assessments for students

Annual Report - Executive Summary

The Dettah District Education Authority's Annual Report for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* that requires Northwest Territories (NWT) Education Bodies to report on their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The following table summarizes the successes and areas for improvement for the school year:

1. Administration and School Services

Administration and Schools Services reflects the overall operations of Education Bodies and Schools, including high level overviews of the Education Body's:

- A. Governance Structure;
- B. Functional Organizational Chart;
- C. School Profiles; and
- D. Policy Development.

A. Governance of Education Bodies

The following table details key aspects of the Education Body governance structure and processes at the regional level, such as elections membership terms, current membership:

The Dettah District Education Authority began contracting superintendency services from Yellowknife Education District Number One under the Education Act of the government of the Northwest Territories in 2003; prior to that date, the Dettah District Education Authority (DDEA) was serviced by the Dogrib Divisional Education Council beginning in 1968.

The main objective of the DDEA is to work carefully with school team members and parents & guardians or primary caregivers to ensure high quality educational opportunities are offered in the community from junior kindergarten to grade eight+, and that students attending grades 9-12 in Yellowknife also have their educational needs met.

For several years, the DDEA has supported the school team to continue to develop a small high school program for students in grade nine to twelve, supporting students who choose not to go to yellowknife, who have left school early, or did not earn credits. This program focuses on personal and academic goals. For the program to further develop, we will continue to explore options to support the need for further mental health and addictions support services on site.

The Dettah District Education Authority is primarily responsible for Kaw Tay Whee School, the community school of Dettah. Enrolment at the school has varied from year to year, with 2015 being the highest enrolment in 15 years at 37.0 FTE students by the funding deadline.

Enrolment at the school varies based on families physically moving in and out of Dettah, and this can present challenges for the school budget, as it can have a large impact on the funding from year to year as the funding formula is based largely on enrolment. Additionally, challenges faced due to housing challenges and before and after school care, and currently enrolled student behaviour have been identified as challenges for school enrollment.

Current DDEA Members (Elected in 2022)

Jessica Deleary -	Member
(Anne) Marie Hardisty-	Member
Charlene Liske-	Vice Chairperson
Alfred Liske-	Member
Rebecca Plotner –	Chairperson
James Sanderson –	Member
Vanessa Sangris–	Member

Support for the DDEA Includes:

Lea Lamoureux – Principal, Regional Inclusive Schooling Coordinator (RISC) & Regional Indigenous Languages in Education Coordinator (RILE) of Kaw Tay Whee School

Neil Penney- Program Support Teacher (PST) of Kaw Tay Whee School

Sally Ann Drygeese – School Support/Wiilideh Language Teacher

The DDEA contracts services from YK1, including the services of the Superintendent, Jameel Aziz.

The DDEA typically meets 6-10 times each year, with occasional extra meetings should an identified and specific need arise; for example an unexpected issue with staffing, funding, or a serious event in the school or community requiring action or assistance on the part of the members. The DEA may also meet for Education Authority training or development at times.

In addition to meeting as a whole, the Dettah District Education Authority has two main committees, comprised of the hiring committee and the finance committee. Each committee has two members, and the chairperson may attend committee meetings at her discretion.

A core value of the Dettah District Education Authority is collaboration and partnership with the school administration and team. The committees meet on an as-needed basis, and conduct business in collaboration with school management/administration.

The member terms are as laid out in the Local Elections Authorities Act, and the DEA employs one person. All other staff are employed by Yellowknife Education District Number One. DEA members are required to be of legal voting age, and to live in Dettah for a period of one year prior to running for a position. Members follow a three-year term, and are able to run as many times as they would like; provided that they meet the criteria mentioned above. Members are required to attend all meetings; and if not able to attend must call with regrets.

The DEA is very unique in that it does not employ maintenance staff, or HR personnel. Therefore, the principal's role also includes overseeing an annual external audit, all DEA business and its general organization, management and growth.

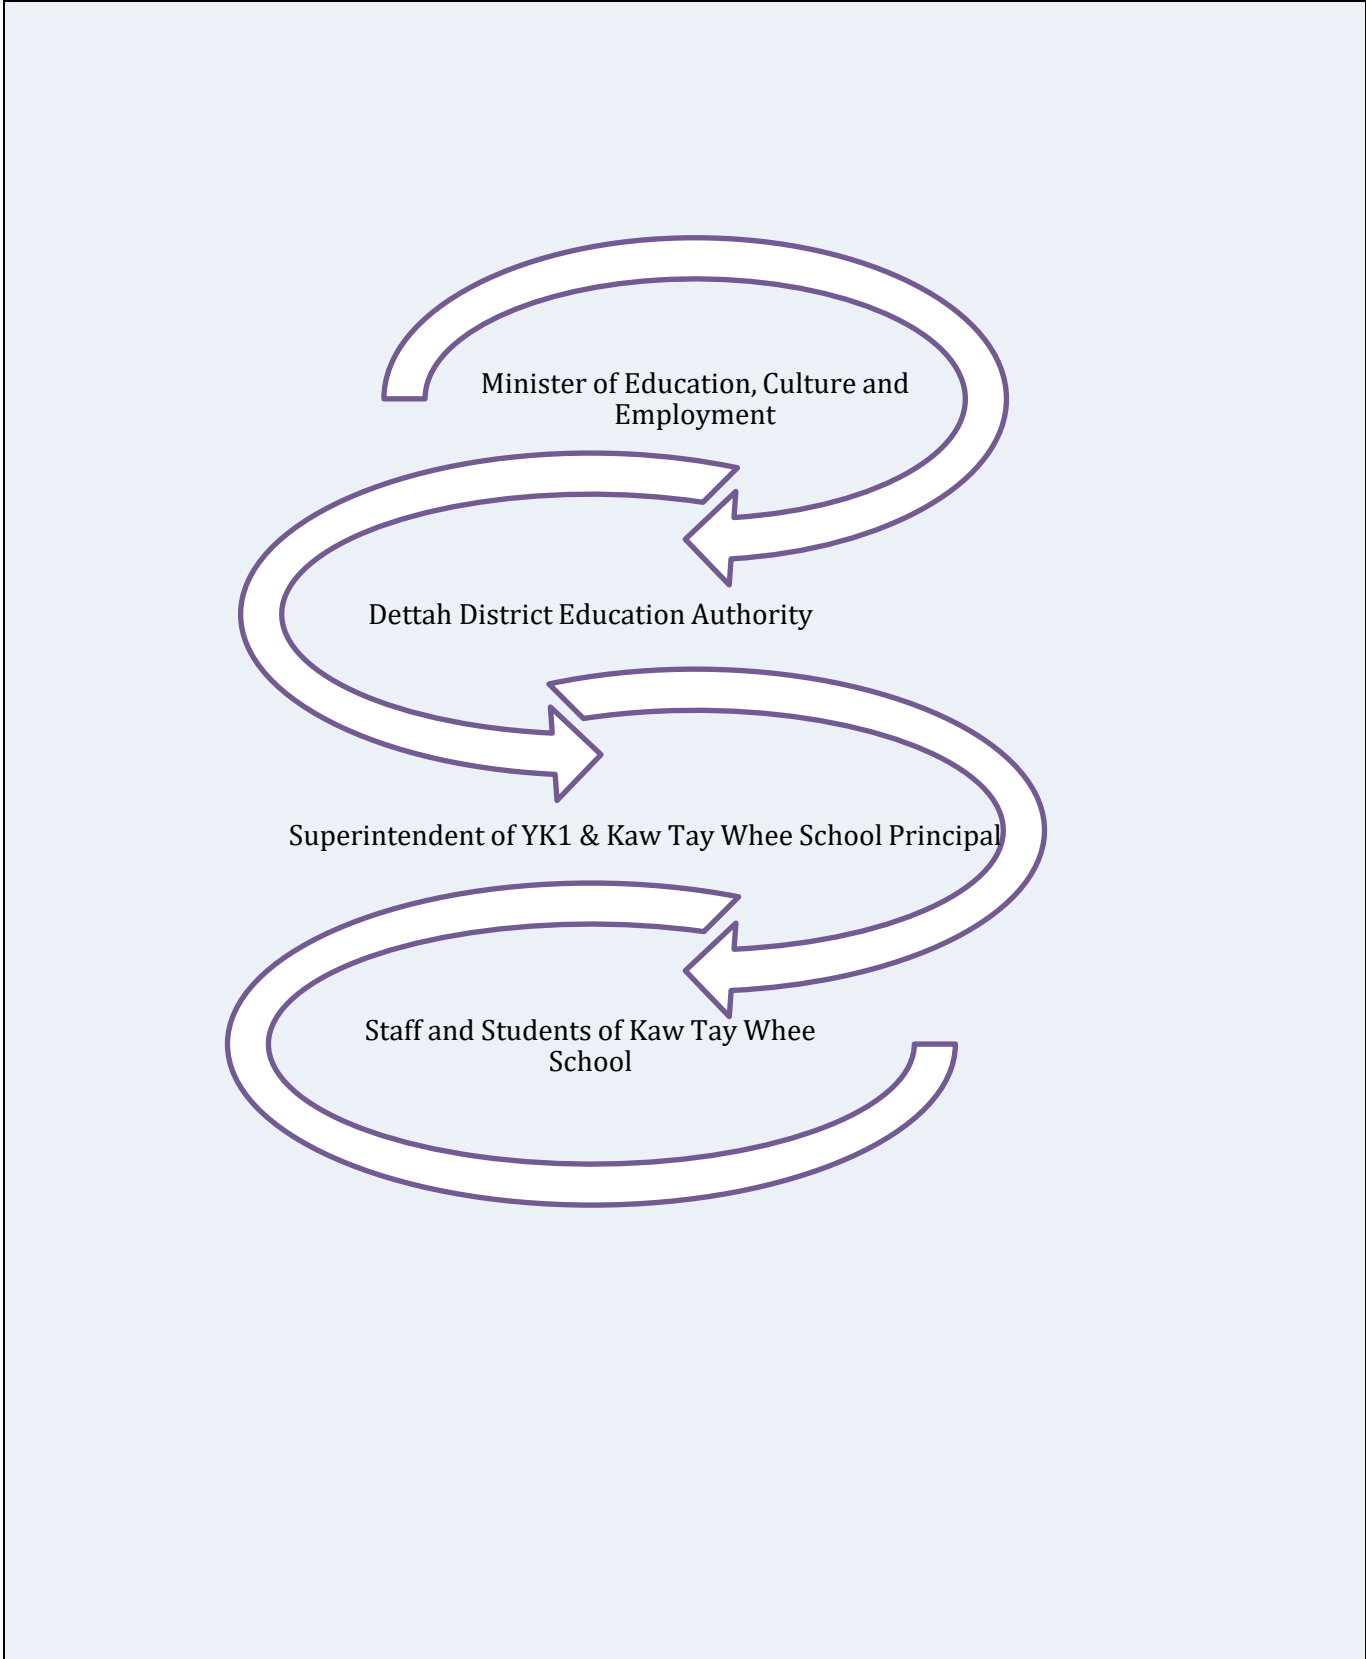

As the DEA is site-based-managed for funding, much of this day-to-day responsibility also belongs to the principal; in consultation with the DEA. The building is owned by the Government of the Northwest Territories therefore requiring frequent interactions with other levels of government, contractors, etc. is a part of this role as well. The principal also takes day-to-day responsibility for the bus contract, and acts as a liaison with visiting professional and contractors. In the 2023-2024, the DDEA plans to employ a 50% Comptroller.

As the DEA contracts only superintendency services from YK1, in many cases, the principal is responsible for direct correspondence on behalf of the DDEA; frequently completing reports and documents required by DECs. Examples include the Accountability Framework/Operating Plan,

the annual report, all budgets and financial reporting, the annual Audit, the Safe Schools Plan, and is also responsible for ATIIP requests. This is important to note; as the principal also has teaching responsibilities and is responsible for completing tasks that are undertaken by entire district offices in other parts of the territory.

B. Functional Organizational Chart

The following table details the functional organization of the Education Body:

C. School Profiles

The following table details the total number of schools in the District, the expected student head count for the upcoming school year and a summary of the education programming highlights offered by each school in the region, including the community the school is located in, the grades offered in the school, and any additional programming highlights for the school such as immersion programming, alternative education programming, class compositions (Multi-grade, split-grade or single graded classes) and/or other alternative learning modes (e.g. distance learning, Montessori).

Total Number of Schools in District	1	Total Anticipated Student Head Count	30
--	----------	---	-----------

School Name	Community	Grades Offered	Programming Highlights
Kaw Tay Whee	Dettah	JK-12	Multi age classrooms, daily Wiiliideh Language instruction, extensive outdoor education, arts, technology and inquiry-based programming.

D. Policy Development

Under section 96 of the Education Act, a District Education Authority (DEA) is required to:

- Conduct its business in accordance with regulations
- To make by-laws governing the procedure to be followed in transacting the business of the DEA
- Establish a code of conduct for its members

The same requirements apply for Divisional Education Councils under section 108 of the Act.

The Education Act Regulations further define and provide guidance for the policies and by-laws DEAs and DECs are required to develop.

The following table lists the required and recommended policies and by-laws for education bodies. Please indicate in the appropriate section the effective date for each policy and by-law for each education body in your region. If a policy or by-law is not applicable, indicate “NA”. Where a policy or by-law does not exist, place an “X” in the relevant box.

2. Territorial Schools

Territorial Schools reflects the programs and professional development activities that directly support excellence in teaching and student academic achievement specific to the NWT Education Act, Ministerial Directives, or School Funding Framework including:

- A. Education Body Strategic Planning;
- B. School Improvement Planning & School Reviews;
- C. Staff Evaluations;
- D. Regional Training and In-Service;

- E. Literacy Coordinators;
- F. Healthy Food for Learning;
- G. Second Language Education;
- H. Student Success Initiative; and
- I. Northern Distance Learning

A. Education Body Strategic Planning

NWT Education Bodies develop regional priorities and goals based on the needs of their students and schools. The priorities and goals developed for the upcoming school year should align with the following five shared priorities agreed to by Education Leaders and the Department of ECE:

1. Student achievement in Literacy and Numeracy
2. Language and Culture
3. Student & Educator Wellness
4. Personalized and Inclusive Education
5. Key Competencies

The following tables detail regional priorities, goals, and connections to the shared priorities, including regional performance indicators and targets set for the upcoming school year related to Education Body strategic planning, along with the achieved results, the explanation for any difference between targets and results, noted areas of strength and areas for development.

B. School Improvement Planning & School Reviews

As per the *NWT School Improvement and Reporting Directive*, school improvement planning responds to student and community needs, addresses policy requirements, accommodates departmental directives, and engages all school staff.

In addition, Annual School Reviews should focus on standards of learning outcomes - academic and non-academic - and require schools to present the analysis and evaluations of learning outcomes to their Superintendent of Education.

The following tables detail regional priorities and goals for the upcoming school year related to School Improvement Planning and School Reviews, along with noted areas of strength and areas for development.

D. Regional Training and In-Service

Education Bodies are responsible for training and in-service activities for staff at the regional and school level, which can occur throughout the year, and may include 2.5 administrative days per year and time allotted for the Strengthening Teachers’ Instructional Practices (STIP). (This does not include any professional development activities related to Article 16 of the Collective Agreement.)

The following tables detail the region’s training and in-service plan, the relevance of the plan to regional and shared priorities, along with noted areas of strength and areas for development.

E. Literacy Coordinators

Literacy coordinators collaborate with teachers to develop effective instructional approaches in literacy and/or numeracy throughout all grades and subjects. They provide professional development for teachers and model effective routines, practices, and protocols, while developing a regional literacy action plan and supporting school administrators and teacher to develop and use instructional practices, resources, and assessments associated with the plan.

The following table details the total number of allocated, budgeted and actual Literacy Coordinators in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

F. Healthy Food for Learning

The Healthy Foods for Learning Program is supported by the Anti-Poverty Strategic Framework and aims to increase the capacity of schools to provide healthy meals and/or snacks to students.

The following tables detail the regional approach taken for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to the Healthy Foods for Learning program for the upcoming school year.</p>	<p>Our universal, cost-free daily breakfast, snack, and hot lunch program is supported by teachers and education staff on their own time; including shopping for items, and often preparing food at home. This is important to our school as ensuring universal cost-free reliable access to fresh, nutritious and balanced food is critical to student wellness and learning.</p> <p>The school also offers food packs for weekends, long weekends and school holidays for some students, as well as grocery cards.</p> <p>Our food program is accessed by most students, for multiple meals each day, without hesitation or stigma.</p> <p>If more traditional foods were regularly available, the school team would excitedly include them.</p> <p>Additional funding from the GNWT for food programming would be beneficial for our students, as it would alleviate the need to spend time writing proposals and reports for outside funders. A per-pupil funding formula for this program does not indicate need or participation.</p> <p>The cost of food has risen dramatically in the past year.</p>

3. Inclusive Schooling

The *Ministerial Directive on Inclusive Schooling* (2016) is supported annually by conditional funding that is allocated to Education Bodies for programs, processes, and personnel that meet expectations and standards identified in the *Guidelines for Inclusive Schooling* (2016), to effectively support classroom teachers and improve student success. Inclusive Schooling funding allows education bodies to provide support systems and services to enable all students to be included as full participants in regular, age-appropriate classes within their home communities.

A. Regional Inclusive Schooling Coordinators

Regional Inclusive Schooling Coordinators (RISCs) provide administrative and programming leadership at the regional level to Inclusive Schooling based staff and to the overall school team and environment to support classroom teachers in meeting the needs of students.

The following table details the total number of allocated, budgeted and actual RISCs in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

E. Assistive Technology

Assistive technology (AT) is any item, piece of equipment, or product system, whether acquired commercially off-the-shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of a child with a disability.

The following table details the amount of allocated, budgeted and actual funding spent on Assistive Technology per school, and the explanation for any variance between each.

Allocated (\$)	Actual (\$)	Actual Assistive Technology Purchased	User Group Type (# of classrooms / individual student/ etc.)	Total (\$)	Explanation for Difference (if applicable)
\$14,327					

F. Healing and Counselling

Healing and Counselling refer to strategies and supports designed to address behavioural, social, emotional, and healing issues, including those related to the legacy of residential schooling.

The following table details the amount of allocated, and funding spent on Healing and Counselling throughout the region.

Allocated (\$)	Actual (\$)	Purpose (materials, positions, contracts, etc.)	User Group Type (# of classrooms / individual student/ etc.)	Total (\$)	Explanation for Difference (if applicable)
\$12,220					

G. Alignment of Student Supports

In order to support all students within the Common Learning Environment as per 9.1c in the *Ministerial Directive on Inclusive Schooling (2016)*, it is critical that student supports are aligned. Student Support Plans (SSPs) and Individual Education Plans (IEPs) can be reviewed and changed at any time, but must be reviewed at least once every reporting period (3-4 times per year).

The following tables detail the region’s approach to ensure that student supports aligned to the goals stated in their SSPs and/or IEPs for the upcoming school year, along with noted areas of strength and areas for development.

H. Flexible Instructional Strategies

Instructional strategies are techniques that teachers use to help students become independent, strategic learners. Principals are required to support teachers and support assistants in the use of flexible instructional strategies, such as scheduling allocation of resources, or leading staff development.

The following table details the region’s approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies.</p>	<p>Teachers will continue to spend STIP time and SBST time throughout the school year working to collaborate to build their skillset in the area of flexible instructional strategies.</p>

I. School-based Support Team

The School-based Support Team (SBST) operates under the leadership of the principal to assist classroom teachers with developing and implementing instructional and/or management strategies, SSPs or IEPs, and to coordinate support resources for students. The team also develops strategies to support classroom teachers in meeting students’ needs and to reduce barriers to students’ success in learning; solve specific problems; address systemic issues as well as those that are teacher or student specific; and maintain documentation, as per the reporting requirements. SBSTs are encouraged to meet regularly (typically weekly), and to keep written records of their meetings.

The following tables detail the region’s approach to ensure that the SBST, under the leadership of the principal with co-leadership by PST(s), is involved to support teachers to meet the needs of all of their students for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that the SBST is in place in each school and is operating effectively as per the directive.</p>	<p>The SBST will continue to meet several times on an as-needed basis each term, and will include attendance from the PST, classroom teacher, RISC/Principal.</p> <p>Many additional meetings include informal brainstorming sessions as makes sense in a very small school environment. The school team holds “daily de-brief” meetings after school to share, problem-solve, and celebrate.</p>

<p>Areas for Development for the region</p>	
<p>Additional Comments for the region.</p>	

J. Review of SSPs and IEPs

SSPs and IEPs should be discussed with parents and guardians. However, as per the *NWT Education Act*, IEPs additionally require the explicit consent of the student’s parent or guardian, typically recognized by a signature on the IEP.

The following tables detail the region’s approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required.</p>	<p>IEPs and SSPs are reviewed and updated (as needed) once each term; or more frequently as needed.</p> <p>COVID-19 restrictions have made true family collaboration very challenging, and we continue to feel the impact of this. These meetings are the most effective when completed in-person. We will continue to strive to make meetings meaningful and inclusive. Considering the impact of such a “closed campus” during the past three school years, this has continued to be slow and careful work.</p>

<p>Additional Comments for the region.</p>	

K. PST Activities

In carrying out their role, the PST will focus on activities and functions that directly support classroom teachers to meet the needs of their students. The Inclusive Schooling Directive provides guidance for this by setting out PST priority time-use targets:

- a minimum of 60% of the PST’s time should be devoted to ***teacher support activities***
- no more than 25% of the PST’s time should be spend working ***directly with students*** (commonly Tier 3 students –those with more complex needs)
- maximum of 15% of the time used for ***other*** functions

The following table details the region’s approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets.</p>	<p>The directive is used as a guide; the team strives to ensure that our school follows the 60:25:15 ration required from ECE. School operational requirements may impact this guide as necessary.</p>

4. Indigenous Languages and Education

As set out in the Education Act, the NWT education system recognizes the relationship between languages, culture and learning, and that school programs must be based on the cultures of the NWT.

The *Northwest Territories Junior Kindergarten – Grade 12 Indigenous Languages and Education Policy (ILE Policy)* is in place to support the Department of ECE and education bodies in welcoming all students within learning environments that centre, respect, and promote Indigenous worldviews, cultures, and languages of the community in which the school is located.

The *ILE Policy* is supported annually by conditional funding that is allocated to education bodies to provide quality Indigenous language instruction and relevant culture-based school programs for students as part of the education program for the education district. The funding provided to education bodies for Indigenous languages and education must be for the sole purpose of supporting students and teaching in accordance with the *ILE Policy*.

A. Regional Indigenous Language and Education Coordinators

The Regional Indigenous Language and Education (RILE) Coordinator provides a centralized leadership role in coordinating Indigenous language instruction and Indigenous education programs and activities in the region.

The following table details the total number of allocated, budgeted and actual RILE Coordinators in place to provide leadership at the regional level, and the explanation for any variance.

Allocated (PY)	Budgeted (PY)	Explanation for difference (if applicable)	Actual (PY)	Explanation for difference or any adjustments to PYs (if applicable)
0.50	.50			

B. Indigenous Language and Education Teams

NWT schools are expected to create an ILE team to set personalized school goals identified in a School Based ILE Plan. The goals created in a school’s ILE Plan should be focused on the 9 action areas outlined in the ILE Handbook. Each year, schools are asked to revisit their ILE Action Plans and revise as needed to ensure growth of Indigenous language and education in their schools.

The following table details the composition of ILE teams and their planned meeting frequency including an explanation if the team was not in place or active during the year.

Indigenous Language and Education Team			
School	ILE Team Composition <i>(Principal, PST, etc.)</i>	Meeting Frequency	Explanation if ILE Team was not in place or active <i>(if applicable)</i>
Kay Taw Whee	All school team members	Each term; though included in daily de-brief sessions and guide everything we do in the school	

C. Indigenous Language Instructors

Indigenous Language Instructors (ILIs) provide Indigenous languages instruction to JK-12 students in NWT schools through the delivery of the *Our Languages* curriculum.

The following table shows the breakdown of the budgeted, and actual ILI (PY funding) in place at each school, identifies whether the allocated PY is new or a returning ILI, and explanation for adjustments to PY.

Allocated (PY)	Budgeted (PY)	Explanation for difference (if applicable)	Actual (PY)	Explanation for difference or any adjustments to PYs (if applicable)
0.75	.75			

Note: Culture and language resource people and Elders are accounted for under the Indigenous Education (O&M) and Community Support categories.

Some Regions have indicated difficulty in filling ILI positions. The following table details the planning for maintaining ILI instruction in the Region, and for recruiting and retaining ILIs. As well as the opportunity to describe challenges or barriers related to Indigenous language instruction.

Accommodations made to maintain Indigenous language instruction in the region, if any?	Increase in wages
Plans to recruit and retain language teachers, if any?	Continued encouragement of new graduates from the community to consider learning their language and attending school to build their pedagogical skillset to return to the community to fill this role in future
The # of anticipated New ILIs and which schools they are in.	N/A
Challenges and/or barriers faced in the region	

D. Indigenous Education

Indigenous Education funding supports the operation and maintenance of Indigenous education programs and activities in NWT schools. All NWT schools are expected to welcome all students within learning environments that centre, respect, and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located. This includes:

- Schools must actively implement *Dene Kede* and/or *Inuuqatigiit* to bring forward, in all instruction, the Indigenous worldviews, cultures, and languages of the community in which the school is located by:
 - Allocating resources to support JK-12 educators in actively implementing *Dene Kede* and/or *Inuuqatigiit*.
- Schools should welcome all students within learning environments that centre, respect and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located, through building the school-community relationship, offering educator training and employing a whole school approach to Indigenous language use by:
 - Allocating resources to help build the school-community relationship, including **mandatory Elders in Schools programming**: *Please note that Elders in School Programming no longer exists as a separate program and the financial support has been absorbed into Indigenous Education funding*;
 - Allocating resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**; and,
 - Allocating resources to employ a whole school approach to Indigenous language use.
- Schools should work toward Indigenizing teaching and learning practices, Indigenizing the content of curricula and programming, and providing opportunities for all JK-12 students to engage in authentic and relevant key cultural experiences throughout the school year by:
 - Allocating resources to support educators to ensure their teaching and learning practices are holistic, spiral, experiential and relational;
 - Allocating resources to support educators in Indigenizing the content of curricula and programming to ensure it reflects the Indigenous worldviews, cultures, and languages of the community in which the school is located; and,
 - Allocating resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

Indigenous Education funding includes the hiring of Elders and community resource people and providing appropriate teacher training to ensure the *ILE Policy* is implemented.

The following table details the total amount of allocated, budgeted, and actual funding spent on Indigenous Education to create welcoming environments and Indigenizing education **in each school**, and the explanation for any variance.

Allocated <i>(\$)</i>	Budgeted <i>(\$)</i>	Explanation for difference <i>(if applicable)</i>	Actual <i>(\$)</i>	Explanation for difference <i>(if applicable)</i>	3rd Party Funding (\$) / Source <i>(If applicable)</i>
\$25,500	\$25,500				

The following table details whether **schools** choose to allocate or find additional funding for an Elder and/or Cultural Support Worker that works at the school on a **consistent schedule** either from ILE funds or 3rd party funding.

Elder in School <i>(Y/N)</i>	Cultural Support Worker <i>(Y/N)</i>	How are these positions funded?	If no to either of these positions, why not?
No	Yes	ILE funding	Elders are hired on short term basis using ILE funding

E. Strengthening Training for Northern Educators

Strengthening training for Northern educators in Indigenous language and education is essential in order to provide educators with the background and context from which they can learn more about the community in which they live and work. This provides the foundation for educators to contribute to the ongoing development of positive relationships with students, parents, and the community at large.

Education bodies must allocate resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**.

The following table details school-based and/or regional approaches to **local** cultural orientation days.

Key Cultural Experiences	% of Staff Participation	% of Actual Participation	Explanation for Difference <i>(if applicable)</i>
YKDFN History & Language Learning	100		
On the land key cultural seasonal experiences	100		

All school staff play a role in supporting language reclamation and language revitalization efforts. **Employing a whole school approach to Indigenous language use** bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

F. Offering Key Cultural Experiences

Key Cultural Experiences are the backbone to education in an Indigenous context. Students learn best by doing. Key cultural experiences are authentic and relevant activities, which provide learning experiences that reflect, validate, and promote the worldviews, culture and languages of the Indigenous peoples of the NWT. Education bodies must allocate resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

The following table details the **land-based** key cultural experiences using funding from the community support or Indigenous education categories.

Please highlight *two wise practices* of land-based key cultural experiences from each school in the region.

Name of Land Based Key Cultural Experience <i>(list two wise practices from each school)</i>	# of Participants	# of Cultural Resources Experts / Elders Hired	Was an Indigenous language used? <i>(Y/N)</i>	Duration of Experience <i>(Days / hours / frequency)</i>

The following table details the **school-based** key cultural experiences using funding from the community support or Indigenous education categories.

Please highlight *two wise practices* of school-based key cultural experiences from each school in the region.

Name of School- Based Key Cultural Experience <i>(list two per school)</i>	# of Participants	# of Cultural Resources Experts / Elders Hired	Was an Indigenous language used throughout? <i>(Y/N)</i>	Duration of Experience <i>(Days / hours / frequency)</i>

G. Employing a Whole School Approach to Language Use

All school staff play a role in supporting language reclamation and language revitalization efforts. Employing a ‘**whole school approach to language use**’ bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

The following tables detail initiatives that employ the whole school approach to language use.

Type of School-Based Staff Initiatives in Place to Promote a Whole School Approach to Language Use.	Type of Community Events Hosted by the School that Promote, Use, and Celebrate Indigenous Languages.
<ul style="list-style-type: none"> • <i>ILES team planned monthly phrases for staff to practice and replace the English version with.</i> • <i>A language speaker attended the staff meetings at the beginning of each month and helped staff learn the phrases.</i> • <i>Reinforced learning with the use of audio clips for practice</i> 	<ul style="list-style-type: none"> • <i>Hosted community Christmas feast which included drumming, prayer, and songs in the language</i> • <i>Community-school graduation celebration in June.</i>

H. Community Support

Community support funding is offered to support Indigenous language revitalization by supporting the hiring of cultural resource experts for short term projects, the purchase/renting of on-the-land equipment and supplies, and/or the provision of Indigenous language and education professional development within communities.

The following table details the **regional** amount of allocated and actual funding spent on community support, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference <i>(if applicable)</i>	Actual (\$)	Explanation for Difference <i>(if applicable)</i>
\$11,210	\$11,210			

I. Resource Development for OLC and ILE Handbook

The Resource Development funding provides support for the continued development and implementation of the *Our Languages* curriculum (OLC) and the *Indigenous Language and Education (ILE) Handbook*. Schools that provide Indigenous language instruction must offer dedicated time for Indigenous language instruction within the regular education program and actively implement the *Our Languages* curriculum by:

- Allocating resources to support core Indigenous language instruction;
- Allocating resources to develop resources for the *Our Languages* curriculum;
- Allocating resources to support community connections related to Indigenous language instruction; and,
- Allocating resources to support Indigenous language instruction through an immersion approach, where and when possible.

Resource Development funding is to be used only for:

- a) Training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation;
- b) Developing resources for the implementation of *OLC* and *ILE Handbook* in schools; and
- c) Technology needs that support *OLC* and *ILE Handbook* implementation.

Note: Please ensure copies of any new resources produced are submitted to ECE-ILES.

The following table details the **regional** funding allocated, budgeted, actual expenditures for resources development, and the explanation for any variance.

Allocated <i>(\$)</i>	Budgeted <i>(\$)</i>	Explanation for Difference <i>(if applicable)</i>	Actual <i>(\$)</i>	Explanation for Difference <i>(if applicable)</i>
\$32,115	\$32, 115			

The following table details the **regional** and **school** training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation.

<i>Example: ILESHS -2 ILIs and PST</i>	<i>OLC</i>	<i>Assessment</i>	<i>RILE and private contractor</i>	<i>September 12-14, Yellowknife</i>

The following table details the **regional resources created** for the implementation of *OLC* and *ILE Handbook* in schools.

Resource Type (ex: books, signage, digital, visuals, translations)	Title of Resource (if texts)	# of Copies Produced	Language Produced In
<i>Example: Wordless book</i>	<i>Rebecca and the Trickster Raven</i>	<i>30</i>	<i>Dene Zhatie</i>

The following table details **regional purchases made to support technological** needs that support OLC and ILE implementation.

Type of technology purchased	# of Items Purchased	How the Purchased Technology Supports <i>OLC</i> and <i>ILE Handbook</i> Implementation
<i>Example: iPads</i>	<i>5</i>	<i>5 iPads were placed in the Indigenous language classroom and fully loaded with all apps, games and electronic books that support Indigenous language instruction.</i>

Operating Plan - Executive Summary

The Dehcho Divisional Education Council's Operating Plan for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* (FAA) that requires Northwest Territories (NWT) Education Bodies to plan for their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The Operating Plan outline consists of several sections corresponding to various accountability areas, all of which have been completed in accordance with the Dehcho Divisional Education Council's priorities for the upcoming school year.

The following table summarizes the planned goals and targets for the upcoming school year:

the DDEC believes that education is a complex endeavor requiring a multifaceted approach that considers the whole child. We believe it is as important to focus on academics, with quantifiable objectives supported by a strong vision and action plan, as it is to target the mental wellness of our students. Mental wellness is not just district-wide Anti-Bullying strategies, but also about enrichment, empowerment, and giving each-and-every student an opportunity to shine.

The DDEC has initiated a strong Judo program, as well as the first annual NWT-wide spelling bee contest to build student confidence. These competitions will allow us to showcase student growth and success in the Voices of the North Newspaper.

We developed a pilot project (Compassion in Action) with the purpose to bolster our students' self-awareness of their place in the world. They fundraised to bring electricity, plumbing, and an additional classroom to an indigenous Mayan school. It gave them the opportunity to make a difference which will better prepare them to be the leaders of tomorrow.

LITERACY: We will support the following targets for the 2023-2024 school year with the hiring of a third Literacy Interventionist and a Literacy Support Assistant for the Regional High School.

- Gr. 1–9: 60% of students will **read** at grade level (excluding immersion program)
- Gr. 1–6: Students below by more than 2 years in reading will not exceed 20%
- Gr. 1-9: 40% of students will **write** at grade level (excluding immersion program)

Mental Wellness:

In the 2023/2024 school calendar year our focus as the wellness department is to promote trauma informed learning practices with the hiring of 3 community wellness workers. All initiatives and programming will be guided through consultation and collaboration with Indigenous Elders/Knowledge Keepers, to ensure they reflects respect and promote Indigenous culture and knowledge. We will further this work through six areas of intervention: Social Emotional Learning; Staff Wellness; Substance Abuse & Addictions Awareness Initiatives; Bullying Prevention Initiatives (Olweus); Extra-Curricular Programming (Performance Arts); Youth and Peer Mentoring Program.

Inclusive Schooling:

Building professional competency is critical in supporting staff to support students. This goal also involves ensuring that staff is competent in managing behaviours and navigating crisis situations to build confidence and reduce stress in working with students who exhibit risky behaviours such as anger, physical aggression, and running. Professional

development has been scheduled for the fall with principals, program support teachers, and support assistants all taking part in Supporting Individuals through Valued Attachment (SIVA) training.

Program Support Teachers (PST) and classroom teachers will require training as we transition to the B.C. competency-based IEP. These trainings will help to nurture effective student support plans (SSPs) and individual education plans (IEPs). Additional support plans such as behaviour and safety plans will also be formalized as needed.

School-based support team must meet weekly to review plans. We will provide professional development in the areas of collaborative communication and effective problem solving to address all identified obstacles. The DDEC will utilize a whole child approach across the five domains (biological, emotional, cognitive, social, and prosocial) while honouring Dene values and beliefs when reviewing programming needs for our students. This goal is contingent on building stronger relationships and trust with parents, guardians, and the communities we serve.

Support Assistants (SA) play a significant role in supporting student success, so it is essential that time be scheduled for participation in Regional Inclusive Schooling Coordinator (RISC) and PST coordinated professional development and training. Documentation around planning for SAs/SA observations is critical to ensure accountability and identify the need for more training or support.

As the year progresses new challenges and learning opportunities, therefore, professional development opportunities will be offered and suggested to support our students under the Inclusive Schooling Directive.

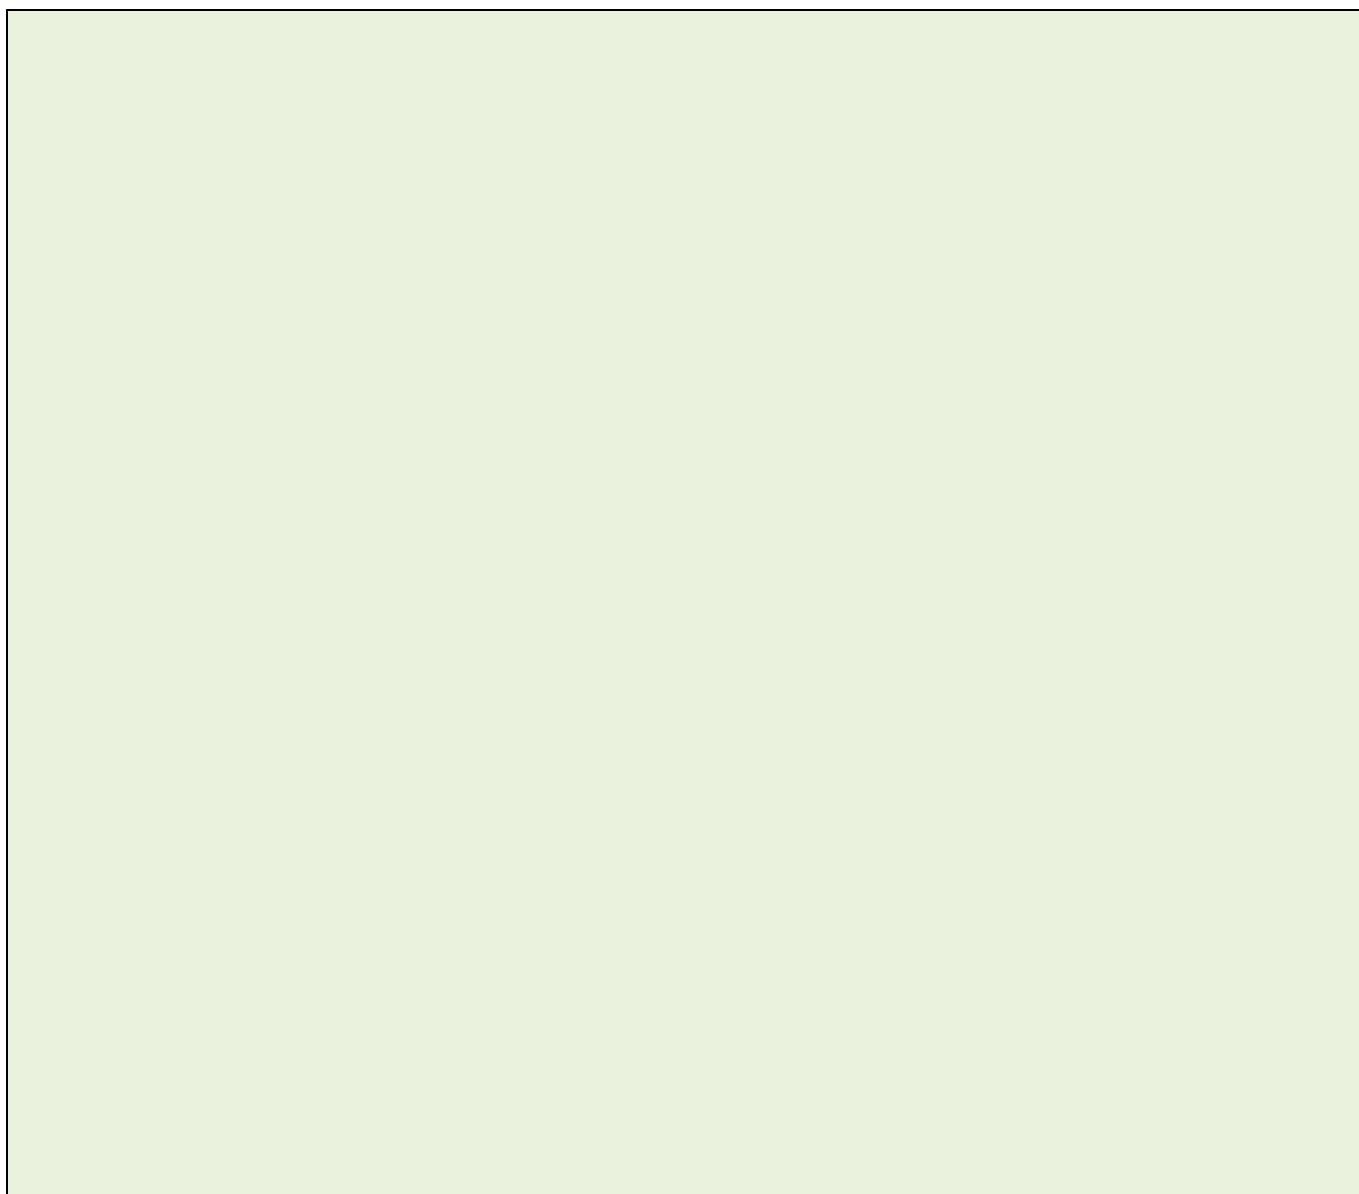

Indigenous Education:

To support indigenous education, the DDEC will be hiring elders, language experts, and knowledge keepers to assist in providing culturally relevant programs and activities within our schools. In addition, the DDEC will: Enhance community relationships with local First Nations and GNWT departments to promote a collaborative working group to foster the concept of *“It Takes a Whole Community to Raise a Child”*; Promote seasonal programming for students to experience culturally relevant Dene way of life on the land; Initiate Summer Leadership Camp; promote and facilitate cultural exchanges between schools; Create a Dehcho calendar with Chiefs/Elders/Heroes; establish, in each school, a *“Wall of Heroes”* to honor significant indigenous peoples; Conduct rites of passage initiations for our young indigenous men women; Welcome our elders/knowledge keepers into our schools and outside the school environment.

Annual Report - Executive Summary

The Dehcho Divisional Education Council's Annual Report for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* that requires Northwest Territories (NWT) Education Bodies to report on their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The following table summarizes the successes and areas for improvement for the school year:

1. Administration and School Services

Administration and Schools Services reflects the overall operations of Education Bodies and Schools, including high level overviews of the Education Body's:

- A. Governance Structure;
- B. Functional Organizational Chart;
- C. School Profiles; and
- D. Policy Development.

A. Governance of Education Bodies

The following table details key aspects of the Education Body governance structure and processes at the regional level, such as elections membership terms, current membership:

The Dehcho Divisional Education Council, (DDEC) (formerly known as the Dehcho Divisional Board of Education) was established by regulation on July 4, 1996. The Dehcho Division encompasses an area which includes the communities of Fort Liard (Echo Dene School), Fort Providence (Deh Gah Elementary and Secondary School), Fort Simpson (Liidlii Kue Elementary and Liidlii Kue Regional High School), Jean Marie River (Louie Norwegian

School), Kakisa Lake (Kakisa Lake School), Nahanni Butte (Charles Yohin School), Sambaa K’e (Formerly Trout Lake) (Charles Tetcho School), and Wrigley (Chief Julian Yendo School).

The Education Body’s purpose is to administer and manage the educational affairs of the Division in accordance with the Education Act and the Financial Administration Act of the Northwest Territories and the regulations of the Order establishing the Education Division. As such the DDEC prepares audited financial statements for the year ending June 30.

The DDEC is made up of seven trustees and a chairperson. Each District Education Authority (DEA) in the Dehcho region appoints one member to represent their community. The term for trustees is three years. Trustees may be reappointed for consecutive terms. From among those eight trustees, one is elected as Chairperson each year. The DDEC meets quarterly throughout the year. Terms for most of the current trustees end in October 2023 and 2024.

D. Policy Development

Under section 96 of the Education Act, a District Education Authority (DEA) is required to:

- Conduct its business in accordance with regulations
- To make by-laws governing the procedure to be followed in transacting the business of the DEA
- Establish a code of conduct for its members

The same requirements apply for Divisional Education Councils under section 108 of the Act.

The Education Act Regulations further define and provide guidance for the policies and by-laws DEAs and DECs are required to develop.

The following table lists the required and recommended policies and by-laws for education bodies. Please indicate in the appropriate section the effective date for each policy and by-law for each education body in your region. If a policy or by-law is not applicable, indicate “NA”. Where a policy or by-law does not exist, place an “X” in the relevant box.

2. Territorial Schools

Territorial Schools reflects the programs and professional development activities that directly support excellence in teaching and student academic achievement specific to the NWT Education Act, Ministerial Directives, or School Funding Framework including:

- A. Education Body Strategic Planning;
- B. School Improvement Planning & School Reviews;
- C. Staff Evaluations;
- D. Regional Training and In-Service;
- E. Literacy Coordinators;
- F. Healthy Food for Learning;
- G. Second Language Education;
- H. Student Success Initiative; and
- I. Northern Distance Learning

A. Education Body Strategic Planning

NWT Education Bodies develop regional priorities and goals based on the needs of their students and schools. The priorities and goals developed for the upcoming school year should align with the following five shared priorities agreed to by Education Leaders and the Department of ECE:

1. Student achievement in Literacy and Numeracy
2. Language and Culture
3. Student & Educator Wellness
4. Personalized and Inclusive Education
5. Key Competencies

The following tables detail regional priorities, goals, and connections to the shared priorities, including regional performance indicators and targets set for the upcoming school year related to Education Body strategic planning, along with the achieved results, the explanation for any difference between targets and results, noted areas of strength and areas for development.

Regional priorities and goals.	<p>Mental Wellness:</p> <p>Our priority for the 2023-2024 calendar year is to work with educators and school stakeholders in providing programming that is trauma informed and culturally responsive.</p> <p>We will provide opportunities for students to empower themselves through building/ strengthening the skills/strategies for self-regulation, compassion, empathy and resiliency.</p> <p>This will be achieved through the implementation of the Social Emotional Ethical Learning (SEE) framework, the Olweus Bullying Prevention Program and Substance Abuse and Addictions Initiative.</p> <p>We will continue to engage educators, students and parents/guardians using surveys and focus group interviews to identify needed tools and resources for ensuring their mental health and wellbeing. The results drawn from these will inform current gaps and areas of priority</p>

B. School Improvement Planning & School Reviews

As per the *NWT School Improvement and Reporting Directive*, school improvement planning responds to student and community needs, addresses policy requirements, accommodates departmental directives, and engages all school staff.

In addition, Annual School Reviews should focus on standards of learning outcomes - academic and non-academic - and require schools to present the analysis and evaluations of learning outcomes to their Superintendent of Education.

The following tables detail regional priorities and goals for the upcoming school year related to School Improvement Planning and School Reviews, along with noted areas of strength and areas for development.

C. Staff Evaluations

All education staff is required to undergo evaluations as per Ministerial directives, including the *Promotion of Professional Growth for Teachers in Northwest Territories Schools (2004)* and *Direction on Principal Growth and Evaluation in the Northwest Territories (2012)*.

The following tables detail the region’s approach to completing staff evaluations for the upcoming school year related to staff evaluations, along with noted areas of strength and areas for development.

Regional approach to the completion of Staff Evaluations .	We aim to evaluate, using the GNWT/ECE models, 100% of new staff and probationary staff every year. We also plan to evaluate all staff every 3-5 years. This is a collaborative process that is done with staff rather than to them. We provide ample support to staff throughout this process.

D. Regional Training and In-Service

Education Bodies are responsible for training and in-service activities for staff at the regional and school level, which can occur throughout the year, and may include 2.5 administrative days per year and time allotted for the Strengthening Teachers’ Instructional Practices (STIP). (This does not include any professional development activities related to Article 16 of the Collective Agreement.)

The following tables detail the region’s training and in-service plan, the relevance of the plan to regional and shared priorities, along with noted areas of strength and areas for development.

<p>Regional approach to the completion of Training and In-Service.</p> <p>Please include relevance to regional and shared priorities, for the upcoming school year.</p>	<p>To meet Divisional priorities as well as the transition to the BC curriculum we are providing:</p> <ul style="list-style-type: none"> • 2.5 administration days – Collaborative Response Model Training, ECE Curriculum Renewal, Inclusive Schooling, and Trauma Informed Practices • 3.5 common division STIP days towards training all staff in areas of priority – BC Curriculum Transition • 1.0 ECE in-service day specifically for BC curriculum transition

E. Literacy Coordinators

Literacy coordinators collaborate with teachers to develop effective instructional approaches in literacy and/or numeracy throughout all grades and subjects. They provide professional development for teachers and model effective routines, practices, and protocols, while developing a regional literacy action plan and supporting school administrators and teacher to develop and use instructional practices, resources, and assessments associated with the plan.

The following table details the total number of allocated, budgeted and actual Literacy Coordinators in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

** As per the School Funding Framework, funding provided equates to 0.50 or 0.25 of a school consultant position, with the expectation that the other half be funded by the Education Body, otherwise not allocated.*

F. Healthy Food for Learning

The Healthy Foods for Learning Program is supported by the Anti-Poverty Strategic Framework and aims to increase the capacity of schools to provide healthy meals and/or snacks to students.

The following tables detail the regional approach taken for the upcoming school year, along with noted areas of strength and areas for development.

According to section 73(2,3) of the *Education Act*, English or an Official Language other than English must be taught as part of the education program in addition to the official language of instruction.

The following table details all Second Languages (SL) instruction taught for all schools in the region, including the SL taught, the type of SL instruction, and the grades in which the SL is taught.

School Name	Language of SL <i>(Chipewyan, Cree, English, French, Gwich'in, Inuinnaqtun, Inuktitut, Inuvialuktun, North Slavey, South Slavey, or Tłı̨chǫ)</i>	Type of SL program <i>(core, immersion, intensive, post-intensive)</i>	Grades of SL program <i>(per program type)</i>	Was the SL program offered as planned? <i>(Y/N)</i>	If No, why not?

H. Student Success Initiative

The Student Success Initiative (SSI) aims to improve student learning and outcomes. SSI proposals are provided to the Department and the Northwest Territories Teachers’ Association (NWTTA) for approvals in May of the previous school year (as per the SSI Handbook).

The following tables detail the SSI Project proposal summary including regional performance indicators and targets (**please include in the table below**), along with the achieved results, the explanation for any difference between targets and results, a summary of implementation, noted areas of strength and areas for development. Under the proposal summary, indicate whether this is a continuation of previous year’s SSI project.

I. Northern Distance Learning

Northern Distance Learning (NDL) provides opportunities for small community high school students to have equitable access to higher-level academic courses. Schools participating in NDL are responsible for ensuring that an In-Class Support Person (ISP) is retained to support students during their NDL classes, all classroom supplies are purchased and to ensure a classroom with access to a long-distance telephone and document camera is provided. All other equipment and supplies for the NDL program are provided.

The following tables detail the number of allocated, budgeted and actual (ISPs) in place to provide support to Northern Distance Learning program, and the explanation for any variance between each.

3. Inclusive Schooling

The *Ministerial Directive on Inclusive Schooling* (2016) is supported annually by conditional funding that is allocated to Education Bodies for programs, processes, and personnel that meet expectations and standards identified in the *Guidelines for Inclusive Schooling* (2016), to effectively support classroom teachers and improve student success. Inclusive Schooling funding allows education bodies to provide support systems and services to enable all students to be included as full participants in regular, age-appropriate classes within their home communities.

A. Regional Inclusive Schooling Coordinators

Regional Inclusive Schooling Coordinators (RISCs) provide administrative and programming leadership at the regional level to Inclusive Schooling based staff and to the overall school team and environment to support classroom teachers in meeting the needs of students.

The following table details the total number of allocated, budgeted and actual RISCs in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

B. Program Support Teachers

Program Support Teachers (PSTs) provide direct collaborative support to classroom teachers as they develop instructional strategies to meet the needs of students.

The following table details the number of allocated, budgeted and actual PSTs in place to provide direct collaborative support to schools, and the explanation for any variance between each.

If PST duties have been split between more than one staff member, please provide details (how is the position split, and the reason for doing so).

C. Support Assistants

Support Assistants are individuals working in the school to support classroom teachers in meeting the instructional and personal needs of students.

The following table details the number of allocated, budgeted and actual Support Assistants in place to support classroom teachers in meeting the instructional and personal needs of students, and the explanation for any variance between each.

Please ensure that Support Assistants funded through Jordan’s Principle and Children’s First Initiative are included in the Actual (PY) column, and accounted for in the Explanation for Difference Column, where applicable.

D. Inclusive Schooling - Staff Development

Specific funding is provided for education staff to provide or receive professional development directly related to supporting student and inclusive education in the classroom and school in general.

The following table details the total amount of allocated, budgeted and actual funding spent on inclusive schooling professional development, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference (if applicable)	Actual (\$)	Explanation for Difference (if applicable)

E. Assistive Technology

Assistive technology (AT) is any item, piece of equipment, or product system, whether acquired commercially off-the-shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of a child with a disability.

The following table details the amount of allocated, budgeted and actual funding spent on Assistive Technology per school, and the explanation for any variance between each.

Allocated (\$)	Actual (\$)	Actual Assistive Technology Purchased	User Group Type (# of classrooms / individual student/ etc.)	Total (\$)	Explanation for Difference (if applicable)

F. Healing and Counselling

Healing and Counselling refer to strategies and supports designed to address behavioural, social, emotional, and healing issues, including those related to the legacy of residential schooling.

The following table details the amount of allocated, and funding spent on Healing and Counselling throughout the region.

Allocated (\$)	Actual (\$)	Purpose (materials, positions, contracts, etc.)	User Group Type (# of classrooms / individual student/ etc.)	Total (\$)	Explanation for Difference (if applicable)

G. Alignment of Student Supports

In order to support all students within the Common Learning Environment as per 9.1c in the *Ministerial Directive on Inclusive Schooling (2016)*, it is critical that student supports are aligned. Student Support Plans (SSPs) and Individual Education Plans (IEPs) can be reviewed and changed at any time, but must be reviewed at least once every reporting period (3-4 times per year).

The following tables detail the region’s approach to ensure that student supports aligned to the goals stated in their SSPs and/or IEPs for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that student supports are aligned to the goals stated in SSPs and IEPs.</p>	<p>Regular communication between RISC, principals, and PSTs to ensure that SBST meetings are happening weekly and that the team is reviewing SSPs/IEPs for specific students.</p> <p>Principals and PSTs will be asked to review the SSPs/IEPs three times a year with PSTs also supporting in report card planning and reviewing completed report cards to ensure that they align with supports and goals listed in the SSP.</p> <p>The RISC will also review SSPs and IEPs once a year.</p> <p>A new IEP report card will be created with collaboration and input</p>

H. Flexible Instructional Strategies

Instructional strategies are techniques that teachers use to help students become independent, strategic learners. Principals are required to support teachers and support assistants in the use of flexible instructional strategies, such as scheduling allocation of resources, or leading staff development.

The following table details the region’s approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies.</p>	<p>Principals and PSTs work hand in hand to lead school-based support team (SBST) and with the RISC to ensure that adequate training and materials are provided to implement flexible instructional strategies appropriately</p>

I. School-based Support Team

The School-based Support Team (SBST) operates under the leadership of the principal to assist classroom teachers with developing and implementing instructional and/or management strategies, SSPs or IEPs, and to coordinate support resources for students. The team also develops strategies to support classroom teachers in meeting students’ needs and to reduce barriers to students’ success in learning; solve specific problems; address systemic issues as well as those that are teacher or student specific; and maintain documentation, as per the reporting requirements. SBSTs are encouraged to meet regularly (typically weekly), and to keep written records of their meetings.

The following tables detail the region’s approach to ensure that the SBST, under the leadership of the principal with co-leadership by PST(s), is involved to support teachers to meet the needs of all of their students for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that the SBST is in place in each school and is operating effectively as per the directive.</p>	<p>Each school has a SBST with the expectation to meet weekly during the school year. PSTs report on SBST meetings in their monthly report.</p> <p>The RISC provides direct support by attending each school’s SBST meetings periodically throughout the school year.</p>

J. Review of SSPs and IEPs

SSPs and IEPs should be discussed with parents and guardians. However, as per the *NWT Education Act*, IEPs additionally require the explicit consent of the student’s parent or guardian, typically recognized by a signature on the IEP.

The following tables detail the region’s approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required.</p>	<p>SSPs/IEPs are reviewed three times per year. K. PST Activities

In carrying out their role, the PST will focus on activities and functions that directly support classroom teachers to meet the needs of their students. The Inclusive Schooling Directive provides guidance for this by setting out PST priority time-use targets:

- a minimum of 60% of the PST’s time should be devoted to **teacher support activities**
- no more than 25% of the PST’s time should be spend working **directly with students** (commonly Tier 3 students –those with more complex needs)
- maximum of 15% of the time used for **other** functions

The following table details the region’s approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets.</p>	<p>PSTs submit a schedule to the RISC at the beginning of the year and complete monthly reports on their schedules, professional development, SBST meetings, and priority time use.</p> <p>The PST role is also reviewed during monthly PST meetings.</p>

4. Indigenous Languages and Education

As set out in the Education Act, the NWT education system recognizes the relationship between languages, culture and learning, and that school programs must be based on the cultures of the NWT.

The *Northwest Territories Junior Kindergarten – Grade 12 Indigenous Languages and Education Policy (ILE Policy)* is in place to support the Department of ECE and education bodies in welcoming all students within learning environments that centre, respect, and promote Indigenous worldviews, cultures, and languages of the community in which the school is located.

The *ILE Policy* is supported annually by conditional funding that is allocated to education bodies to provide quality Indigenous language instruction and relevant culture-based school programs for students as part of the education program for the education district. The funding provided to education bodies for Indigenous languages and education must be for the sole purpose of supporting students and teaching in accordance with the *ILE Policy*.

A. Regional Indigenous Language and Education Coordinators

The Regional Indigenous Language and Education (RILE) Coordinator provides a centralized leadership role in coordinating Indigenous language instruction and Indigenous education programs and activities in the region.

The following table details the total number of allocated, budgeted and actual RILE Coordinators in place to provide leadership at the regional level, and the explanation for any variance.

B. Indigenous Language and Education Teams

NWT schools are expected to create an ILE team to set personalized school goals identified in a School Based ILE Plan. The goals created in a school’s ILE Plan should be focused on the 9 action areas outlined in the ILE Handbook. Each year, schools are asked to revisit their ILE Action Plans and revise as needed to ensure growth of Indigenous language and education in their schools.

The following table details the composition of ILE teams and their planned meeting frequency including an explanation if the team was not in place or active during the year.

School	ILE Team Composition (Principal, PST, etc.)	Meeting Frequency	Explanation if ILE Team was not in place or active (if applicable)

C. Indigenous Language Instructors

Indigenous Language Instructors (ILIs) provide Indigenous languages instruction to JK-12 students in NWT schools through the delivery of the *Our Languages* curriculum.

The following table shows the breakdown of the budgeted, and actual ILI (PY funding) in place at each school, identifies whether the allocated PY is new or a returning ILI, and explanation for adjustments to PY.

School Name	Allocated (PY)	Budgeted (PY)	Explanation for difference (if applicable)	Actual (PY)	Explanation for difference or any adjustments to PYs (if applicable)

TOTAL	6.73	6.5	Adjusted to actual staffing		

Note: Culture and language resource people and Elders are accounted for under the Indigenous Education (O&M) and Community Support categories.

Some Regions have indicated difficulty in filling ILI positions. The following table details the planning for maintaining ILI instruction in the Region, and for recruiting and retaining ILIs. As well as the opportunity to describe challenges or barriers related to Indigenous language instruction.

D. Indigenous Education

Indigenous Education funding supports the operation and maintenance of Indigenous education programs and activities in NWT schools. All NWT schools are expected to welcome all students within learning environments that centre, respect, and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located. This includes:

- Schools must actively implement *Dene Kede* and/or *Inuuqatigiit* to bring forward, in all instruction, the Indigenous worldviews, cultures, and languages of the community in which the school is located by:
 - Allocating resources to support JK-12 educators in actively implementing *Dene Kede* and/or *Inuuqatigiit*.
- Schools should welcome all students within learning environments that centre, respect and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located, through building the school-community relationship, offering educator training and employing a whole school approach to Indigenous language use by:
 - Allocating resources to help build the school-community relationship, including **mandatory Elders in Schools programming**: *Please note that Elders in School Programming no longer exists as a separate program and the financial support has been absorbed into Indigenous Education funding*;
 - Allocating resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**; and,
 - Allocating resources to employ a whole school approach to Indigenous language use.
- Schools should work toward Indigenizing teaching and learning practices, Indigenizing the content of curricula and programming, and providing opportunities for all JK-12 students to engage in authentic and relevant key cultural experiences throughout the school year by:
 - Allocating resources to support educators to ensure their teaching and learning practices are holistic, spiral, experiential and relational;
 - Allocating resources to support educators in Indigenizing the content of curricula and programming to ensure it reflects the Indigenous worldviews, cultures, and languages of the community in which the school is located; and,
 - Allocating resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

Indigenous Education funding includes the hiring of Elders and community resource people and providing appropriate teacher training to ensure the *ILE Policy* is implemented.

The following table details the total amount of allocated, budgeted, and actual funding spent on Indigenous Education to create welcoming environments and Indigenizing education **in each school**, and the explanation for any variance.

School Name	Allocated (\$)	Budgeted (\$)	Explanation for difference (if applicable)	Actual (\$)	Explanation for difference (if applicable)	3rd Party Funding (\$) / Source (If applicable)
Echo Dene	\$33,300	\$35,000	Rounded up from surplus

Charles Tetcho	\$35,000	\$35,000	Rounded up from surplus			
Chief Julian Yendo	\$32,750	\$33,000	Rounded down			
TOTAL	\$297,200	\$300,000	Extra funding from surplus			

The following table details whether **schools** choose to allocate or find additional funding for an Elder and/or Cultural Support Worker that works at the school on a **consistent schedule** either from ILE funds or 3rd party funding.

School	Elder in School (Y/N)	Cultural Support Worker (Y/N)	How are these positions funded?	If no to either of these positions, why not?
Echo Dene	Y	Y	<i>Community Support and ILE budgets</i>	Elders are hired on short term basis using ILE Funding. Itinerant Cultural support worker will be hired using ILE Funding

E. Strengthening Training for Northern Educators

Strengthening training for Northern educators in Indigenous language and education is essential in order to provide educators with the background and context from which they can learn more about the community in which they live and work. This provides the foundation for educators to contribute to the ongoing development of positive relationships with students, parents, and the community at large.

Education bodies must allocate resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**.

The following table details school-based and/or regional approaches to **local** cultural orientation days.

School	Key Cultural Experiences	% of Staff Participation	% of Actual Participation	Explanation for Difference (if applicable)
Echo Dene	2 Cultural Orientation days allocated throughout the school year for staff to experience. Traditional Indigenous Activities	100		
Deh Gáh	2 Cultural Orientation days allocated throughout the school year for staff to experience. Traditional Indigenous Activities	100

Charles Tetcho	2 Cultural Orientation days allocated throughout the school year for staff to experience. Traditional Indigenous Activities	100		
Chief Julian Yendo	2 Cultural Orientation days allocated throughout the school year for staff to experience. Traditional Indigenous Activities	100		

All school staff play a role in supporting language reclamation and language revitalization efforts. **Employing a whole school approach to Indigenous language use** bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use. .

F. Offering Key Cultural Experiences

Key Cultural Experiences are the backbone to education in an Indigenous context. Students learn best by doing. Key cultural experiences are authentic and relevant activities, which provide learning experiences that reflect, validate, and promote the worldviews, culture and languages of the Indigenous peoples of the NWT. Education bodies must allocate resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

The following table details the **land-based** key cultural experiences using funding from the community support or Indigenous education categories.

Please highlight two wise practices of land-based key cultural experiences from each school in the region.

G. Employing a Whole School Approach to Language Use

All school staff play a role in supporting language reclamation and language revitalization efforts. Employing a ‘whole school approach to language use’ bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

The following tables detail initiatives that employ the whole school approach to language use.

School	Type of School-Based Staff Initiatives in Place to Promote a Whole School Approach to Language Use.	Type of Community Events Hosted by the School that Promote, Use, and Celebrate Indigenous Languages.
<i>Example: ILESHS</i>	<ul style="list-style-type: none"> • ILES team planned monthly phrases for staff to practice and replace the English version with. • A language speaker attended the staff meetings at the beginning of each month and helped staff learn the phrases. • Reinforced learning with the use of audio clips for practice 	<ul style="list-style-type: none"> • Hosted community Christmas feast which included drumming, prayer, and songs in the language • Community-school graduation celebration in June.

H. Community Support

Community support funding is offered to support Indigenous language revitalization by supporting the hiring of cultural resource experts for short term projects, the purchase/renting of on-the-land equipment and supplies, and/or the provision of Indigenous language and education professional development within communities.

The following table details the **regional** amount of allocated and actual funding spent on community support, and the explanation for any variance.

Allocated <i>(\$)</i>	Budgeted <i>(\$)</i>	Explanation for Difference <i>(if applicable)</i>	Actual <i>(\$)</i>	Explanation for Difference <i>(if applicable)</i>
\$112,885	\$112,885			

I. Resource Development for OLC and ILE Handbook

The Resource Development funding provides support for the continued development and implementation of the *Our Languages* curriculum (OLC) and the *Indigenous Language and Education (ILE) Handbook*. Schools that provide Indigenous language instruction must offer dedicated time for Indigenous language instruction within the regular education program and actively implement the *Our Languages* curriculum by:

- Allocating resources to support core Indigenous language instruction;
- Allocating resources to develop resources for the *Our Languages* curriculum;
- Allocating resources to support community connections related to Indigenous language instruction; and,
- Allocating resources to support Indigenous language instruction through an immersion approach, where and when possible.

Resource Development funding is to be used only for:

- a) Training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation;
- b) Developing resources for the implementation of *OLC* and *ILE Handbook* in schools; and
- c) Technology needs that support *OLC* and *ILE Handbook* implementation.

Note: Please ensure copies of any new resources produced are submitted to ECE-ILES.

The following table details the **regional** funding allocated, budgeted, actual expenditures for resources development, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference (if applicable)	Actual (\$)	Explanation for Difference (if applicable)
\$159,779	\$160,000			

The following table details the **regional** and **school** training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation.

School and # of ILIs participating	OLC or ILE Handbook	Specific Focus (ex: assessment)	Training Provider (ex: RILE, ECE, Contractor)	Dates and Location
<i>Example: ILESHS -2 ILIs and PST</i>	<i>OLC</i>	<i>Assessment</i>	<i>RILE and private contractor</i>	<i>September 12-14, Yellowknife</i>

The following table details the **regional resources created** for the implementation of *OLC* and *ILE Handbook* in schools.

Resource Type (ex: books, signage, digital, visuals, translations)	Title of Resource (if texts)	# of Copies Produced	Language Produced In
<i>Example: Wordless book</i>	<i>Rebecca and the Trickster Raven</i>	<i>30</i>	<i>Dene Zhatie</i>

The following table details **regional purchases made to support technological** needs that support OLC and ILE implementation.

Type of technology purchased	# of Items Purchased	How the Purchased Technology Supports <i>OLC</i> and <i>ILE Handbook</i> Implementation
<i>Example: iPads</i>	<i>5</i>	<i>5 iPads were placed in the Indigenous language classroom and fully loaded with all apps, games and electronic books that support Indigenous language instruction.</i>

Operating Plan - Executive Summary

The Ndilò District Education Authority's Operating Plan for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* (FAA) that requires Northwest Territories (NWT) Education Bodies to plan for their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The Operating Plan outline consists of several sections corresponding to various accountability areas, all of which have been completed in accordance with the Ndilò District Education Authority's priorities for the upcoming school year.

The following table summarizes the planned goals and targets for the upcoming school year:

The Ndilò District Education Authority (NDEA) is responsible for administering and maintaining the standards of educational programs in Ndilò, specifically at K'àlemì Dene School (KDS). The NDEA is committed to providing quality education for students by concentrating on the following four components of learning as identified in the KDS Mission and Vision Statement:

- Language and Culture
- Academics and Technology
- Dene Laws and Wellness
- Physical Activity.

Through the development of these skills, students will grow and develop into respectful, healthy, diligent, and strong Dene who will give back to their families, community, and the North.

KDS is a small school that offers culturally relevant and inclusive education programming for Junior Kindergarten to grade 12 students. Enrollment for the 2023-24 school year is estimated at approximately 145 full-time students. The student population is primarily Yellowknives Dene First Nation (YKDFN). KDS also attracts many Indigenous families from Yellowknife and provides free transportation for these students.

KDS offers a wide range of programming, including:

- Priority on teaching and learning Wilìideh Yatì and culture,
- Several key cultural experiences throughout the school year,
- Increased time on the land with grades one through twelve spending a half day every other week,
- Focus on social and emotional well-being,
- GSA that meets regularly,
- Access to a Child and Youth Counsellor,
- Extensive and inclusive food program serving breakfast, snacks, and lunch,
- Small multi-grade classes,
- Maker Space pedagogy,
- Intramural program for the whole school,
- Focus on speech and language development in JK-grade 3,

- Alternative High School Program options for high school students, and
- Intensive focus on career readiness and future planning for high school students.

Through discussions with the NDEA and KDS staff, the following goals, which align with ECE's five shared priorities, have been set for the 2023-24 school year:

1. KDS staff will examine how competency-based education will support Wìlìhìdeh language and culture teaching and learning.
2. KDS staff will gain an understanding of competency-based education and how to ensure our students succeed academically.
3. KDS will continue to increase staff and students' understanding of the NWT Capable Person and make connections to how this will support inclusion and diversity.

The NDEA and KDS staff will accomplish these goals in a variety of ways, including professional development about the NWT Capable Person to review and understand the competencies developed for the NWT. Staff will also engage in several key cultural experiences throughout the year to help them understand YKDFN language and culture. KDS staff will also dive into the mental health framework that is being developed in collaboration with YK1 and the Dettah District Education Authority. Understanding the importance of prioritizing and integrating First Nation Language and Culture and developing a strong foundation with the Mental Health Framework will provide the necessary stepping stones to implement ECE's new curriculum successfully.

KDS educators will trial the newly introduced curriculum in grades four to six and grade nine, focusing on literacy, numeracy, and science. To prepare for the transition to a competency-based curriculum, all educators will engage in professional development that supports classroom and program support teachers preparing to work with the newly introduced curriculum and educators who will be trialing the curriculum in upcoming years. Professional development topics will include planning and assessment for the 2023-24 school year.

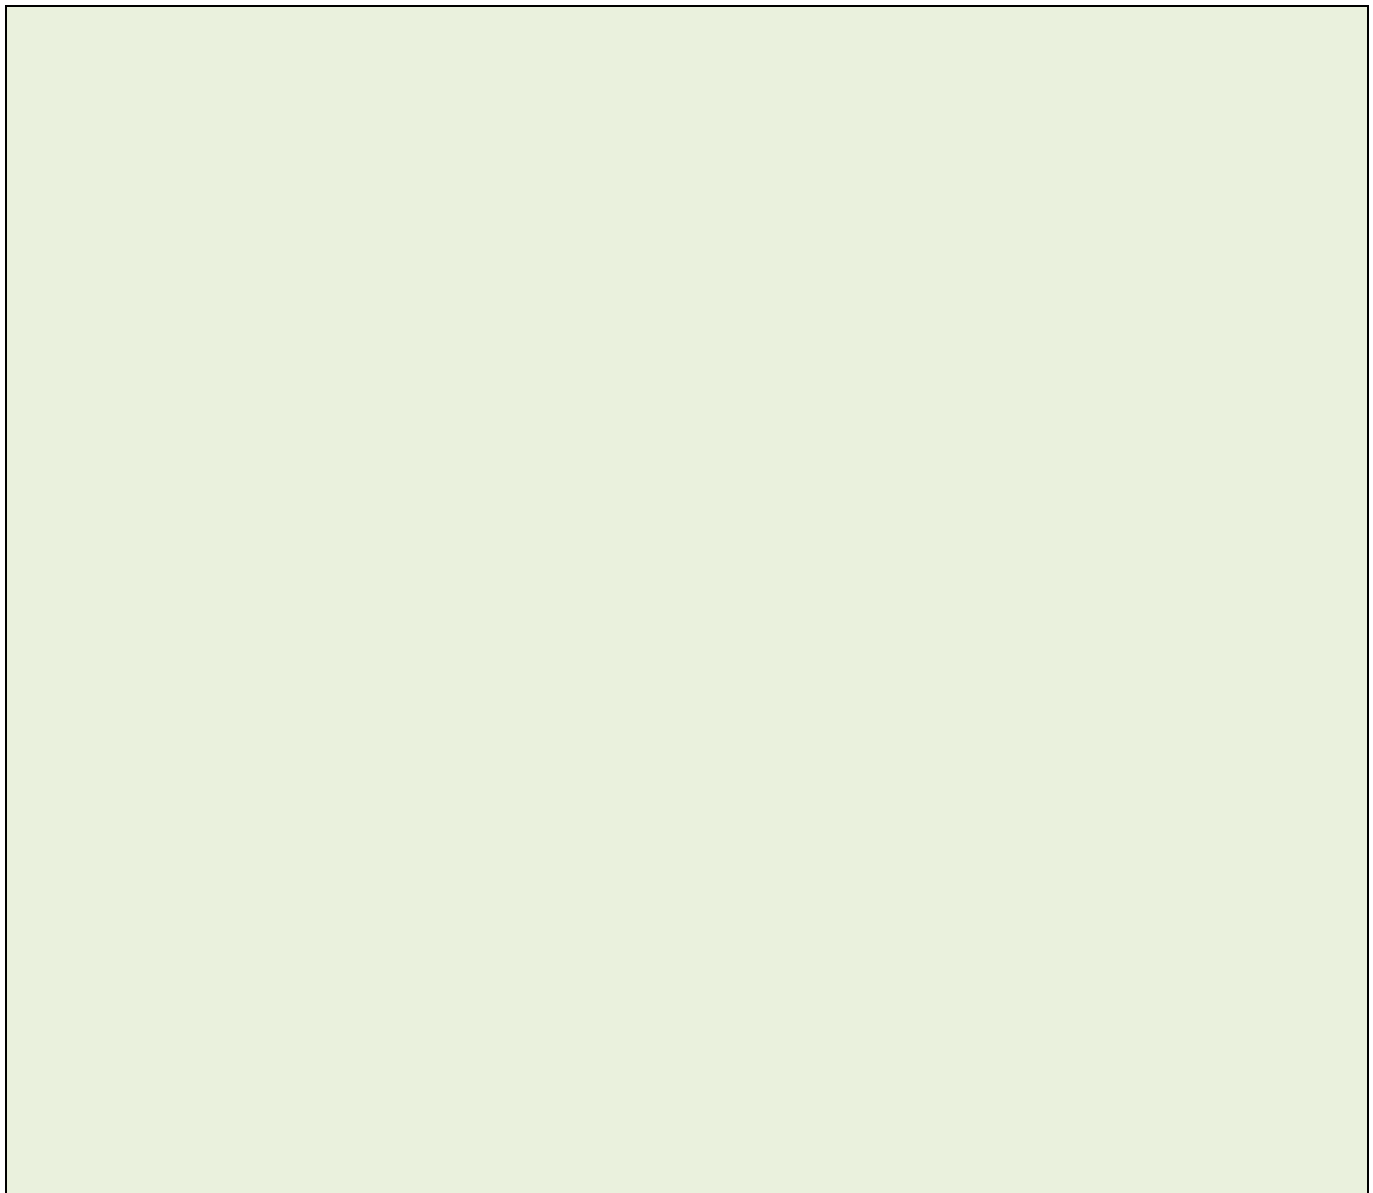

While at the same time, KDS will continue to support and prioritize the whole school language approach to Wìlìhìdeh language acquisition, the development of language resources, and prioritizing key cultural experiences. KDS's Culture of Care has been well established over the years but continue to grow and develop with programs like the GSA, Second Step, House Teams, and 1:1 student mentorship.

The Ndilò District Education Authority (NDEA) and K'àlemì Dene School (KDS) are dedicated to providing a high-quality education that nurtures language and culture, promotes a strong sense of identity for each student and fosters academic excellence. With a focus on inclusivity, KDS offers culturally relevant programming for a diverse student population, emphasizing language acquisition, cultural experiences, outdoor education, and social-emotional well-being. Through professional development, collaboration, and the introduction of a competency-based curriculum, the NDEA and KDS are poised to create an excellent school year in 2023-24, where students will thrive.

Annual Report - Executive Summary

The Ndilq District Education Authority's Annual Report for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* that requires Northwest Territories (NWT) Education Bodies to report on their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The following table summarizes the successes and areas for improvement for the school year:

1. Administration and School Services

Administration and Schools Services reflects the overall operations of Education Bodies and Schools, including high level overviews of the Education Body's:

- A. Governance Structure;
- B. Functional Organizational Chart;
- C. School Profiles; and
- D. Policy Development.

A. Governance of Education Bodies

The following table details key aspects of the Education Body governance structure and processes at the regional level, such as elections membership terms, current membership:

On June 25, 2013, the Minister's order established the Ndilq District Education Authority (NDEA) in accordance with the Education Act of the Northwest Territories. Its primary objective is to oversee and uphold the educational standards of Ndilq as outlined in the Act. The NDEA offers a comprehensive range of instructional programs spanning from junior kindergarten to grade 12.

Functioning as an independent legal and accounting entity, the NDEA operates under the provisions of Section 82 of the Education Act, which mandates the existence of an elected Education Authority. This Authority holds the power to make decisions, delegate authority, exert significant influence over operations, and assume full responsibility for all fiscal matters.

- Superintendent – Jameel Aziz
- Last Election – May 2022
- Members serve a three-year term. An election is called every 3rd May.
- Meetings occur monthly but more often as required.
- The number of staff at the Ndilq District Education Authority is 1 (contracted superintendent services)
- The next election will happen in May 2025

Before the formation of the NDEA, K'àlemì Dene School was overseen by the Ndilq Education Committee (NEC), which consisted of members from the Ndilq community. This committee was established in 1998 when the school first opened its doors. Throughout the years, the committee advocated for a new building and later for the establishment of the District Education Authority. During this period, the Yellowknives Dene First Nation received funding from the Department of Education, Culture, and Employment (ECE) for K'àlemì Dene School. In collaboration with YKDFN and NEC, they entered into a contract with Yellowknife Education District Number One (YK1) to provide superintendent services and oversee the school's daily operations.

The NDEA has the specific responsibility of making strategic decisions for K'àlemì Dene School, being the only school under its purview. The NDEA Chairperson is responsible for reporting to the Minister of Education, Culture, and Employment. The NDEA provides guidance to the Superintendent and Principal, who in turn collaborate directly with the staff at K'àlemì Dene School.

It is important to note that the role of the principal at K'àlemì Dene School differs from that of most schools in the Northwest Territories (NWT). The KDS principal often receives direct instructions from the NDEA and is accountable to the NDEA. With support from the superintendent, the principal assumes various responsibilities, such as developing the school budget, reporting to the Department of Education, Culture, and Employment (ECE), overseeing external audits, managing human resources matters, and supervising building maintenance. For

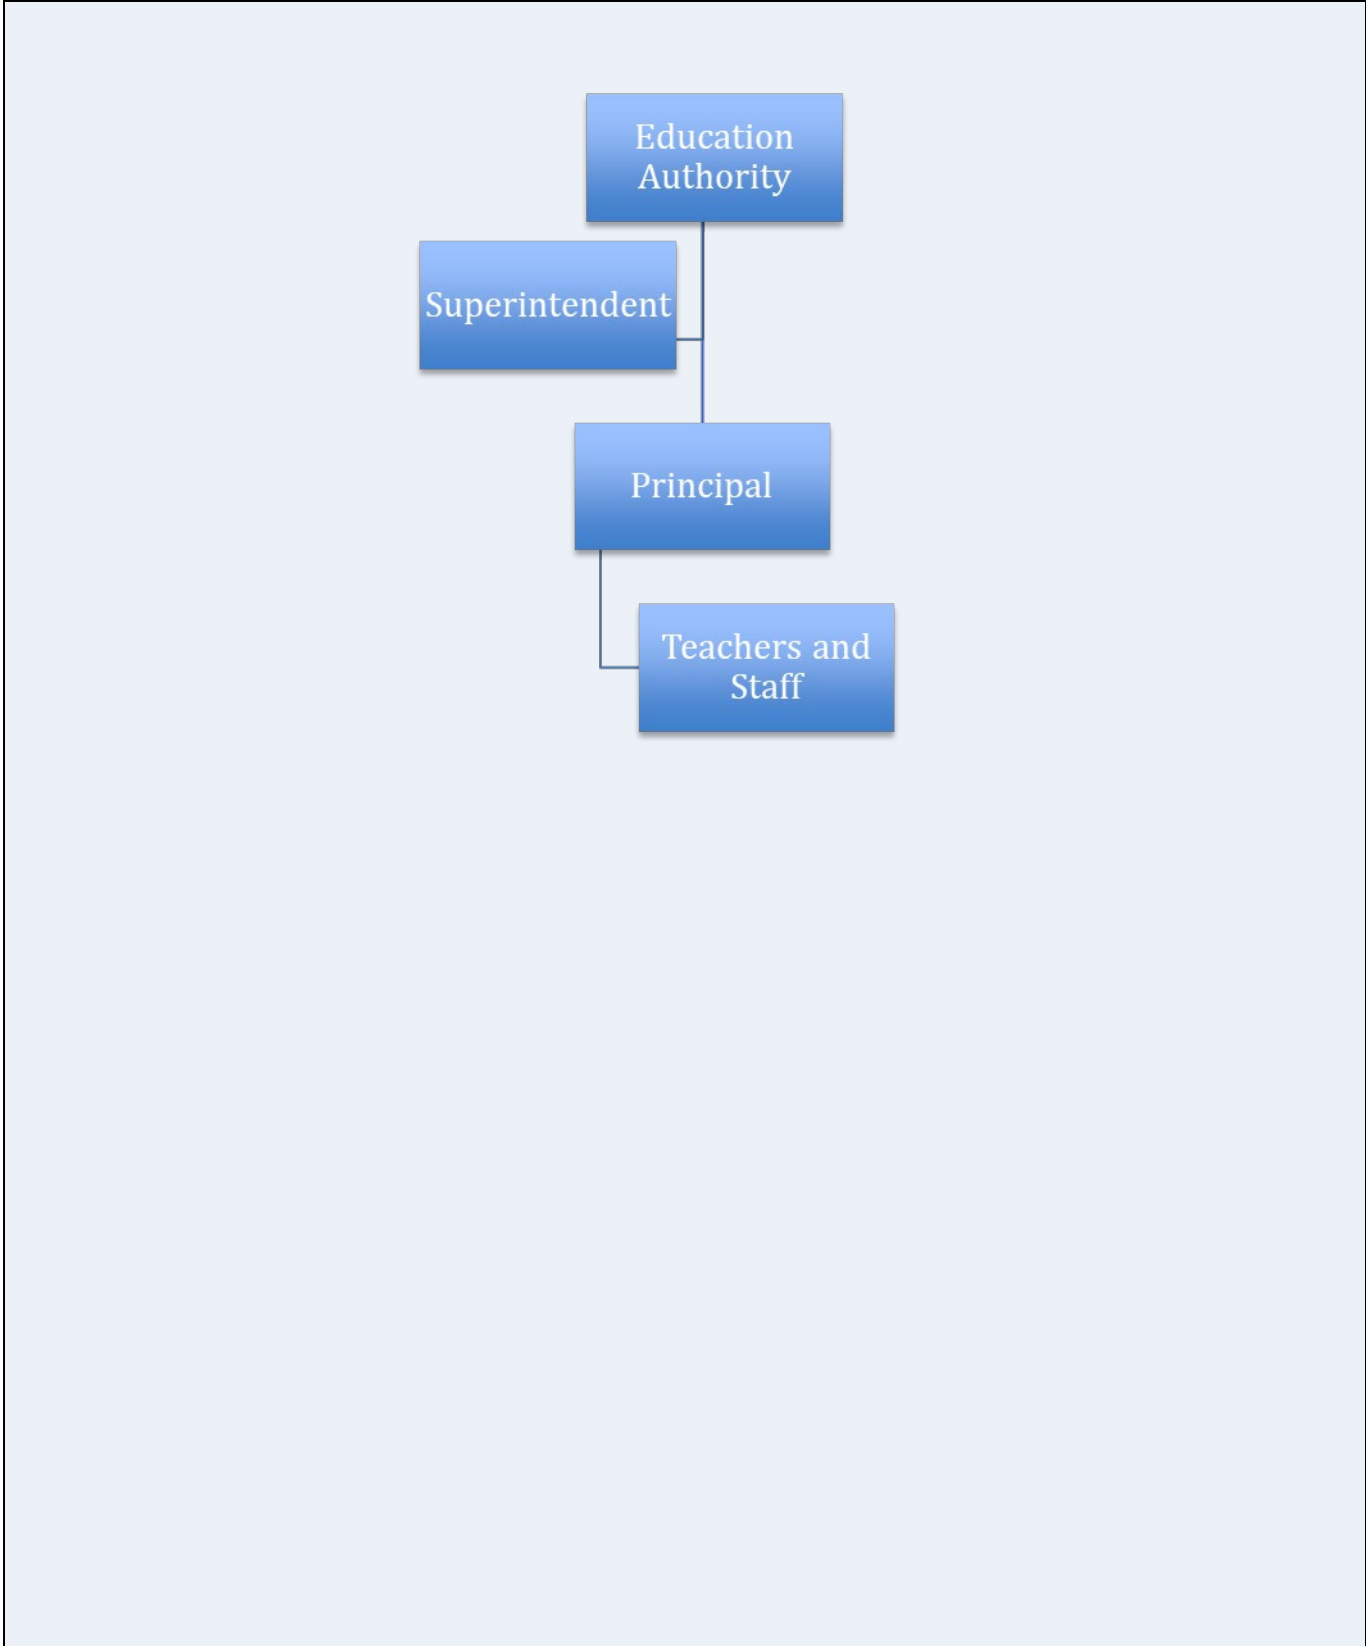

instance, the principal at KDS completed the development of this operating plan, which the NDEA subsequently approved.

Current Ndilo District Education Authority members are:

1. Sarah Erasmus, Chairperson
2. Theresa Black, Vice Chairperson
3. Cece Beaulieu, Trustee
4. Myra Conrad, Trustee
5. Nyra Mackenzie, Trustee
6. Violet Sangris, Trustee
7. Vacant Position

B. Functional Organizational Chart

The following table details the functional organization of the Education Body:

C. School Profiles

The following table details the total number of schools in the District, the expected student head count for the upcoming school year and a summary of the education programming highlights offered by each school in the region, including the community the school is located in, the grades offered in the school, and any additional programming highlights for the school such as immersion programming, alternative education programming, class compositions (Multi-grade, split-grade or single graded classes) and/or other alternative learning modes (e.g. distance learning, Montessori).

D. Policy Development

Under section 96 of the Education Act, a District Education Authority (DEA) is required to:

- Conduct its business in accordance with regulations
- To make by-laws governing the procedure to be followed in transacting the business of the DEA
- Establish a code of conduct for its members

The same requirements apply for Divisional Education Councils under section 108 of the Act.

The Education Act Regulations further define and provide guidance for the policies and by-laws DEAs and DECs are required to develop.

The following table lists the required and recommended policies and by-laws for education bodies. Please indicate in the appropriate section the effective date for each policy and by-law for each education body in your region. If a policy or by-law is not applicable, indicate “NA”. Where a policy or by-law does not exist, place an “X” in the relevant box.

2. Territorial Schools

Territorial Schools reflects the programs and professional development activities that directly support excellence in teaching and student academic achievement specific to the NWT Education Act, Ministerial Directives, or School Funding Framework including:

- A. Education Body Strategic Planning;
- B. School Improvement Planning & School Reviews;
- C. Staff Evaluations;
- D. Regional Training and In-Service;
- E. Literacy Coordinators;
- F. Healthy Food for Learning;
- G. Second Language Education;
- H. Student Success Initiative; and
- I. Northern Distance Learning

A. Education Body Strategic Planning

NWT Education Bodies develop regional priorities and goals based on the needs of their students and schools. The priorities and goals developed for the upcoming school year should align with the following five shared priorities agreed to by Education Leaders and the Department of ECE:

1. Student achievement in Literacy and Numeracy
2. Language and Culture
3. Student & Educator Wellness
4. Personalized and Inclusive Education
5. Key Competencies

The following tables detail regional priorities, goals, and connections to the shared priorities, including regional performance indicators and targets set for the upcoming school year related to Education Body strategic planning, along with the achieved results, the explanation for any difference between targets and results, noted areas of strength and areas for development.

B. School Improvement Planning & School Reviews

As per the *NWT School Improvement and Reporting Directive*, school improvement planning responds to student and community needs, addresses policy requirements, accommodates departmental directives, and engages all school staff.

In addition, Annual School Reviews should focus on standards of learning outcomes - academic and non-academic - and require schools to present the analysis and evaluations of learning outcomes to their Superintendent of Education.

The following tables detail regional priorities and goals for the upcoming school year related to School Improvement Planning and School Reviews, along with noted areas of strength and areas for development.

<p>Regional approach to School Improvement Planning and School Reviews, and relevance to regional and shared priorities, for the school year.</p>	<p>K'àlemì Dene School collaborates with the NDEA and school staff to create an annual School Improvement Plan (SIP). The NDEA has identified three key goals that are prioritized to enable the KDS staff to implement them effectively. Once the SIP plan is finalized, it is shared with the school community through our website. The goals outlined in the School Improvement Plan are guided by the mission and vision statement of KDS and align with the previously mentioned priorities and objectives.</p>

C. Staff Evaluations

All education staff is required to undergo evaluations as per Ministerial directives, including the *Promotion of Professional Growth for Teachers in Northwest Territories Schools (2004)* and *Direction on Principal Growth and Evaluation in the Northwest Territories (2012)*.

The following tables detail the region’s approach to completing staff evaluations for the upcoming school year related to staff evaluations, along with noted areas of strength and areas for development.

<p>Regional approach to the completion of Staff Evaluations.</p>	<p>The principal at KDS adheres to the guidelines set by the Department of Education, Culture, and Employment (ECE) for teacher evaluations. This process involves three formal observations, consisting of pre- and post-observation meetings, culminating in completing a Teacher Evaluation Report. Additionally, KDS employs a ten-minute observation method, where the principal conducts brief observations followed by discussions on strengths and areas for improvement. When the new evaluation procedure is established by ECE, KDS will transition.</p> <p>Staff evaluations at KDS are conducted according to the established schedule maintained by Yellowknife Education District No. 1.</p>

D. Regional Training and In-Service

Education Bodies are responsible for training and in-service activities for staff at the regional and school level, which can occur throughout the year, and may include 2.5 administrative days per year and time allotted for the Strengthening Teachers’ Instructional Practices (STIP). (This does not include any professional development activities related to Article 16 of the Collective Agreement.)

The following tables detail the region’s training and in-service plan, the relevance of the plan to regional and shared priorities, along with noted areas of strength and areas for development.

<p>Regional approach to the completion of Training and In-Service.</p> <p>Please include relevance to regional and shared priorities, for the upcoming school year.</p>	<p>The determination of training and in-service activities, as well as their themes, is based on the school's priorities. These priorities are established through consultations involving NDEA trustees and KDS staff. Once these priorities are identified, and the School Improvement Plan is developed, professional development activities are carefully planned to align with them.</p>

E. Literacy Coordinators

Literacy coordinators collaborate with teachers to develop effective instructional approaches in literacy and/or numeracy throughout all grades and subjects. They provide professional development for teachers and model effective routines, practices, and protocols, while developing a regional literacy action plan and supporting school administrators and teacher to develop and use instructional practices, resources, and assessments associated with the plan.

The following table details the total number of allocated, budgeted and actual Literacy Coordinators in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

0.25	0.75	1.0	KDS will continue to top 0.25 of a position up to 1.0 as it is difficult to hire part-time positions. KDS will have a Literacy Support Teacher for the 2023-24 school year.		

** As per the School Funding Framework, funding provided equates to 0.50 or 0.25 of a school consultant position, with the expectation that the other half be funded by the Education Body, otherwise not allocated.*

F. Healthy Food for Learning

The Healthy Foods for Learning Program is supported by the Anti-Poverty Strategic Framework and aims to increase the capacity of schools to provide healthy meals and/or snacks to students.

The following tables detail the regional approach taken for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to the Healthy Foods for Learning program for the upcoming school year.</p>	<p>School food programs are essential in combating food insecurity and building a sense of community within schools. By providing regular and nutritious meals, these programs address the needs of students who may struggle with accessing adequate food outside of school. They create an environment where students can focus on their studies and foster relationships through shared meals, promoting social interaction and a supportive school atmosphere. School food programs also offer opportunities for cultural exchange and can involve the community by sourcing local ingredients and engaging volunteers. These programs play a critical role in ensuring students' well-being, promoting healthy habits, and strengthening community ties.</p> <p>KDS provides a nutritious food program that encompasses breakfast, snack, and lunch options on each school day. The school opens early to offer a breakfast consisting of cereal, yogurt, and toast. Students have access to fruit and granola bars for their morning snacks. We serve sandwiches and vegetables three days a week for lunch while providing hot lunch twice a week.</p> <p>In September, the lunch program will consist of sandwiches, vegetables, and cookies three days a week, along with hot lunch options on two days. The menu follows the guidelines of the Canadian Food Guide, and whenever possible, locally sourced foods are utilized and celebrated.</p>

While each classroom has its own library, we recognize the need for a central library serving the entire school community. Our vision is to create a welcoming environment filled with diverse, high-quality books. We are committed to featuring literature highlighting Indigenous authors and content, fostering cultural appreciation and understanding. Our library will support classroom learning and inspire student engagement in the joy of reading. By providing a dedicated space for exploration and discovery, we aim to cultivate a love for literature and create lifelong learners. For the 2023-24 school year, KDS will add library books supporting mental health and implementing the new curriculum.

3. Inclusive Schooling

The *Ministerial Directive on Inclusive Schooling* (2016) is supported annually by conditional funding that is allocated to Education Bodies for programs, processes, and personnel that meet expectations and standards identified in the *Guidelines for Inclusive Schooling* (2016), to effectively support classroom teachers and improve student success. Inclusive Schooling funding allows education bodies to provide support systems and services to enable all students to be included as full participants in regular, age-appropriate classes within their home communities.

A. Regional Inclusive Schooling Coordinators

Regional Inclusive Schooling Coordinators (RISCs) provide administrative and programming leadership at the regional level to Inclusive Schooling based staff and to the overall school team and environment to support classroom teachers in meeting the needs of students.

The following table details the total number of allocated, budgeted and actual RISCs in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

G. Alignment of Student Supports

In order to support all students within the Common Learning Environment as per 9.1c in the *Ministerial Directive on Inclusive Schooling (2016)*, it is critical that student supports are aligned. Student Support Plans (SSPs) and Individual Education Plans (IEPs) can be reviewed and changed at any time, but must be reviewed at least once every reporting period (3-4 times per year).

The following tables detail the region’s approach to ensure that student supports aligned to the goals stated in their SSPs and/or IEPs for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that student supports are aligned to the goals stated in SSPs and IEPs.</p>	<p>At KDS, we prioritize a process-oriented and collaborative approach to provide targeted and strengths-based support for our students' development. Our staff has already begun the process of developing and reviewing Student Support Plans (SSPs) for the upcoming 2023-24 school year to ensure their implementation in September. In June, teachers will participate in transition meetings to facilitate a smooth transition for students. Throughout the year, SSPs will be reviewed a minimum of three times, ensuring ongoing assessment and adjustment. We value student participation in this process, giving them a voice in shaping their own plans.</p> <p>In addition, our Student-Based Support Team (SBST) will meet regularly to discuss Individualized Education Plans (IEPs) and any necessary changes to the SSPs. This collaborative approach ensures that our students receive the necessary support and accommodations tailored to their individual needs.</p>

H. Flexible Instructional Strategies

Instructional strategies are techniques that teachers use to help students become independent, strategic learners. Principals are required to support teachers and support assistants in the use of flexible instructional strategies, such as scheduling allocation of resources, or leading staff development.

The following table details the region’s approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies.</p>	<p>At KDS, we are dedicated to meeting the diverse needs of our students, particularly with the implementation of the new competency-based curriculum. Throughout the years, we have established an ongoing process emphasizing building strong relationships with students and fostering collaboration within our team to address students’ needs effectively. Through regular SBST meetings, transition planning, class reviews, and professional development sessions, our teachers engage in discussions about flexible teaching strategies that best suit their classrooms and individual students.</p> <p>To support flexible teaching, our teachers receive assistance from the PST and RISC through co-teaching and collaborative planning. This collaborative approach ensures that teaching strategies can be adjusted and tailored to meet the unique needs of each student. For the upcoming academic year, our professional development focus is centered around understanding competency-based curricula and the needed tools to support teachers who are trialing the new curriculum and strengthening teaching practices for those who will implement the new curriculum in the future.</p> <p>By prioritizing flexible teaching strategies and investing in professional development, we aim to create an inclusive and supportive learning environment that promotes the holistic growth and success of all our students at KDS.</p>

I. School-based Support Team

The School-based Support Team (SBST) operates under the leadership of the principal to assist classroom teachers with developing and implementing instructional and/or management strategies, SSPs or IEPs, and to coordinate support resources for students. The team also develops strategies to support classroom teachers in meeting students’ needs and to reduce barriers to students’ success in learning; solve specific problems; address systemic issues as well as those that are teacher or student specific; and maintain documentation, as per the reporting requirements. SBSTs are encouraged to meet regularly (typically weekly), and to keep written records of their meetings.

The following tables detail the region’s approach to ensure that the SBST, under the leadership of the principal with co-leadership by PST(s), is involved to support teachers to meet the needs of all of their students for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that the SBST is in place in each school and is operating effectively as per the directive.</p>	<p>The KDS Student-Based Support Team (SBST) convenes monthly, adhering to the problem-solving process from ECE. During these meetings span a half day each month, the team reviews 3-4 student profiles. Comprehensive minutes are maintained to document the discussions and decisions made during these sessions.</p> <p>Teachers are encouraged to refer students to the SBST, as well as to the principal and PST. The SBST meetings serve as valuable opportunities to develop Individualized Education Plans (IEPs) and address the needs of students requiring more challenging Student Support Plans (SSPs).</p> <p>Through this collaborative and proactive approach, the SBST at KDS aims to provide comprehensive support and interventions for students, ensuring their educational journey is tailored to their unique strengths and requirements. For the upcoming school, KDS will include sections in the 30-minute problem-solving process to include: Student Strengths and Student Background/History. This will increase the length of time discussing each student, but it will maintain positive discussion and staff empathy.</p>

J. Review of SSPs and IEPs

SSPs and IEPs should be discussed with parents and guardians. However, as per the *NWT Education Act*, IEPs additionally require the explicit consent of the student’s parent or guardian, typically recognized by a signature on the IEP.

The following tables detail the region’s approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required.</p>	<p>At KDS, a standardized approach is followed by all teachers in the development of Student Support Plans (SSPs) and Individualized Education Plans (IEPs), with the support of the PST and the principal/RISC. Classroom teachers initiate the process by contacting parents to gather their input regarding their child's SSP or IEP. Once the SSP or IEP is formulated, parents are given the opportunity to review the document and provide feedback.</p> <p>Regular review meetings are conducted by the PST and classroom teachers at each reporting term to assess and make any necessary changes to the SSPs and IEPs. When a student is referred to the Student-Based Support Team (SBST), any existing SSP or IEP is thoroughly reviewed during the meeting. Moreover, older students actively participate in the review process by providing their input through a "menu of supports" created by the KDS PST.</p> <p>This comprehensive approach ensures that SSPs and IEPs are collaboratively developed, taking into account the valuable insights of parents and the diverse needs of the students. Regular review and adjustments guarantee that the plans remain relevant and effective in supporting each student's academic and personal growth at KDS.</p>

K. PST Activities

In carrying out their role, the PST will focus on activities and functions that directly support classroom teachers to meet the needs of their students. The Inclusive Schooling Directive provides guidance for this by setting out PST priority time-use targets:

- a minimum of 60% of the PST’s time should be devoted to **teacher support activities**
- no more than 25% of the PST’s time should be spend working **directly with students** (commonly Tier 3 students –those with more complex needs)
- maximum of 15% of the time used for **other** functions

The following table details the region’s approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets.</p>	<p>At KDS, we are committed to meeting the Priority Time-Use targets by allocating scheduled meeting time for various purposes, such as professional learning communities, assessment-to-instruction sessions, and class reviews. These meetings play a crucial role in determining the most effective ways to allocate support and resources in order to maximize the utilization of priority time.</p> <p>The PST takes responsibility for managing time use by developing a comprehensive year plan. This plan ensures that meetings and collaborative sessions are strategically scheduled to align with the school's goals and priorities. By carefully managing time and resources, the PST ensures that priority areas receive the necessary attention and support they require.</p> <p>Through these structured meetings and time management strategies, we strive to optimize the utilization of priority time, leading to enhanced teaching practices, improved student outcomes, and a focused approach to addressing the specific needs and targets set by the school community at KDS.</p>

4. Indigenous Languages and Education

As set out in the Education Act, the NWT education system recognizes the relationship between languages, culture and learning, and that school programs must be based on the cultures of the NWT.

The *Northwest Territories Junior Kindergarten – Grade 12 Indigenous Languages and Education Policy (ILE Policy)* is in place to support the Department of ECE and education bodies in welcoming all students within learning environments that centre, respect, and promote Indigenous worldviews, cultures, and languages of the community in which the school is located.

The *ILE Policy* is supported annually by conditional funding that is allocated to education bodies to provide quality Indigenous language instruction and relevant culture-based school programs for students as part of the education program for the education district. The funding provided to education bodies for Indigenous languages and education must be for the sole purpose of supporting students and teaching in accordance with the *ILE Policy*.

A. Regional Indigenous Language and Education Coordinators

The Regional Indigenous Language and Education (RILE) Coordinator provides a centralized leadership role in coordinating Indigenous language instruction and Indigenous education programs and activities in the region.

The following table details the total number of allocated, budgeted and actual RILE Coordinators in place to provide leadership at the regional level, and the explanation for any variance.

B. Indigenous Language and Education Teams

NWT schools are expected to create an ILE team to set personalized school goals identified in a School Based ILE Plan. The goals created in a school’s ILE Plan should be focused on the 9 action areas outlined in the ILE Handbook. Each year, schools are asked to revisit their ILE Action Plans and revise as needed to ensure growth of Indigenous language and education in their schools.

The following table details the composition of ILE teams and their planned meeting frequency including an explanation if the team was not in place or active during the year.

C. Indigenous Language Instructors

Indigenous Language Instructors (ILIs) provide Indigenous languages instruction to JK-12 students in NWT schools through the delivery of the *Our Languages* curriculum.

The following table shows the breakdown of the budgeted, and actual ILI (PY funding) in place at each school, identifies whether the allocated PY is new or a returning ILI, and explanation for adjustments to PY.

Note: Culture and language resource people and Elders are accounted for under the Indigenous Education (O&M) and Community Support categories.

Some Regions have indicated difficulty in filling ILI positions. The following table details the planning for maintaining ILI instruction in the Region, and for recruiting and retaining ILIs. As well as the opportunity to describe challenges or barriers related to Indigenous language instruction.

<p>Accommodations made to maintain Indigenous language instruction in the region, if any?</p>	<p>The Indigenous Language Instructor at KDS is an experienced Elder and a fluent Willihdeh speaker, bringing invaluable knowledge to our school community. While the Elder does not have formal training in education, she has been with KDS for four full years, and her expertise in the language is highly respected.</p> <p>To ensure successful and engaging lessons for students, we have established a collaborative teaching team by partnering the Indigenous Language Instructor with a trained teacher. This collaboration provides support in curriculum delivery and classroom management, combining the Elder's cultural knowledge with the teacher's pedagogical skills. We recognize the importance of leveraging the Elder's expertise and are fortunate to have formed this partnership to deliver the <i>Our Languages Curriculum</i> effectively.</p> <p>Additionally, classroom teachers are present during language lessons to provide further support in managing the classroom, facilitating small group activities, and promoting student engagement. This collaborative approach allows for a rich learning environment where students can benefit from the combined expertise of the Indigenous Language Instructor, the teacher, and the classroom teachers.</p> <p>By fostering this collaborative teaching team, we are dedicated to ensuring the success of our Indigenous language program's success,</p>

	<p>honoring the Elder's knowledge, and creating meaningful language learning experiences for our students at KDS.</p>
<p>Plans to recruit and retain language teachers, if any?</p>	<p>At KDS, we recognize the significance of recruiting new Indigenous Language Instructors and fostering long-term relationships with them. To achieve this, we regularly bring in Community Resource People who possess language expertise, aiming to inspire and attract potential candidates for our school's Indigenous Language Instructor role. We are committed to cultivating a diverse and sustainable teaching team to ensure the continuity and growth of our Indigenous language program.</p> <p>Furthermore, if feasible, KDS is eager to support the participation of our Indigenous Language Instructor in the MAPs program and/or work with ECE to implement an Indigenous Language Instructor Employment Plan for our school. These programs provide immersive language learning experiences and mentorship opportunities, promoting fluency and cultural preservation. By engaging in such initiatives, we strive to enhance the skills and language proficiency of our Indigenous Language Instructor while further strengthening our commitment to preserving and revitalizing Indigenous languages within our school community.</p> <p>Through these efforts, KDS is dedicated to empowering our Indigenous Language Instructor and nurturing a supportive environment that values the richness of Indigenous languages and cultures.</p>
<p>The # of anticipated New ILIs and which schools they are in.</p>	<p>0</p>
<p>Challenges and/or barriers faced in the region</p>	<p>KDS faces ongoing challenges due to the scarcity of fluent speakers available for language instruction. Despite our efforts, we have encountered difficulties in attracting trained language speakers from the region who express interest in working at our school. This issue is compounded by the fact that many other schools and organizations in this region are competing for a limited pool of language experts, intensifying the situation and posing additional obstacles to language revitalization efforts.</p> <p>We are actively exploring innovative strategies and collaborating with community partners to address these challenges and expand our network of language instructors. Our goal is to cultivate a sustainable and robust Indigenous language program that can effectively meet the needs of our students and contribute to the broader revitalization of Indigenous languages in our community and beyond.</p>

D. Indigenous Education

Indigenous Education funding supports the operation and maintenance of Indigenous education programs and activities in NWT schools. All NWT schools are expected to welcome all students within learning environments that centre, respect, and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located. This includes:

- Schools must actively implement *Dene Kede* and/or *Inuuqatigiit* to bring forward, in all instruction, the Indigenous worldviews, cultures, and languages of the community in which the school is located by:
 - Allocating resources to support JK-12 educators in actively implementing *Dene Kede* and/or *Inuuqatigiit*.

- Schools should welcome all students within learning environments that centre, respect and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located, through building the school-community relationship, offering educator training and employing a whole school approach to Indigenous language use by:
 - Allocating resources to help build the school-community relationship, including **mandatory Elders in Schools programming**: *Please note that Elders in School Programming no longer exists as a separate program and the financial support has been absorbed into Indigenous Education funding*;
 - Allocating resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**; and,
 - Allocating resources to employ a whole school approach to Indigenous language use.

- Schools should work toward Indigenizing teaching and learning practices, Indigenizing the content of curricula and programming, and providing opportunities for all JK-12 students to engage in authentic and relevant key cultural experiences throughout the school year by:
 - Allocating resources to support educators to ensure their teaching and learning practices are holistic, spiral, experiential and relational;
 - Allocating resources to support educators in Indigenizing the content of curricula and programming to ensure it reflects the Indigenous worldviews, cultures, and languages of the community in which the school is located; and,
 - Allocating resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

Indigenous Education funding includes the hiring of Elders and community resource people and providing appropriate teacher training to ensure the *ILE Policy* is implemented.

The following table details the total amount of allocated, budgeted, and actual funding spent on Indigenous Education to create welcoming environments and Indigenizing education **in each school**, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for difference (if applicable)	Actual (\$)	Explanation for difference (if applicable)	3 rd Party Funding (\$) / Source (If applicable)

\$30,600	\$30,600				

The following table details whether **schools** choose to allocate or find additional funding for an Elder and/or Cultural Support Worker that works at the school on a **consistent schedule** either from ILE funds or 3rd party funding.

E. Strengthening Training for Northern Educators

Strengthening training for Northern educators in Indigenous language and education is essential in order to provide educators with the background and context from which they can learn more about the community in which they live and work. This provides the foundation for educators to contribute to the ongoing development of positive relationships with students, parents, and the community at large.

Education bodies must allocate resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**.

The following table details school-based and/or regional approaches to **local** cultural orientation days.

Key Cultural Experiences	% of Staff Participation	% of Actual Participation	Explanation for Difference <i>(if applicable)</i>
<i>Trail Break</i>	<i>100</i>	<i>90</i>	<i>Program Support Teacher and Vice Principal had mandatory Territorial wide training with a division of ECE</i>
Feed the Fire Ceremony	100%		
Review of YKDFN History document and storytelling with community members	100%		
Winter outdoor skills – provide training with snowmobiles, safe travel procedures and equipment, maintaining the tent frame	100%		
Key Cultural Experiences – staff participate with their classes in all culture camps	100%		
Wilhideh Classes – classroom teachers join their students for language classes.	100%		

All school staff play a role in supporting language reclamation and language revitalization efforts. **Employing a whole school approach to Indigenous language use** bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

F. Offering Key Cultural Experiences

Key Cultural Experiences are the backbone to education in an Indigenous context. Students learn best by doing. Key cultural experiences are authentic and relevant activities, which provide learning experiences that reflect, validate, and promote the worldviews, culture and languages of the Indigenous peoples of the NWT. Education bodies must allocate resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

The following table details the **land-based** key cultural experiences using funding from the community support or Indigenous education categories.

Please highlight two wise practices of land-based key cultural experiences from each school in the region.

Name of Land Based Key Cultural Experience <i>(list two wise practices from each school)</i>	# of Participants	# of Cultural Resources Experts / Elders Hired	Was an Indigenous language used? <i>(Y/N)</i>	Duration of Experience <i>(Days / hours / frequency)</i>

G. Employing a Whole School Approach to Language Use

All school staff play a role in supporting language reclamation and language revitalization efforts. Employing a ‘**whole school approach to language use**’ bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

The following tables detail initiatives that employ the whole school approach to language use.

Type of School-Based Staff Initiatives in Place to Promote a Whole School Approach to Language Use.	Type of Community Events Hosted by the School that Promote, Use, and Celebrate Indigenous Languages.
<ul style="list-style-type: none"> • <i>ILES team planned monthly phrases for staff to practice and replace the English version with.</i> • <i>A language speaker attended the staff meetings at the beginning of each month and helped staff learn the phrases.</i> • <i>Reinforced learning with the use of audio clips for practice</i> 	<ul style="list-style-type: none"> • <i>Hosted community Christmas feast which included drumming, prayer, and songs in the language</i> • <i>Community-school graduation celebration in June.</i>

H. Community Support

Community support funding is offered to support Indigenous language revitalization by supporting the hiring of cultural resource experts for short term projects, the purchase/renting of on-the-land equipment and supplies, and/or the provision of Indigenous language and education professional development within communities.

The following table details the **regional** amount of allocated and actual funding spent on community support, and the explanation for any variance.

\$14,576	\$14,576			

I. Resource Development for OLC and ILE Handbook

The Resource Development funding provides support for the continued development and implementation of the *Our Languages* curriculum (OLC) and the *Indigenous Language and Education (ILE) Handbook*. Schools that provide Indigenous language instruction must offer dedicated time for Indigenous language instruction within the regular education program and actively implement the *Our Languages* curriculum by:

- Allocating resources to support core Indigenous language instruction;
- Allocating resources to develop resources for the *Our Languages* curriculum;
- Allocating resources to support community connections related to Indigenous language instruction; and,
- Allocating resources to support Indigenous language instruction through an immersion approach, where and when possible.

Resource Development funding is to be used only for:

- a) Training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation;
- b) Developing resources for the implementation of *OLC* and *ILE Handbook* in schools; and
- c) Technology needs that support *OLC* and *ILE Handbook* implementation.

Note: Please ensure copies of any new resources produced are submitted to ECE-ILES.

The following table details the **regional** funding allocated, budgeted, actual expenditures for resources development, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference (if applicable)	Actual (\$)	Explanation for Difference (if applicable)
\$32,997	\$32,997

Operating Plan - Executive Summary

The Sahtú Divisional Education Council's Operating Plan for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* (FAA) that requires Northwest Territories (NWT) Education Bodies to plan for their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The Operating Plan outline consists of several sections corresponding to various accountability areas, all of which have been completed in accordance with the Sahtú Divisional Education Council's priorities for the upcoming school year.

The following table summarizes the planned goals and targets for the upcoming school year:

In January 2020, the Sahtú Divisional Education Council (SDEC) began the process of strategic planning and long-term goal setting. The process included community engagement sessions in the five Sahtú communities - Délı̨ne, Tuli't'a, Norman Wells, Fort Good Hope and Colville Lake. The objective of the community engagement sessions was to derive strategic priorities for the school-based community, school staff and student voice. The community and student voice had a broader influence as the Sahtú Divisional Education Council developed its *Growing Forward Together: Strategic Plan 2020 – 2025*.

Growing Forward Together: Strategic Plan 2020 – 2025 sets the strategic priorities and goals for the SDEC. The four key priorities are:

Increasing Academic Achievement through Advocacy and Support

The SDEC strives to ensure equitable access to learning for all students. We advocate through the District Education Authorities (DEAs), Divisional Education Council (DEC, the Government of the Northwest Territories, and other political arenas to strengthen equitable access to education for all Sahtú students. Schools celebrate student success throughout the year. Physical, emotional, spiritual, and intellectual aspects of the whole student is recognized and celebrated.

Becoming a Capable Person in the Northwest Territories

The SDEC supports schools in strengthening students in the areas of physical, emotional, spiritual, and intellectual wellness. Student wellness will be supported through a balance between in-school support and a strong on-the-land program. In addition to a focus on wellness and identity, schools prepare students with integrated skills, attitudes, and capabilities to better make use of post-secondary and work opportunities after grade 12.

Strengthening Language, Culture, and Identity

Sahtú schools provide rich on-the-land experiences to develop traditional skills, building relationships with Elders and Traditional Experts and experience life in a culture camp. To strengthen the Indigenization of education in schools, a whole school approach is implemented where all students and staff are expected to participate. Four of the five Sahtú schools offer a junior kindergarten / kindergarten Dene Kede (North Slavey) Language Immersion program.

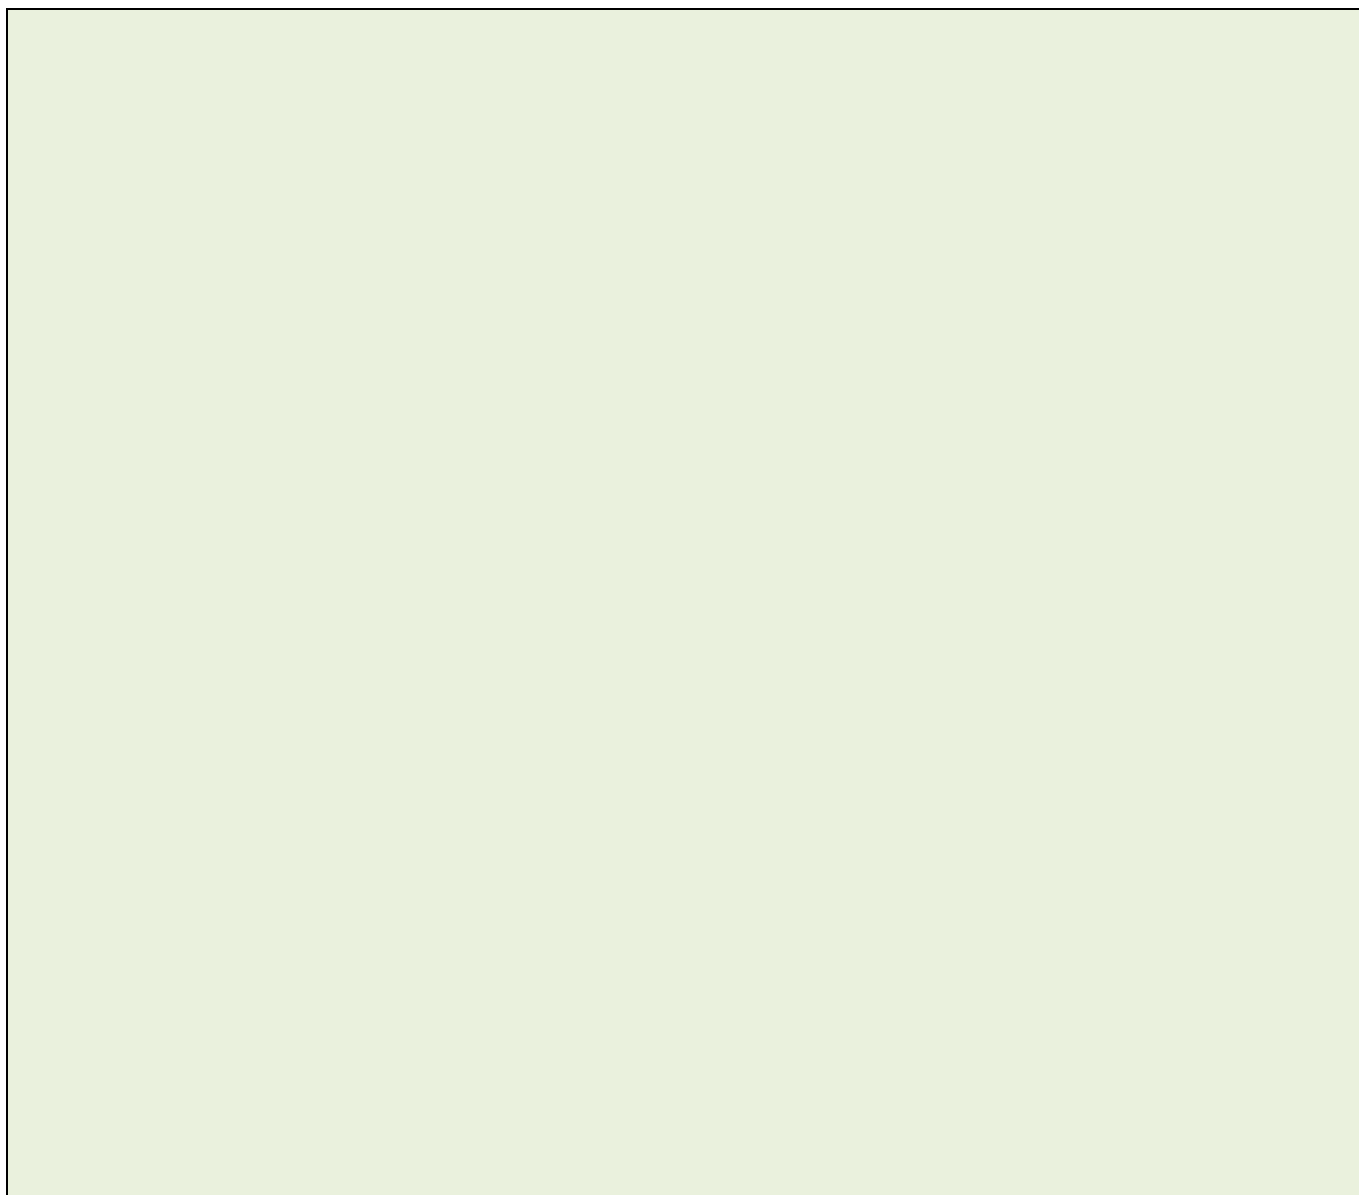

Promoting a Respectful and Responsible Learning & Work Environment

The SDEC advocates for equitable access to learning and diverse choices in programming in small schools. Increasing services and providing a safe learning environment is paramount. The SDEC is committed to advocating for school facility improvements in all schools. An open channel between the school and community is a key component of student success. Sahtú schools look to strengthen parental engagement to improve student attendance and to support and improve academic achievement. Parental and community feedback is sought to bring about changes and join successes, which are continuously identified and celebrated.

Annual Report - Executive Summary

The Sahtú Divisional Education Council's Annual Report for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* that requires Northwest Territories (NWT) Education Bodies to report on their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The following table summarizes the successes and areas for improvement for the school year:

1. Administration and School Services

Administration and Schools Services reflects the overall operations of Education Bodies and Schools, including high level overviews of the Education Body's:

- A. Governance Structure;
- B. Functional Organizational Chart;
- C. School Profiles; and
- D. Policy Development.

A. Governance of Education Bodies

The following table details key aspects of the Education Body governance structure and processes at the regional level, such as elections membership terms, current membership:

The Sahtú Divisional Education Council (SDEC) was established in 1989. The mandate of the SDEC is to provide a quality education to students from junior kindergarten to grade 12 to approximately 510 students in the communities of Délı̨ne, Tuli't'a, Norman Wells, Fort Good Hope and Colville Lake. The SDEC is composed of one representative from each of the five community-based District Education Authorities (DEAs). DEAs are elected, acclaimed, or appointed by the community, and each DEA elects one of its members to represent them at the regional SDEC meetings.

The SDEC is responsible for the provision of publicly funded education within the jurisdiction according to all relevant statutes and regulations and using funds provided by the Government of the Northwest Territories. The SDEC provides facilities, transportation, programs and services, and management of risk associated with the operations of the school division.

Governance Structure and Elections

2021 – 2024 Divisional Education Council Membership

Community	Representative	Position on Board
	Heather Bourassa	Chairperson
Colville Lake	Isabel Orlias	Trustee
Fort Good Hope	Jayda Cottam-Jackson	Trustee
Norman Wells	Sarah Baker	Vice-Chair
Tuli't'a	Sally Horassi	Trustee
Délı̨ne	Mary Ann Vital	Trustee

Sahtú governance elections are held on a three-year cycle. Community District Education Authorities (DEAs) can be either elected through a democratic process, acclaimed if insufficient candidates put forward their name during the election. Members of the DEA can also be appointed to a membership position if a vacancy occurs during the term of the sitting DEA. The SDEC follows the election procedures outlined in the NWT Elections Act and in accordance with Municipal and Community Affairs (MACA) policy and procedure.

Sahtú District Education Authorities Elections

Election	Length of Term	School Years
October 2018	3 years	2018-2019 2019-2020 2020-2021
October 2021	3 years	2021-2022 2022-2023 2023-2024
October 2024	3 years	2024-2025 2025-2026 2026-2027

Governance Building Capacity

Effective school board governance results from the collective knowledge and skill of the trustees and their capacity or willingness to work together, to manage or resolve conflicting beliefs and values about what constitutes the public interest, and to balance the responsibility of constituency representation with the best interests of the whole organization. The combined skill set and knowledge of trustees and their ability to function in a collaborative manner are crucial to the effective governance of the organization. As a result, training is viewed as an important tool to increase understanding of roles and responsibilities and effective board collaboration.

During the 2023 – 2024 school year, District Education Authorities will be provided with the option of revisiting the training on roles and responsibilities as members.

In July 2023, the DEC trustees will be attending the *2023 Canadian School Board Association’s Congress and National Trustee Gathering on Indigenous Education*, which will be hosted in Banff, Alberta.

Key Senior Management Positions

Superintendent of Schools – Dr. Renee Closs

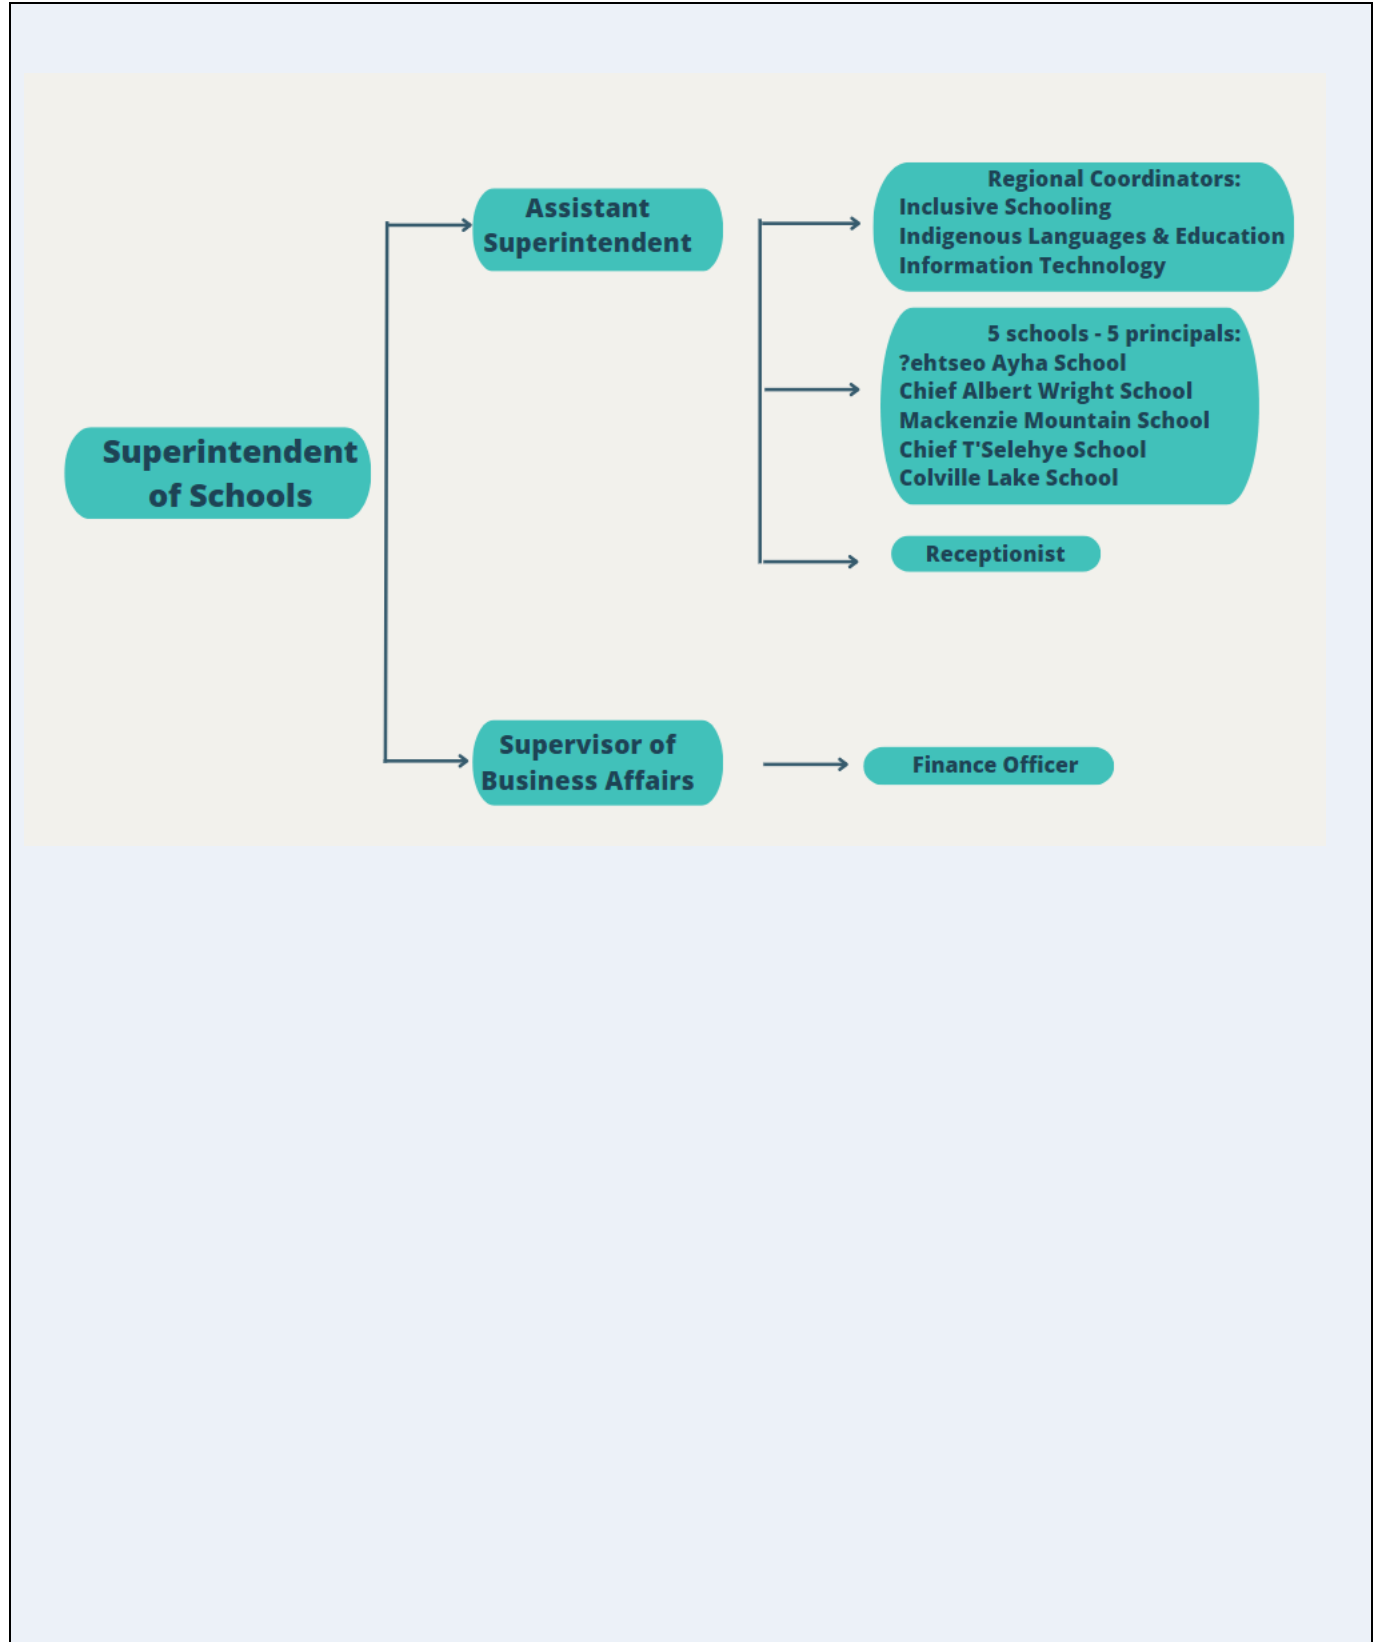

Assistant Superintendent – Ms. Lorraine Kuer

Supervisor of Business Affairs – Mr. Siddik Mohammad

The Superintendent of Schools is the Chief Executive Officer (CEO) of the SDEC and fulfills roles under the Government of the Northwest Territories legislations, including that of “Deputy Head” for the public service.

B. Functional Organizational Chart

The following table details the functional organization of the Education Body:

C. School Profiles

The following table details the total number of schools in the District, the expected student head count for the upcoming school year and a summary of the education programming highlights offered by each school in the region, including the community the school is located in, the grades offered in the school, and any additional programming highlights for the school such as immersion programming, alternative education programming, class compositions (Multi-grade, split-grade or single graded classes) and/or other alternative learning modes (e.g. distance learning, Montessori).

D. Policy Development

Under section 96 of the Education Act, a District Education Authority (DEA) is required to:

- Conduct its business in accordance with regulations
- To make by-laws governing the procedure to be followed in transacting the business of the DEA
- Establish a code of conduct for its members

The same requirements apply for Divisional Education Councils under section 108 of the Act.

The Education Act Regulations further define and provide guidance for the policies and by-laws DEAs and DEC's are required to develop.

The following table lists the required and recommended policies and by-laws for education bodies. Please indicate in the appropriate section the effective date for each policy and by-law for each education body in your region. If a policy or by-law is not applicable, indicate "NA". Where a policy or by-law does not exist, place an "X" in the relevant box.

2. Territorial Schools

Territorial Schools reflects the programs and professional development activities that directly support excellence in teaching and student academic achievement specific to the NWT Education Act, Ministerial Directives, or School Funding Framework including:

- A. Education Body Strategic Planning;
- B. School Improvement Planning & School Reviews;
- C. Staff Evaluations;
- D. Regional Training and In-Service;
- E. Literacy Coordinators;
- F. Healthy Food for Learning;
- G. Second Language Education;
- H. Student Success Initiative; and
- I. Northern Distance Learning

A. Education Body Strategic Planning

NWT Education Bodies develop regional priorities and goals based on the needs of their students and schools. The priorities and goals developed for the upcoming school year should align with the following five shared priorities agreed to by Education Leaders and the Department of ECE:

1. Student achievement in Literacy and Numeracy
2. Language and Culture
3. Student & Educator Wellness
4. Personalized and Inclusive Education
5. Key Competencies

The following tables detail regional priorities, goals, and connections to the shared priorities, including regional performance indicators and targets set for the upcoming school year related to Education Body strategic planning, along with the achieved results, the explanation for any difference between targets and results, noted areas of strength and areas for development.

Regional priorities and goals.	<p>In 2023 – 2024, the Sahtú will build upon the previous year’s priorities and goals to remediate gaps in learning exacerbated by COVID-19 learning disruptions. Targets in literacy and numeracy for grades 1-9, and the strong focus upon building competencies of capable Northwest Territories persons in grades 6 – 12, align with regional and territorial priorities, and in 2022 – 2023, the Sahtú had experienced encouraging incremental success in emerging from COVID-19 following this pathway.</p> <p>In addition, in 2023 – 2024, the Sahtú will bridge to the British Columbia (BC) curriculum by trialing grade 4 – 6 and grade 9 English and Mathematics. Teacher training will focus building teacher capacities to best transition teaching and learning to the BC curriculum. The Sahtú is also building back its language and culture focus after pandemic disruptions in teaching and learning. A Whole School Approach to language learning will prioritize language acquisition school-wide by all in the school building, and instructor training in assessing <i>Our Languages Curriculum</i> (OLC) will focus measuring and reporting on student growth in language acquisition. <i>Nurture who you are and become who you want to be</i> is the focus competency that encapsulates the academic, language and culture, and student wellness goals of the Sahtú in 2023 – 2024.</p>

Students will understand the key competency: <i>Nurture who you are and become who you want to be.</i> Through setting goals and making clear connections between what is being learned and personal and academic growth, students will develop values, skills and dispositions that allow them to live and learn well as capable people. This competency will be infused in student wellness programming and will be the shared goal of extra-curricular activities.	Each school will focus on key competencies and their components in developing capable youth. Attendance and academic growth targets will be embedded in the attainment of key competencies over time. In 2023 – 2024 each school will focus the key competency: <i>Nurture who you are and become who you want to be.</i>		
Language revitalization and access to language in everyday settings: Students will learn through authentic tasks and use functional Dene Kede language that connects to their lives. Language and culture learning will support deep understandings of the key competency: <i>Nurture who you are and become who you want to be.</i>	Everyone in the school will speak Dene Kede frequently / daily in a Whole School Approach to language learning. Assessments in <i>Our Languages Curriculum (OLC)</i> will be focused for Indigenous Language Instructor training, while rubrics from the ILE Handbook will be integrated into support of Whole School Approaches to language learning and be used to measure growth. Integration of culture and Indigenization of teaching and learning will support the target competency: <i>Nurture who you are and become who you want to be.</i>

B. School Improvement Planning & School Reviews

As per the *NWT School Improvement and Reporting Directive*, school improvement planning responds to student and community needs, addresses policy requirements, accommodates departmental directives, and engages all school staff.

In addition, Annual School Reviews should focus on standards of learning outcomes - academic and non-academic - and require schools to present the analysis and evaluations of learning outcomes to their Superintendent of Education.

The following tables detail regional priorities and goals for the upcoming school year related to School Improvement Planning and School Reviews, along with noted areas of strength and areas for development.

<p>Regional approach to School Improvement Planning and School Reviews, and relevance to regional and shared priorities, for the school year.</p>	<p>Sahtú schools began school reviews in 2022 – 2023 with a phased-in approach over three years. Principals reported in spring 2023 on achieved results in relation to regional performance indicators and targets and shared priorities, the explanation for any difference between targets and results, noting areas of strength and areas for development. Additional elements of school reviews will be added in 2023 – 2024, with complete school reviews completed in 2024 – 2025. School reviews will then be completed according to a set cycle going forward.</p> <p>Each school will develop school improvement plans by September 30, 2023. These plans will be developed in consultation with the school DEA and community. School improvement planning will reflect the concerns and needs of individual schools but align with overall regional goals. These overarching strategic goals include becoming a capable person in the NWT through developing key competencies; improving academic achievement in reading, writing and numeracy in support of developing competencies and becoming capable people; and revitalizing Indigenous language and culture through a whole school approach to language use and the Our Languages Curriculum.</p>

C. Staff Evaluations

All education staff is required to undergo evaluations as per Ministerial directives, including the *Promotion of Professional Growth for Teachers in Northwest Territories Schools (2004)* and *Direction on Principal Growth and Evaluation in the Northwest Territories (2012)*.

The following tables detail the region’s approach to completing staff evaluations for the upcoming school year related to staff evaluations, along with noted areas of strength and areas for development.

<p>Regional approach to the completion of Staff Evaluations.</p>	<p>Teacher and principal evaluations are conducted according to the evaluation cycle. In 2023 – 2024, evaluations of performance will be conducted of all teachers on probation, those teachers reaching the fourth year since their last performance appraisal, those teachers whose professional competence requires confirmation, and those teachers who personally request this option. New principals will receive a final evaluation report at the end of year two. Principals not involved in a formal evaluation are expected to be working on a professional growth plan in consultation with the Assistant Superintendent.</p>

D. Regional Training and In-Service

Education Bodies are responsible for training and in-service activities for staff at the regional and school level, which can occur throughout the year, and may include 2.5 administrative days per year and time allotted for the Strengthening Teachers’ Instructional Practices (STIP). (This does not include any professional development activities related to Article 16 of the Collective Agreement.)

The following tables detail the region’s training and in-service plan, the relevance of the plan to regional and shared priorities, along with noted areas of strength and areas for development.

<p>Regional approach to the completion of Training and In-Service.</p> <p>Please include relevance to regional and shared priorities, for the upcoming school year.</p>	<p>The Sahtú education body has titled its teacher training in curriculum renewal: <i>Bridging to the BC Curriculum</i>. Teacher training to build capacity in competency-driven instruction and learning began in 2022 – 2023 and bridges into the 2023 – 2024 school year as trialing begins in grade 4 – 6 and grade 9 English and mathematics. In September 2023, ECE curriculum teams will visit each Sahtú school to deliver whole-school and trial-grade-specific in-service in BC curriculum. Teachers in trial grades in mathematics met in person in June 2023 for three days of curriculum planning. Two mathematics contractors will visit on-site twice in the school year to support bridging to the BC Curriculum, and trialing teachers will meet virtually monthly with the mathematics contractors. The reading contractor will similarly visit on site twice in the school year with the lens of supporting reading instruction and the development of reading competencies aligned with the BC curriculum in trial grades. Work with “writing residencies” begun in 2023 with two schools, will extend to all five schools where the focus is upon building student and teacher capacities in writing competencies under guidance of the expert writer in residence. In addition, a new contractor will be introduced to support JK-12 teachers in pedagogy transition and inquiry-based learning, bridging to the BC Curriculum. On-site visits are planned twice in the school year.</p> <p>Language and Culture: The Sahtú is supporting Dene Kede Immersion instructors in JK/K through a combination of ECE <i>Our Languages Curriculum</i> in-service and individualized mentorship with an expert instructor in early childhood education three times in the school year. Professional Learning Communities (PLCs) will be the medium for collaboration and assessment of improved student achievement, led virtually by a leadership contractor.</p>

E. Literacy Coordinators

Literacy coordinators collaborate with teachers to develop effective instructional approaches in literacy and/or numeracy throughout all grades and subjects. They provide professional development for teachers and model effective routines, practices, and protocols, while developing a regional literacy action plan and supporting school administrators and teacher to develop and use instructional practices, resources, and assessments associated with the plan.

The following table details the total number of allocated, budgeted and actual Literacy Coordinators in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

F. Healthy Food for Learning

The Healthy Foods for Learning Program is supported by the Anti-Poverty Strategic Framework and aims to increase the capacity of schools to provide healthy meals and/or snacks to students.

The following tables detail the regional approach taken for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to the Healthy Foods for Learning program for the upcoming school year.</p>	<p>Sahtú schools provide healthy foods daily to address student basic needs, to support families with school-age children, and to scaffold student readiness to learn. All Sahtú schools offer daily breakfast programming, and mid-morning and mid-afternoon healthy snacks. Using Jordan’s Principle funding, Colville Lake School is able to hire a full-time foods coordinator to prepare meals/snacks for students. Chief Albert Wright School similarly accesses third party funding to hire a full-time foods coordinator. One Sahtú school offers lunch programming for students unable to go home for lunch due to transportation constraints.</p>

H. Student Success Initiative

The Student Success Initiative (SSI) aims to improve student learning and outcomes. SSI proposals are provided to the Department and the Northwest Territories Teachers' Association (NWTTA) for approvals in May of the previous school year (as per the SSI Handbook).

The following tables detail the SSI Project proposal summary including regional performance indicators and targets (**please include in the table below**), along with the achieved results, the explanation for any difference between targets and results, a summary of implementation, noted areas of strength and areas for development. Under the proposal summary, indicate whether this is a continuation of previous year's SSI project.

SSI funding will target teacher training in competency-driven teaching and learning and inquiry-based learning, aligned with the BC curriculum, twice in the school year. Similarly, reading, writing and numeracy in-service in support of bridging to the BC Curriculum will be delivered for the trialing grade teachers, but also for all teachers as appropriate during the transition from the Alberta to BC curriculum.

I. Northern Distance Learning

Northern Distance Learning (NDL) provides opportunities for small community high school students to have equitable access to higher-level academic courses. Schools participating in NDL are responsible for ensuring that an In-Class Support Person (ISP) is retained to support students during their NDL classes, all classroom supplies are purchased and to ensure a classroom with access to a long-distance telephone and document camera is provided. All other equipment and supplies for the NDL program are provided.

The following tables detail the number of allocated, budgeted and actual (ISPs) in place to provide support to Northern Distance Learning program, and the explanation for any variance between each.

3. Inclusive Schooling

The *Ministerial Directive on Inclusive Schooling* (2016) is supported annually by conditional funding that is allocated to Education Bodies for programs, processes, and personnel that meet expectations and standards identified in the *Guidelines for Inclusive Schooling* (2016), to effectively support classroom teachers and improve student success. Inclusive Schooling funding allows education bodies to provide support systems and services to enable all students to be included as full participants in regular, age-appropriate classes within their home communities.

A. Regional Inclusive Schooling Coordinators

Regional Inclusive Schooling Coordinators (RISCs) provide administrative and programming leadership at the regional level to Inclusive Schooling based staff and to the overall school team and environment to support classroom teachers in meeting the needs of students.

The following table details the total number of allocated, budgeted and actual RISCs in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

B. Program Support Teachers

Program Support Teachers (PSTs) provide direct collaborative support to classroom teachers as they develop instructional strategies to meet the needs of students.

The following table details the number of allocated, budgeted and actual PSTs in place to provide direct collaborative support to schools, and the explanation for any variance between each.

If PST duties have been split between more than one staff member, please provide details (how is the position split, and the reason for doing so).

C. Support Assistants

Support Assistants are individuals working in the school to support classroom teachers in meeting the instructional and personal needs of students.

The following table details the number of allocated, budgeted and actual Support Assistants in place to support classroom teachers in meeting the instructional and personal needs of students, and the explanation for any variance between each.

Please ensure that Support Assistants funded through Jordan’s Principle and Children’s First Initiative are included in the Actual (PY) column, and accounted for in the Explanation for Difference Column, where applicable.

D. Inclusive Schooling - Staff Development

Specific funding is provided for education staff to provide or receive professional development directly related to supporting student and inclusive education in the classroom and school in general.

The following table details the total amount of allocated, budgeted and actual funding spent on inclusive schooling professional development, and the explanation for any variance.

E. Assistive Technology

Assistive technology (AT) is any item, piece of equipment, or product system, whether acquired commercially off-the-shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of a child with a disability.

The following table details the amount of allocated, budgeted and actual funding spent on Assistive Technology per school, and the explanation for any variance between each.

Allocated (\$)	Actual (\$)	Actual Assistive Technology Purchased	User Group Type (# of classrooms / individual student/ etc.)	Total (\$)	Explanation for Difference (if applicable)

G. Alignment of Student Supports

In order to support all students within the Common Learning Environment as per 9.1c in the *Ministerial Directive on Inclusive Schooling (2016)*, it is critical that student supports are aligned. Student Support Plans (SSPs) and Individual Education Plans (IEPs) can be reviewed and changed at any time, but must be reviewed at least once every reporting period (3-4 times per year).

The following tables detail the region’s approach to ensure that student supports aligned to the goals stated in their SSPs and/or IEPs for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that student supports are aligned to the goals stated in SSPs and IEPs.</p>	<p>The RISC will conduct at least one (1) in-person visit to each school in the Sahtú to support the development, alignment and review of Student Support Plans (SSPs) and Individual Education Plans (IEPs). The RISC will also monitor the alignment of student supports through virtual check-ins with PSTs and in-person support visits, as needed.</p> <p>SSPs and IEPs can be reviewed and changed at any time but are reviewed at least once every reporting period (3-4 times per year) in the Sahtú. A copy of the SSP or IEP is sent home at reporting periods. School principals and the RISC monitor that SSPs are finalized in a timely manner and support teachers in applying differentiated instruction and individualized strategies to support each student’s growth.</p>

H. Flexible Instructional Strategies

Instructional strategies are techniques that teachers use to help students become independent, strategic learners. Principals are required to support teachers and support assistants in the use of flexible instructional strategies, such as scheduling allocation of resources, or leading staff development.

The following table details the region’s approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies.</p>	<p>Principals are informed at the beginning of the school year of expectations regarding setting up conditions to support teachers and support assistants in the use of flexible instructional strategies. I. School-based Support Team

The School-based Support Team (SBST) operates under the leadership of the principal to assist classroom teachers with developing and implementing instructional and/or management strategies, SSPs or IEPs, and to coordinate support resources for students. The team also develops strategies to support classroom teachers in meeting students’ needs and to reduce barriers to students’ success in learning; solve specific problems; address systemic issues as well as those that are teacher or student specific; and maintain documentation, as per the reporting requirements. SBSTs are encouraged to meet regularly (typically weekly), and to keep written records of their meetings.

The following tables detail the region’s approach to ensure that the SBST, under the leadership of the principal with co-leadership by PST(s), is involved to support teachers to meet the needs of all of their students for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that the SBST is in place in each school and is operating effectively as per the directive.</p>	<p>School-Based Support Teams will be encouraged to meet weekly but required to meet at least twice each month for approximately 30-45 minutes to address specific and systemic school issues. Minutes of meetings are kept at the school by the PST, and global reporting is done monthly by the principal and the PST to the SDEC in the form of monthly reports. The Sahtú will build on previous years’ successful work with the Territorial-Based Support Team when issues cannot be resolved in-house and where outside expertise is needed.</p>

J. Review of SSPs and IEPs

SSPs and IEPs should be discussed with parents and guardians. However, as per the *NWT Education Act*, IEPs additionally require the explicit consent of the student’s parent or guardian, typically recognized by a signature on the IEP.

The following tables detail the region’s approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required.</p>	<p>The expectation is that parents receive a mailed copy of SSPs and IEPs at each school reporting period. SSPs and IEPs can be reviewed and changed at any time, but in the Sahtú these reviews coincide, at minimum, with reporting periods, at least three or four times per year.</p>

K. PST Activities

In carrying out their role, the PST will focus on activities and functions that directly support classroom teachers to meet the needs of their students. The Inclusive Schooling Directive provides guidance for this by setting out PST priority time-use targets:

- a minimum of 60% of the PST’s time should be devoted to **teacher support activities**
- no more than 25% of the PST’s time should be spend working **directly with students** (commonly Tier 3 students –those with more complex needs)
- maximum of 15% of the time used for **other** functions

The following table details the region’s approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets.</p>	<p>PST priority time-use targets in the Sahtú will align with the ECE guidelines of at least 60% of their time used to supporting teachers, 25% of their time used to support students with complex needs and only 15% of their time used for other functions within the school. The RISC will monitor the implementation of this guideline during monthly meetings.</p>

4. Indigenous Languages and Education

As set out in the Education Act, the NWT education system recognizes the relationship between languages, culture and learning, and that school programs must be based on the cultures of the NWT.

The *Northwest Territories Junior Kindergarten – Grade 12 Indigenous Languages and Education Policy (ILE Policy)* is in place to support the Department of ECE and education bodies in welcoming all students within learning environments that centre, respect, and promote Indigenous worldviews, cultures, and languages of the community in which the school is located.

The *ILE Policy* is supported annually by conditional funding that is allocated to education bodies to provide quality Indigenous language instruction and relevant culture-based school programs for students as part of the education program for the education district. The funding provided to education bodies for Indigenous languages and education must be for the sole purpose of supporting students and teaching in accordance with the *ILE Policy*.

A. Regional Indigenous Language and Education Coordinators

The Regional Indigenous Language and Education (RILE) Coordinator provides a centralized leadership role in coordinating Indigenous language instruction and Indigenous education programs and activities in the region.

The following table details the total number of allocated, budgeted and actual RILE Coordinators in place to provide leadership at the regional level, and the explanation for any variance.

Allocated (PY)	Budgeted (PY)	Explanation for difference (if applicable)	Actual (PY)	Explanation for difference or any adjustments to PYs (if applicable)
1.00	1.00			

B. Indigenous Language and Education Teams

NWT schools are expected to create an ILE team to set personalized school goals identified in a School Based ILE Plan. The goals created in a school’s ILE Plan should be focused on the 9 action areas outlined in the ILE Handbook. Each year, schools are asked to revisit their ILE Action Plans and revise as needed to ensure growth of Indigenous language and education in their schools.

The following table details the composition of ILE teams and their planned meeting frequency including an explanation if the team was not in place or active during the year.

Indigenous Language and Education Team			
School	ILE Team Composition <i>(Principal, PST, etc.)</i>	Meeting Frequency	Explanation if ILE Team was not in place or active <i>(if applicable)</i>
<i>Example: ILESHS</i>	<ul style="list-style-type: none"> • <i>Principal</i> • <i>PST</i> • <i>ILI</i> • <i>Janitor</i> • <i>Cultural Support Worker</i> • <i>Homeroom teachers from grade 7, 9 and 11</i> 	<i>Once a month</i>	<i>N/A</i>
Colville Lake	<ul style="list-style-type: none"> • Principal • ILI • Land & Culture Coordinator 	Once per month	
ʔehtseo Ayha	<ul style="list-style-type: none"> • Principal • PST • ILI • Immersion teacher • Janitor • Land & Culture Coordinator • Support Assistant • Teacher 	Once per month	
Chief T'Selehye	<ul style="list-style-type: none"> • Principal • Secretary • Immersion teacher • ILI • Support Assistants (2) • ILI Assistant • Land & Culture Coordinator 	Once per month	
Chief Albert Wright	<ul style="list-style-type: none"> • Principal • Immersion teacher • Land & Culture Coordinator • Grade 1-2 teacher • Literacy / Numeracy Interventionist • Whole school meets bi-weekly to plan 	Once per month	
Mackenzie Mountain	<ul style="list-style-type: none"> • Principal • ILI • JK - K teacher • Community member 	Once per month	

C. Indigenous Language Instructors

Indigenous Language Instructors (ILIs) provide Indigenous languages instruction to JK-12 students in NWT schools through the delivery of the *Our Languages* curriculum.

The following table shows the breakdown of the budgeted, and actual ILI (PY funding) in place at each school, identifies whether the allocated PY is new or a returning ILI, and explanation for adjustments to PY.

School Name	Allocated (PY)	Budgeted (PY)	Explanation for difference (if applicable)	Actual (PY)	Explanation for difference or any adjustments to PYs (if applicable)
Colville Lake	0.75	1.00			
ᑭᑭᑭᑭ Ayha	1.27	1.00			
Chief T'Selehye	1.34	1.55			
Chief Albert Wright	1.07	1.00			
Mackenzie Mountain	1.12	1.00			
TOTAL	5.55	5.55	Schools where funding was provided for partial PYs was reallocated to another school to increase staffing		

Note: Culture and language resource people and Elders are accounted for under the Indigenous Education (O&M) and Community Support categories.

Some Regions have indicated difficulty in filling ILI positions. The following table details the planning for maintaining ILI instruction in the Region, and for recruiting and retaining ILIs. As well as the opportunity to describe challenges or barriers related to Indigenous language instruction.

Accommodations made to maintain Indigenous language instruction in the region, if any?	<p><i>Example: Three Indigenous Language Instructors have been hired on a letter of authority</i></p> <p>Four JK – K Immersion teachers have been hired on a Letter of Authority.</p> <p>It is challenging to recruit fluent speakers who also hold a Bachelor of Education degree.</p>
--	---

<p>Plans to recruit and retain language teachers, if any?</p>	<p><i>Example: The region has plans to work with ECE to implement the Indigenous Language Instructor Employment Plan (ILIEP) in our region.</i></p> <p>The hiring of Language Helpers in each of the five language classes, the Language Helpers hired were based on the needs of the ILI's. Previously ILI's had indicated that they were not very knowledgeable with technology, so in this case where the 4 out of 5 ILI's, were fluent but struggling with technology, a classroom helper was hired to assist with technology, while at the same time picking up Dene Kede taught to students.</p> <p>There was a new hire (late 20'r or early 30's) in 2021-2022, who understood and spoke but was struggling with speaking and in this case an older person who was fluent was hired, so they could make conversations, and in cases where the new hire had difficulty saying the word, the helper was able to help her in class.</p> <p>Host workshops on reading and writing Dene Kede. Invite substitute teachers and potential candidates to attend the workshops.</p>
<p>The # of anticipated New ILIs and which schools they are in.</p>	<p>None</p>
<p>Challenges and/or barriers faced in the region</p>	<p><i>Example: Limited language speakers</i></p> <p>Limited fluent language speakers within the region. No courses are available for fluent language speakers. For example, a few years ago, ALCIP was a path to offer courses for the ILIs and Immersion teachers who were interested in registering for courses on a part-time basis. ALCIP was offered regionally.</p>

D. Indigenous Education

Indigenous Education funding supports the operation and maintenance of Indigenous education programs and activities in NWT schools. All NWT schools are expected to welcome all students within learning environments that centre, respect, and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located. This includes:

- Schools must actively implement *Dene Kede* and/or *Inuuqatigiit* to bring forward, in all instruction, the Indigenous worldviews, cultures, and languages of the community in which the school is located by:
 - Allocating resources to support JK-12 educators in actively implementing *Dene Kede* and/or *Inuuqatigiit*.
- Schools should welcome all students within learning environments that centre, respect and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located, through building the school-community relationship, offering educator training and employing a whole school approach to Indigenous language use by:
 - Allocating resources to help build the school-community relationship, including **mandatory Elders in Schools programming**: *Please note that Elders in School Programming no longer exists as a separate program and the financial support has been absorbed into Indigenous Education funding*;
 - Allocating resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**; and,
 - Allocating resources to employ a whole school approach to Indigenous language use.
- Schools should work toward Indigenizing teaching and learning practices, Indigenizing the content of curricula and programming, and providing opportunities for all JK-12 students to engage in authentic and relevant key cultural experiences throughout the school year by:
 - Allocating resources to support educators to ensure their teaching and learning practices are holistic, spiral, experiential and relational;
 - Allocating resources to support educators in Indigenizing the content of curricula and programming to ensure it reflects the Indigenous worldviews, cultures, and languages of the community in which the school is located; and,
 - Allocating resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

Indigenous Education funding includes the hiring of Elders and community resource people and providing appropriate teacher training to ensure the *ILE Policy* is implemented.

The following table details the total amount of allocated, budgeted, and actual funding spent on Indigenous Education to create welcoming environments and Indigenizing education **in each school**, and the explanation for any variance.

School Name	Allocated (\$)	Budgeted (\$)	Explanation for difference (if applicable)	Actual (\$)	Explanation for difference (if applicable)	3rd Party Funding (\$) / Source (If applicable)
<i>Example: ILESHS</i>	<i>\$40,000</i>	<i>\$30,000</i>	<i>\$10,000 will be used for sub costs/travel to support language professional development for ILLs</i>	<i>\$30,000</i>	<i>N/A</i>	<i>N/A</i>
Colville Lake	\$38,000	\$20,500				
?ehtseo Ayha	\$44,400	\$23,500				
Chief T'Selehye	\$44,400	\$22,500				
Chief Albert Wright	\$43,200	\$23,500				
Mackenzie Mountain	\$40,800	\$20,500				
TOTAL	\$210,800	\$110,500	\$100,300 is being re-distributed between TLC, Community Supports, and RILE duty travel			

The following table details whether **schools** choose to allocate or find additional funding for an Elder and/or Cultural Support Worker that works at the school on a **consistent schedule** either from ILE funds or 3rd party funding.

School	Elder in School (Y/N)	Cultural Support Worker (Y/N)	How are these positions funded?	If no to either of these positions, why not?
<i>Example: ILESHS</i>	<i>No</i>	<i>Yes</i>	<i>Jordan's Principle</i>	<i>Elders are hired on short term basis using ILE Funding</i>
Colville Lake	No	Yes	Jordan's Principle	
?ehtseo Ayha	No	Yes	Jordan's Principle	
Chief T'Selehye	No	Yes	Jordan's Principle	
Chief Albert Wright	No	Yes	Jordan's Principle	
Mackenzie Mountain	No	Yes	ILE funds	

E. Strengthening Training for Northern Educators

Strengthening training for Northern educators in Indigenous language and education is essential in order to provide educators with the background and context from which they can learn more about the community in which they live and work. This provides the foundation for educators to contribute to the ongoing development of positive relationships with students, parents, and the community at large.

Education bodies must allocate resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**.

The following table details school-based and/or regional approaches to **local** cultural orientation days.

School	Key Cultural Experiences	% of Staff Participation	% of Actual Participation	Explanation for Difference (if applicable)
<i>Example: ILESHS</i>	<i>Trail Break</i>	<i>100</i>	<i>90</i>	<i>Program Support Teacher and Vice Principal had mandatory Territorial wide training with a division of ECE</i>

All school staff play a role in supporting language reclamation and language revitalization efforts. **Employing a whole school approach to Indigenous language use** bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

F. Offering Key Cultural Experiences

Key Cultural Experiences are the backbone to education in an Indigenous context. Students learn best by doing. Key cultural experiences are authentic and relevant activities, which provide learning experiences that reflect, validate, and promote the worldviews, culture and languages of the Indigenous peoples of the NWT. Education bodies must allocate resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

The following table details the **land-based** key cultural experiences using funding from the community support or Indigenous education categories.

Please highlight two wise practices of land-based key cultural experiences from each school in the region.

School	Name of Land Based Key Cultural Experience <i>(list two wise practices from each school)</i>	# of Participants	# of Cultural Resources Experts / Elders Hired	Was an Indigenous language used? <i>(Y/N)</i>	Duration of Experience <i>(Days / hours / frequency)</i>

G. Employing a Whole School Approach to Language Use

All school staff play a role in supporting language reclamation and language revitalization efforts. Employing a ‘whole school approach to language use’ bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

The following tables detail initiatives that employ the whole school approach to language use.

School	Type of School-Based Staff Initiatives in Place to Promote a Whole School Approach to Language Use.	Type of Community Events Hosted by the School that Promote, Use, and Celebrate Indigenous Languages.
<i>Example: ILESHS</i>	<ul style="list-style-type: none"> • <i>ILES team planned monthly phrases for staff to practice and replace the English version with.</i> • <i>A language speaker attended the staff meetings at the beginning of each month and helped staff learn the phrases.</i> • <i>Reinforced learning with the use of audio clips for practice</i> 	<ul style="list-style-type: none"> • <i>Hosted community Christmas feast which included drumming, prayer, and songs in the language</i> • <i>Community-school graduation celebration in June.</i>

H. Community Support

Community support funding is offered to support Indigenous language revitalization by supporting the hiring of cultural resource experts for short term projects, the purchase/renting of on-the-land equipment and supplies, and/or the provision of Indigenous language and education professional development within communities.

The following table details the **regional** amount of allocated and actual funding spent on community support, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference <i>(if applicable)</i>	Actual (\$)	Explanation for Difference <i>(if applicable)</i>
\$94,501	\$105,500	\$10,999 is being re-distributed from Indigenous Education to increase this location		

I. Resource Development for OLC and ILE Handbook

The Resource Development funding provides support for the continued development and implementation of the *Our Languages* curriculum (OLC) and the *Indigenous Language and Education (ILE) Handbook*. Schools that provide Indigenous language instruction must offer dedicated time for Indigenous language instruction within the regular education program and actively implement the *Our Languages* curriculum by:

- Allocating resources to support core Indigenous language instruction;
- Allocating resources to develop resources for the *Our Languages* curriculum;
- Allocating resources to support community connections related to Indigenous language instruction; and,
- Allocating resources to support Indigenous language instruction through an immersion approach, where and when possible.

Resource Development funding is to be used only for:

- a) Training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation;
- b) Developing resources for the implementation of *OLC* and *ILE Handbook* in schools; and
- c) Technology needs that support *OLC* and *ILE Handbook* implementation.

Note: Please ensure copies of any new resources produced are submitted to ECE-ILES.

The following table details the **regional** funding allocated, budgeted, actual expenditures for resources development, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference (if applicable)	Actual (\$)	Explanation for Difference (if applicable)
\$140,798	\$160,000	\$19,202 is being re-distributed from Indigenous Education to increase this location		

The following table details the **regional** and **school** training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation.

<i>Example: ILESHS -2 ILIs and PST</i>	<i>OLC</i>	<i>Assessment</i>	<i>RILE and private contractor</i>	<i>September 12-14, Yellowknife</i>

The following table details the **regional resources created** for the implementation of *OLC* and *ILE Handbook* in schools.

Resource Type (ex: books, signage, digital, visuals, translations)	Title of Resource (if texts)	# of Copies Produced	Language Produced In
<i>Example: Wordless book</i>	<i>Rebecca and the Trickster Raven</i>	<i>30</i>	<i>Dene Zhatie</i>

The following table details **regional purchases made to support technological** needs that support OLC and ILE implementation.

Type of technology purchased	# of Items Purchased	How the Purchased Technology Supports <i>OLC</i> and <i>ILE Handbook</i> Implementation
<i>Example: iPads</i>	<i>5</i>	<i>5 iPads were placed in the Indigenous language classroom and fully loaded with all apps, games and electronic books that support Indigenous language instruction.</i>

Operating Plan - Executive Summary

The Tłıchoł Community Services Agency’s Operating Plan for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* (FAA) that requires Northwest Territories (NWT) Education Bodies to plan for their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education’s direction.

The Operating Plan outline consists of several sections corresponding to various accountability areas, all of which have been completed in accordance with the Tłıchoł Community Services Agency’s priorities for the upcoming school year.

The following table summarizes the planned goals and targets for the upcoming school year:

The TCSA consists of 5 schools that house approximately 892 students. Our schools serve students from JK-12 and our programs include Tłıchoł Immersion, regular and transitional programs, and Northern Distance Learning. “Strong Like Two People” is the mission of the agency, each school, and the intent of all educational programming.

In response to the TCSA strategic plan, education has set the following goals and priorities for 2022-2026.

1. Student Achievement: Supporting high quality instruction, interventions, and training for oral language, reading, and numeracy.
2. Wellness and Student Support: Ensure all students have equal opportunity to succeed.
3. Lifelong Learning: Developing capable lifelong learners.
4. Culturally Responsive Programs and Services: Indigenizing education in the support of developing capable Tłıchoł people.

In response to regional student achievement data the TCSA has developed a comprehensive plan to improve oral language, literacy, and mathematics that includes:

- Literacy and Math Curriculum Coordinators to strengthen instruction, analyse student achievement data;
- Strengthen tier 1 instruction in both literacy and mathematics using evidence based instructional planning; and
- Student Success Initiative (SSI) proposal to provide support for Professional Learning Communities (PLC) and Multi-Tier System of Support (MTSS) through onsite coaching to build capacity in our educators.

Due to the significant number of students with support plans, and in response to the results of the Early Development Instrument (EDI), and Middle Years Development Instrument (MDI), the TCSA will focus on:

- Creating a healthy environment for our students through a variety of healthy food, counselling, recreation, and rehabilitation (SLP/OT) programs;
- All schools within the TCSA adhere to Safe Schools Plans and Emergency Response Plans (ERP) that are reviewed annually to ensure the safety of our students;
- Improving SSPs and IEPs goals and instruction to be responsive to assessments and providing corresponding programming for students;

- Supporting the Indigenous Health and Wellness Elders (IHWE), Peer Support Workers (PSW), Child and Youth Care Counsellors (CYCCs) and Northern Counselling and Therapeutic Services (NCTS) in providing healing and counselling services to our students; and
- Aligning school and regional policies and procedures with a trauma sensitive approach.

To prepare students and support staff to be lifelong learners, the TCSA will:

- Foster lifelong learning through purposeful coaching and in-servicing for educators specifically in the areas of reading, mathematics, and Tłıchǫ language;
- Expanding on Information Technology instruction and capacity through the region with a focus on Google workspace; and
- Support quality career path programming for students in grades 7-12 (such as CPP, myBlueprint, and working with Tłıchǫ Government Career Officers and GNWT Career Education Advisors (CEA)).

As language and culture is such a vital part of the identity of our agency, staff, and community, the TCSA strives to be innovators and leaders in Tłıchǫ language, culture, and way of life. As such the TCSA will continue to and expand on several key initiatives:

- All schools in the TCSA region offer Tłıchǫ as a second language, and one school offers Tłıchǫ immersion in K-2;
- The Elders in Schools Program and Indigenous Health and Wellness Elder provides activities such as storytelling, on-the-land camps, celebration days, and heritage fair, and most importantly create Tłıchǫ identity within the schools;
- TCSA schools plan events using the strengths of the educators, support assistants, students, and community members to promote a positive relationship between community and school. These include culture orientation days which are held throughout the year at each school;
- The Tłıchǫ region has a long and rich history of offering innovate and unique language programming and intends on continuing that practice by developing age-appropriate resources (songs and books); and
- The TCSA will continue to support Indigenizing education through regionally developed resources including Culture Based Integrated Planning (CBIP), locally developed courses, Tłıchǫ History, and numerous Tłıchǫ language books.

The TCSA has embraced Chief Jimmy Bruneau’s vision: “a school to be built... on my land... and that school will be run by my people, and my people will work at that school and our children will learn both ways, our way and the white man’s way”. To our future we look to Elizabeth Mackenzie’s belief that the old Chief Jimmy Bruneau looked far ahead for us, so that our children will be ‘strong like two people’.

Annual Report - Executive Summary

The Tłıchoǵ Community Services Agency’s Annual Report for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* that requires Northwest Territories (NWT) Education Bodies to report on their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education’s direction.

The following table summarizes the successes and areas for improvement for the school year:

1. Administration and School Services

Administration and Schools Services reflects the overall operations of Education Bodies and Schools, including high level overviews of the Education Body's:

- A. Governance Structure;
- B. Functional Organizational Chart;
- C. School Profiles; and
- D. Policy Development.

A. Governance of Education Bodies

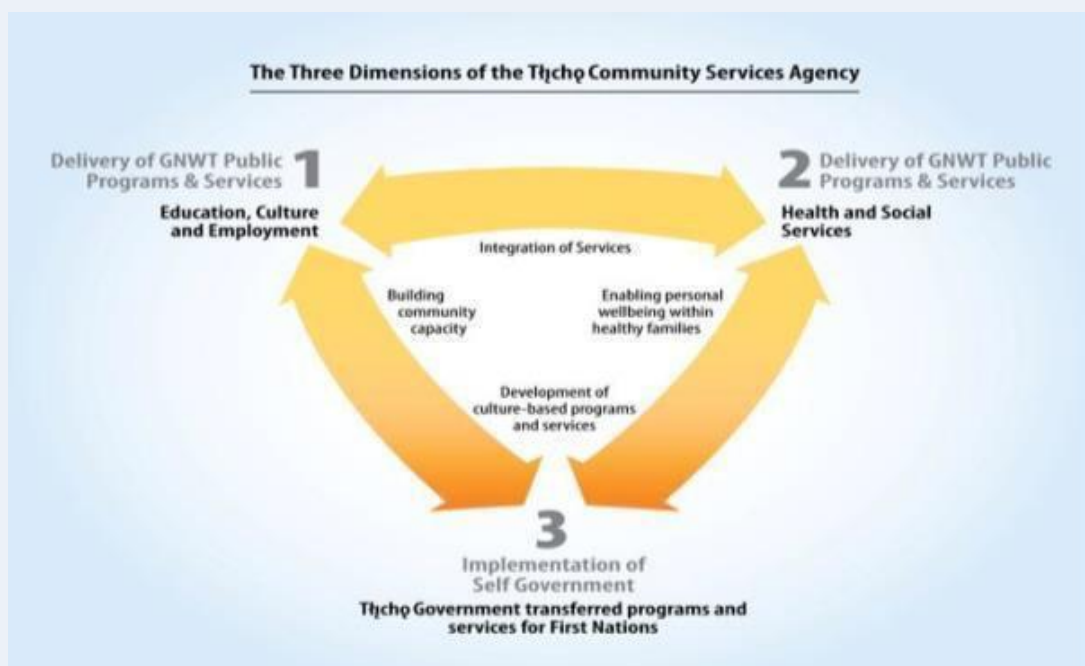

The following table details key aspects of the Education Body governance structure and processes at the regional level, such as elections membership terms, current membership:

The TCSA was established under the Tłı̨chǫ Agreement effective August 4, 2005. It is a unique organization in the Northwest Territories in two significant ways. Firstly, it is a Government of the Northwest Territories Agency, while incorporating the values and principles of the Tłı̨chǫ people and having the longer-term objective of transforming itself into an agency of the Tłı̨chǫ Government. Secondly, the Agency is the only one in the Northwest Territories to deliver health and social services as well as education programs under one entity as defined under the *Tłı̨chǫ Community Services Agency Act*. A copy of this legislation is available on the GNWT website at <http://www.justice.gov.nt.ca/>.

As a result of the Agency delivering the health and social services as well as education programs, it is accountable to the Government of the Northwest Territories Department of Health and Social Services and the Department of Education, Culture and Employment. The deliveries for both health and education programs operate under two different year ends: March 31 and June 30, respectively. The Agency prepares annual audited financial statements for the combined health and education programs as of March 31 for the Government of the Northwest Territories fiscal year end, as well as audited statements solely for the education program year ending June 30.

The Agency, unlike other Education and Health & Social Services authorities in the NWT, has three dimensions, as outlined in Figure 1.

Figure 1: Three Dimensions of the TCSA

The Agency is governed by a Board made up of four members and a chairperson. The Tłı̨chǫ Community Governments (Behchokò, Gametì, Wekweètì and Whatì) each appoint one

member to represent their community on the Agency Board which has the power, duty, and functions as the Tłıchoǵ district education council (DEC). The GNWT Minister of Aboriginal Affairs appoints the chairperson after consultation with the Agency appointees and the Tłıchoǵ Government. The term for Agency Board members is determined by the entity appointing them and may not exceed four years. Members may be reappointed for consecutive terms. The TCSA Board meets quarterly throughout the year: additional meetings are scheduled as/when the need arises.

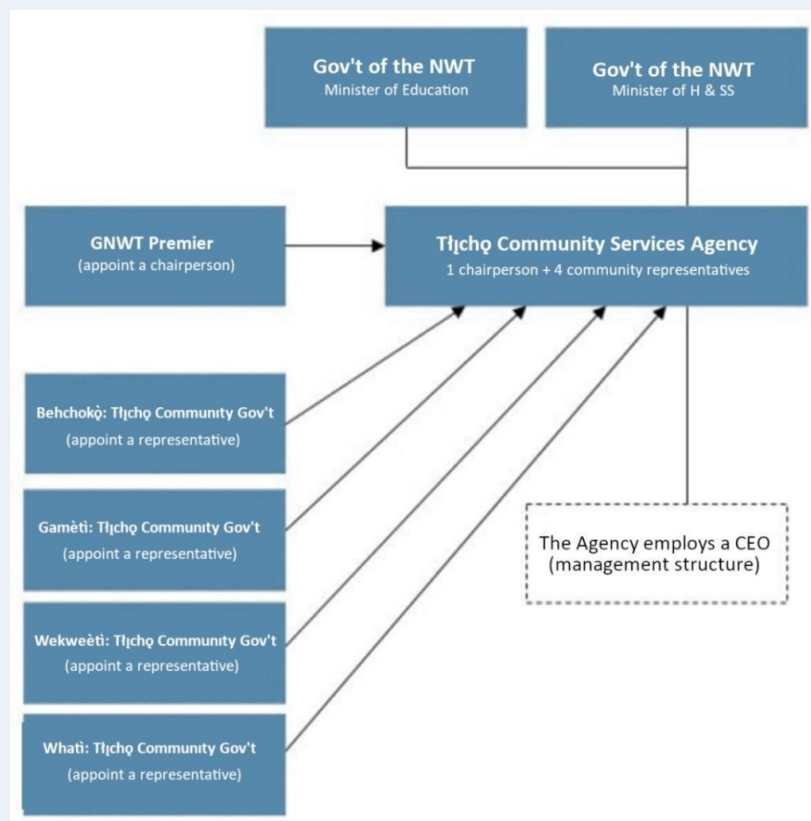

The current TCSA Board members include:

- Chairperson – Ted Blondin
- Behchokò Representative – Rosa Mantla
- Whatì Representative – Alex Nitsiza
- Gamètì Representative – Irene Mantla
- Wekweètì Representative – Marie Adele Football

The term for the current Chairperson was extended on July 19, 2021 for three years. The terms for each of the current TCSA Board members end in the 2025-2026 school year (June 2026) and a new board will be appointed by July 2026.

Figure 2: Governance Structure of the Tłıchǫ Community Services Agency

The TCSA is an intergovernmental services agency and delivers programs in the areas of Education, and Health and Social Services. Thus, the administrative structure is different from that of other education authorities. The Agency employs a Chief Executive Officer who is responsible to direct the work of a management team consisting of a Director of Education, an Executive Director and Director of Health and Social Services, and a Director of Corporate Services as outlined below:

- Chief Executive Officer – Kevin Armstrong
- Director of Education – Linsey Hope
- Executive Director of Health and Social Services - Sara Nash
- Director of Health and Social Services – Rebecca Nash
- Director of Finance and Corporate Services – Rose Jiang

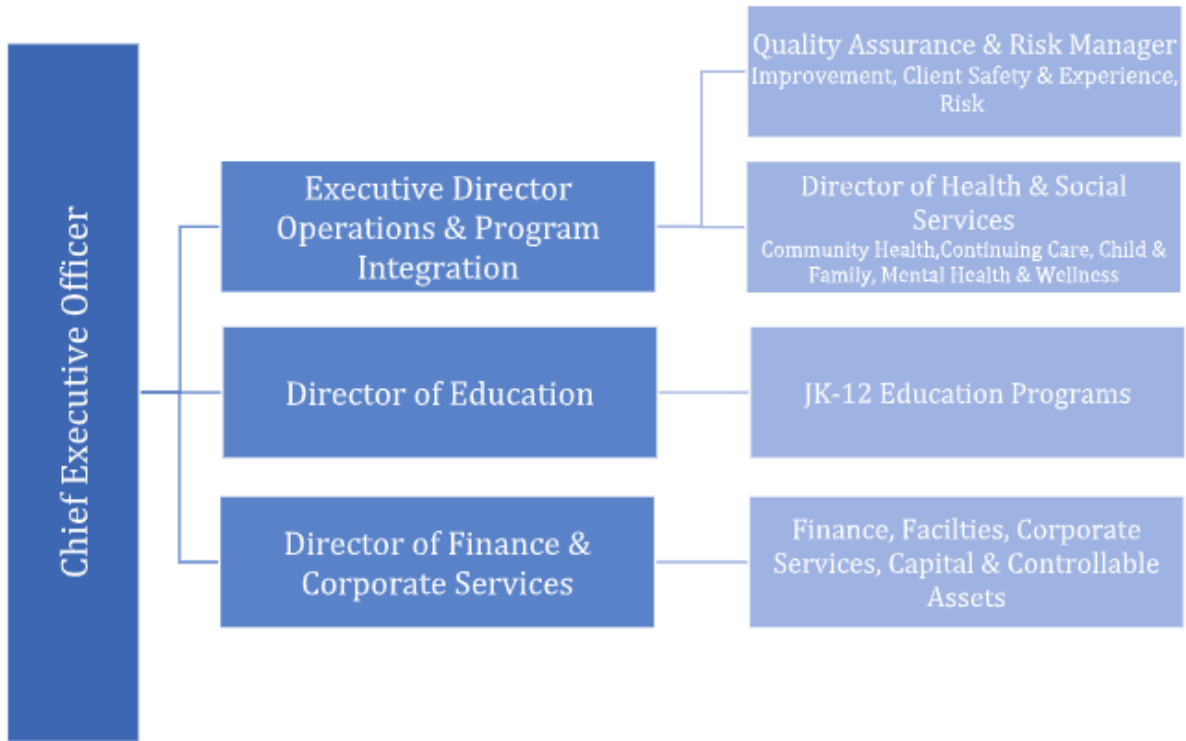

The CEO fulfills legislated roles under GNWT legislation including that of “Deputy Head” for the public service, and “Superintendent” under the Education Act. The Early Childhood and First Nations Social Programs, initially transferred to the TCSA by the Tłıchǫ Government, were returned to the Tłıchǫ Government in 2012 as a step towards self-government.

B. Functional Organizational Chart

The following table details the functional organization of the Education Body:

Tłcho Community Services Agency Functional Organizational Chart

Figure 3: Management and Program Function Structure of the Tłcho Community Services Agency

All senior management positions of the TCSA are indeterminate. Each senior manager undergoes a performance evaluation annually.

C. School Profiles

The following table details the total number of schools in the District, the expected student head count for the upcoming school year and a summary of the education programming highlights offered by each school in the region, including the community the school is located in, the grades offered in the school, and any additional programming highlights for the school such as immersion programming, alternative education programming, class compositions (Multi-grade, split-grade or single graded classes) and/or other alternative learning modes (e.g. distance learning, Montessori).

D. Policy Development

Under section 96 of the Education Act, a District Education Authority (DEA) is required to:

- Conduct its business in accordance with regulations
- To make by-laws governing the procedure to be followed in transacting the business of the DEA
- Establish a code of conduct for its members

The same requirements apply for Divisional Education Councils under section 108 of the Act.

The Education Act Regulations further define and provide guidance for the policies and by-laws DEAs and DEC's are required to develop.

The following table lists the required and recommended policies and by-laws for education bodies. Please indicate in the appropriate section the effective date for each policy and by-law for each education body in your region. If a policy or by-law is not applicable, indicate "NA". Where a policy or by-law does not exist, place an "X" in the relevant box.

Due to the Agency's unique position granted by the TCSA Act and Education Act, the agency is governed by a Board made up of four members and a chairperson. The Tłı̨chǫ Community Governments (Behchokò, Gamètì, Wekweètì and Whatì) each appoint one member to represent their community on the Agency Board which has the power, duty, and functions as the Tłı̨chǫ district education council (DEC). Dates indicated the most recent date of revision.

2. Territorial Schools

Territorial Schools reflects the programs and professional development activities that directly support excellence in teaching and student academic achievement specific to the NWT Education Act, Ministerial Directives, or School Funding Framework including:

- A. Education Body Strategic Planning;
- B. School Improvement Planning & School Reviews;
- C. Staff Evaluations;
- D. Regional Training and In-Service;
- E. Literacy Coordinators;
- F. Healthy Food for Learning;
- G. Second Language Education;
- H. Student Success Initiative; and
- I. Northern Distance Learning

A. Education Body Strategic Planning

NWT Education Bodies develop regional priorities and goals based on the needs of their students and schools. The priorities and goals developed for the upcoming school year should align with the following five shared priorities agreed to by Education Leaders and the Department of ECE:

1. Student achievement in Literacy and Numeracy
2. Language and Culture
3. Student & Educator Wellness
4. Personalized and Inclusive Education
5. Key Competencies

The following tables detail regional priorities, goals, and connections to the shared priorities, including regional performance indicators and targets set for the upcoming school year related to Education Body strategic planning, along with the achieved results, the explanation for any difference between targets and results, noted areas of strength and areas for development.

<p>Regional priorities and goals.</p>	<p>The guiding principles and values of the TCSA strategic plan acknowledge Elders as keepers of the living memory, and value the cooperation and self-sufficiency which comes from knowledge of our history, culture, and language. The foundational principles include the development of strong, capable, healthy Tłıcho communities, providing quality integrated programs and services in an effective, efficient, and timely manner, and enabling people to take responsibility for their own health, education, and well-being.</p> <p>The overarching Strategic Plan for the TCSA was published in the TCSA Strategic Plan in 2022.</p> <p>Strategic Plan Priorities:</p> <ol style="list-style-type: none"> 1. B. School Improvement Planning & School Reviews

As per the *NWT School Improvement and Reporting Directive*, school improvement planning responds to student and community needs, addresses policy requirements, accommodates departmental directives, and engages all school staff.

In addition, Annual School Reviews should focus on standards of learning outcomes - academic and non-academic - and require schools to present the analysis and evaluations of learning outcomes to their Superintendent of Education.

The following tables detail regional priorities and goals for the upcoming school year related to School Improvement Planning and School Reviews, along with noted areas of strength and areas for development.

<p>Regional approach to School Improvement Planning and School Reviews, and relevance to regional and shared priorities, for the school year.</p>	<p>All TCSA schools review and adapt their School Improvement Plans annually, under consultation with community, and staff. Each year schools consider previous year’s growth, challenges, regional and territorial priorities to create responsive plans. The SIP reflects the regional strategic priorities, which align with territorial initiatives such as Our Languages Curriculum, Indigenizing Education, and Inclusive schooling. Specifically, schools target student achievement, Tłıchoꞏ culture and language, student wellness, attendance, and lifelong learning. The school improvement process is linked to the school review process.</p> <p>The Annual School Review is based on the Strategic Plan, Operating Plan, and School Improvement Plans. Schools review their progress against the regional and school targets. TCSA has developed an ‘Annual School Review’ process in consultation with the TCSA board. The TCSA will conduct a school review of each school on a rotating basis (1 school each year) and may review additional schools as necessary. The Annual School Review will include inspections of safety protocols, OHS, infrastructure, climate and culture, Tłıchoꞏ culture, staffing, and language programming, and focuses on the school’s ability to deliver effective education programs.</p>

C. Staff Evaluations

All education staff is required to undergo evaluations as per Ministerial directives, including the *Promotion of Professional Growth for Teachers in Northwest Territories Schools* (2004) and *Direction on Principal Growth and Evaluation in the Northwest Territories* (2012).

The following tables detail the region’s approach to completing staff evaluations for the upcoming school year related to staff evaluations, along with noted areas of strength and areas for development.

<p>Regional approach to the completion of Staff Evaluations.</p>	<p>The TCSA encourages a rotational schedule, whereby staff evaluations are provided for: 1) new staff in their first and second year, 2) returning staff every 5 years, and 3) upon request of the teacher or principal. The TCSA follows the process outlined in the <i>Promotion of Professional Growth For Teachers in Northwest Territories Schools</i> (2004) and <i>Direction on Principal Growth and Evaluation in the Northwest Territories</i> (2012) in conducting the evaluations. Where there are operational requirements (ex: limited managers for large staff) priority will be placed on completing evaluations for 1st and 2nd year staff. The TCSA is part of the PD and Training territorial sub-committee working on updating the teacher evaluation process.</p> <p>The Union of Northern Workers (UNW) (school support staff) are evaluated using the GNWT’s E-Performance tool. Education, unlike many other GNWT divisions, has an increasing number of staff with limited number of managers/supervisors (only principals) resulting in pressure on limited management resources to complete UNW employee evaluations.</p>

D. Regional Training and In-Service

Education Bodies are responsible for training and in-service activities for staff at the regional and school level, which can occur throughout the year, and may include 2.5 administrative days per year and time allotted for the Strengthening Teachers’ Instructional Practices (STIP). (This does not include any professional development activities related to Article 16 of the Collective Agreement.)

The following tables detail the region’s training and in-service plan, the relevance of the plan to regional and shared priorities, along with noted areas of strength and areas for development.

<p>Regional approach to the completion of Training and In-Service.</p> <p>Please include relevance to regional and shared priorities, for the upcoming school year.</p>	<p>The TCSA dedicates considerable resources to provide training and in-servicing to our educators. For the 2023-2024 school year this includes: a regional conference for support staff and teachers trialing the BC Curriculum, one language instructor in-service, two cultural orientation days, and 38 hours collaborative STIP time. In addition to these training activities, the TCSA also offers extensive onsite coaching and workshops in PLCs, literacy, numeracy, and Indigenizing education. Due to internet bandwidth, in person training is preferred, however virtual options are becoming more common. Administrative days are used to complete administrative tasks not in-servicing or training, however the region supports 4 professional development days as well as 2.5 in-service days. The TCSA also utilizes the GNWT Enterprise Learning Management (ELM) course offerings to support all GNWT staff in areas such as supervisor training, working safely, cultural sensitivity, IT and information security.</p>

E. Literacy Coordinators

Literacy coordinators collaborate with teachers to develop effective instructional approaches in literacy and/or numeracy throughout all grades and subjects. They provide professional development for teachers and model effective routines, practices, and protocols, while developing a regional literacy action plan and supporting school administrators and teacher to develop and use instructional practices, resources, and assessments associated with the plan.

The following table details the total number of allocated, budgeted and actual Literacy Coordinators in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

F. Healthy Food for Learning

The Healthy Foods for Learning Program is supported by the Anti-Poverty Strategic Framework and aims to increase the capacity of schools to provide healthy meals and/or snacks to students.

The following tables detail the regional approach taken for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to the Healthy Foods for Learning program for the upcoming school year.</p>	<p>The Tłcho Community Services Agency offers Healthy Food programming in all our schools, all programs are free for all students to access. The agency has both a Healthy Foods in School Policy, as well as Traditional Foods Policy. Traditional foods are an important part of the daily lives for many Tłcho people. It is essential for their health, culture, and identity. Food and the way it is prepared carries significant meaning for all people; it acknowledges traditions, appreciates the experiences and diverse preferences of a group of people. Thus, healthy traditional foods are encouraged in all Tłcho schools and camps.</p>	Program Name	Schools Involved	Breakfast and snack programs	All Schools	Drop the Pop	All Schools	Lunch Program	CJBS	Traditional Food Day	All Schools	Take home food program for families with food insecurities	All Schools (as available and required)

H. Student Success Initiative

The Student Success Initiative (SSI) aims to improve student learning and outcomes. SSI proposals are provided to the Department and the Northwest Territories Teachers’ Association (NWTTA) for approvals in May of the previous school year (as per the SSI Handbook).

The following tables detail the SSI Project proposal summary including regional performance indicators and targets (**please include in the table below**), along with the achieved results, the explanation for any difference between targets and results, a summary of implementation, noted areas of strength and areas for development. Under the proposal summary, indicate whether this is a continuation of previous year’s SSI project.

Name of SSI Project	Multi-Tier System of Support – Tier 1, 2, and 3
SSI Project Proposal Summary	<p>Multi-Tiered System of Support (MTSS) is a framework that helps educators provide academic and behavioural strategies for students with various needs. MTSS is an integrated school-wide approach (universal, focused, intensive) which provides a structure for support for all students. It is inclusive of all students and recognizes the inherent worth of empowering all students and parents. The TCSA SSI proposal aims to strengthen and embedded the MTSS principles through Professional Learning Communities (PLCs) and Response to Interventions (RTI).</p> <p>The interventions supported by this project work to develop literacy skills along the spectrum from oral language development to reading comprehension. As such evidence of student need is provided by four main measures: Early Development Instrument (EDI), Teacher Rating of Oral Language and Literacy (TROLL), student program type, and Fountas and Pinnell: Benchmark Reading Assessments (F&P). Without question COVID has impacted our ability to close gaps in student learning. Schools in the Tlicho region were closed for a significant portion of the school year, there has been poor attendance during in person learning, and coaching was limited to virtual as visitors were not permitted. Regional leadership teams have advocated strong support to ‘stay on our path’ and avoid temptations to take on new projects. Thus the TCSA SSI is a multi-year proposal.</p> <p>The recently updated TCSA Literacy Action Plan, provides a ‘map’ for PLC teams to use as a starting place for their work. As the team begins to work effectively they take more autonomy in analyzing their data, making responsive instructional plan, and referring to tiered intervention supports. This gradual release of responsibility is a key element to the PLC and RTI approaches. As the region moves to BC Curriculum the PLC and MTSS</p>

	approach will allow time for teachers to plan together using the new curriculum.

I. Northern Distance Learning

Northern Distance Learning (NDL) provides opportunities for small community high school students to have equitable access to higher-level academic courses. Schools participating in NDL are responsible for ensuring that an In-Class Support Person (ISP) is retained to support students during their NDL classes, all classroom supplies are purchased and to ensure a classroom with access to a long-distance telephone and document camera is provided. All other equipment and supplies for the NDL program are provided.

The following tables detail the number of allocated, budgeted and actual (ISPs) in place to provide support to Northern Distance Learning program, and the explanation for any variance between each.

3. Inclusive Schooling

The *Ministerial Directive on Inclusive Schooling* (2016) is supported annually by conditional funding that is allocated to Education Bodies for programs, processes, and personnel that meet expectations and standards identified in the *Guidelines for Inclusive Schooling* (2016), to effectively support classroom teachers and improve student success. Inclusive Schooling funding allows education bodies to provide support systems and services to enable all students to be included as full participants in regular, age-appropriate classes within their home communities.

A. Regional Inclusive Schooling Coordinators

Regional Inclusive Schooling Coordinators (RISCs) provide administrative and programming leadership at the regional level to Inclusive Schooling based staff and to the overall school team and environment to support classroom teachers in meeting the needs of students.

The following table details the total number of allocated, budgeted and actual RISCs in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

B. Program Support Teachers

Program Support Teachers (PSTs) provide direct collaborative support to classroom teachers as they develop instructional strategies to meet the needs of students.

The following table details the number of allocated, budgeted and actual PSTs in place to provide direct collaborative support to schools, and the explanation for any variance between each.

If PST duties have been split between more than one staff member, please provide details (how is the position split, and the reason for doing so).

Support Assistants are individuals working in the school to support classroom teachers in meeting the instructional and personal needs of students.

The following table details the number of allocated, budgeted and actual Support Assistants in place to support classroom teachers in meeting the instructional and personal needs of students, and the explanation for any variance between each.

Please ensure that Support Assistants funded through Jordan’s Principle and Children’s First Initiative are included in the Actual (PY) column, and accounted for in the Explanation for Difference Column, where applicable.

E. Assistive Technology

Assistive technology (AT) is any item, piece of equipment, or product system, whether acquired commercially off-the-shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of a child with a disability.

The following table details the amount of allocated, budgeted and actual funding spent on Assistive Technology per school, and the explanation for any variance between each.

Allocated (\$)	Actual (\$)	Actual Assistive Technology Purchased	User Group Type (# of classrooms / individual student/ etc.)	Total (\$)	Explanation for Difference (if applicable)

G. Alignment of Student Supports

In order to support all students within the Common Learning Environment as per 9.1c in the *Ministerial Directive on Inclusive Schooling (2016)*, it is critical that student supports are aligned. Student Support Plans (SSPs) and Individual Education Plans (IEPs) can be reviewed and changed at any time, but must be reviewed at least once every reporting period (3-4 times per year).

The following tables detail the region’s approach to ensure that student supports aligned to the goals stated in their SSPs and/or IEPs for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that student supports are aligned to the goals stated in SSPs and IEPs.</p>	<p>As part of our strategic goals, the TCSA has set a priority to ensure all students have equal opportunity to succeed. This will be achieved through regular reviews and audits of SSPs and IEPs by the School Based Support Team (SBST), Regional Inclusive Schooling Coordinator (RISC), Program Support Teachers (PST), teachers, parents, and students. The TCSA approach is further discussed in Section J of this plan. Through regular reviews and revisions of the SSPs and IEPs, teachers will be responsive in creating differentiated instruction through universal design for learning.</p> <p>SSPs and IEPs are reviewed with parents at the start of the year, and whenever changes are suggested. Copies are sent home to parents in the first report card (if not already shared) for signatures. Program plans are discussed/updated in each reporting period (quarterly).</p> <p>An area of continued focus for the region will be a wrap-around, collaborative approach when writing and implementing the recommendations from assessments (ex: SLP, OT, ASD, Ed Psych, TROLL, Reading and oral language, math, etc.) to set targeted goals in SSPs and IEPs. Then, the targets adjust as the individual benchmarks become more attainable and students meet with regular success.</p>

H. Flexible Instructional Strategies

Instructional strategies are techniques that teachers use to help students become independent, strategic learners. Principals are required to support teachers and support assistants in the use of flexible instructional strategies, such as scheduling allocation of resources, or leading staff development.

The following table details the region’s approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies.</p>	<p>As part of our regional strategic goals the TCSA has set a priority to foster lifelong learning and provide individualized coaching and mentoring. Thus, the TCSA takes the approach that not all staff need the same support. Personalized coaching, small group workshops, and mentorship approaches have replaced a one size fits all approach.</p> <p>Principals use student achievement data to create conditions for each teacher to receive instructional support in the area they need. This is most often provided by the PSTs, but often supported by the Coaches and Regional Coordinators, or a contract provider. This is a tiered approach to strengthening instructional practices.</p> <p>Regardless of the support provider– the approach is to use evidence to make informed instructional decisions. This includes use of classroom profiles, creating responsive SSPs/IEPs, flexible and dynamic assessments and observations, and oral language focused lessons.</p> <p>Through the PLC process the region has identified that strengthening tier 1 instruction is a priority. The TCSA supports education staff by digging deeper into analyzing reading assessments and explicitly targeting how to plan for reading instruction and moving beyond ability reading groups to better target specific gaps in reading. Explicit, targeted, and structured literacy instruction have been the most effective instructional strategies and thus the main area for staff training.</p>

I. School-based Support Team

The School-based Support Team (SBST) operates under the leadership of the principal to assist classroom teachers with developing and implementing instructional and/or management strategies, SSPs or IEPs, and to coordinate support resources for students. The team also develops strategies to support classroom teachers in meeting students’ needs and to reduce barriers to students’ success in learning; solve specific problems; address systemic issues as well as those that are teacher or student specific; and maintain documentation, as per the reporting requirements. SBSTs are encouraged to meet regularly (typically weekly), and to keep written records of their meetings.

The following tables detail the region’s approach to ensure that the SBST, under the leadership of the principal with co-leadership by PST(s), is involved to support teachers to meet the needs of all of their students for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that the SBST is in place in each school and is operating effectively as per the directive.</p>	<p>The TCSA has set a strategic priority to ensure all students have equal opportunity to succeed. This will be achieved in part by providing wrap-around services for students that are developed in effective SBST meetings. SBSTs have been established in every school with the RISC regularly attending to ensure effectiveness. Efficient and collaborative processes will continue to be reinforced in the 2023-24 school year including the referral process, record keeping, and procedures associated with the SBST.</p> <p>Transitions have been identified as an area for SBSTs to support. This includes: grade transitions, entry / exit points, and changing program type. The larger schools have opted to adapt the SBST approach to meet their unique needs. For example having different SBST focusing on different school wide needs such as a counselling or academic focused SBST.</p>

J. Review of SSPs and IEPs

SSPs and IEPs should be discussed with parents and guardians. However, as per the NWT *Education Act*, IEPs additionally require the explicit consent of the student’s parent or guardian, typically recognized by a signature on the IEP.

The following tables detail the region’s approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required.</p>	<p>The TCSA has set a strategic priority to ensure all students have equal opportunity to succeed. This will be achieved through regular reviews and audits of SSPs and IEPs by the Regional Inclusive Schooling Coordinator (RISC), Program Support Teachers (PST), teachers, parents, and students. Through regular reviews and revisions of the SSPs and IEPs, teachers will be responsible for creating responsive and appropriate support for students. The TCSA will continue to improve communication on the distinction and interpretation of program types (SSPs and IEPs) with parents/guardians. The region will continue a team approach involving family and other partners to build supports and develop transition planning for students which beyond teachers, support assistants, and administration may include Child and Youth Counsellors, Community Liaisons, Health and Wellness Elders, contractors, territorial partners (TBST and/or Child Development Team), and health partners.</p> <p>The region requires all SSPs and IEPs to be signed annually and IEPs to be resigned when updated. This is most often achieved with home visits during the start of the school year and overseen by PSTs. Regular contact between the school and family is facilitated by PSTs, and also at reporting periods with parent - teacher - student meetings.</p>

K. PST Activities

In carrying out their role, the PST will focus on activities and functions that directly support classroom teachers to meet the needs of their students. The Inclusive Schooling Directive provides guidance for this by setting out PST priority time-use targets:

- a minimum of 60% of the PST’s time should be devoted to **teacher support activities**
- no more than 25% of the PST’s time should be spend working **directly with students** (commonly Tier 3 students –those with more complex needs)
- maximum of 15% of the time used for **other** functions

The following table details the region’s approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets.</p>	<p>Based on data from the Early Development Instrument (EDI), Middle Year Development Instrument (MDI), speech and language assessments, reading and oral language assessments, and the high number of students on SSPs and IEPs, the demands on PSTs are extremely high. The complex needs of our students make it difficult to comply with the priority use guidelines. This is due to a large administrative load to support teachers in the development of SSPs and IEPs, and coordinate additional student supports (speech, OT, educational and psychological assessments) for a very large percent of our population. The PSTs are also an integral part of the tier 2 and 3 intervention blocks that support student achievement in reading and literacy, mathematics, and social-emotional behaviours. As a result, the PSTs are working directly with students more than the recommended 25%.</p> <p>While we have increased the number and availability of service providers which is a benefit to our students (ex: SLP, OT, ASD, TBST, CDT, reading intervention, educational psychology, etc.), the increase has put additional responsibility on the PSTs to coordinate and administer these services (ex: referrals, parental permissions, reports, debriefs, record keeping, communication with other staff, etc.). As a result, the PSTs are working to support teachers through the administration of these services more than the recommended 15%.</p> <p>Schools with more than 1 PST often share the priority use targets unequally; PSTs that have strengths in coaching spend more time coaching, and those with certifications/experience in interventions spend more time directly supporting students.</p>

4. Indigenous Languages and Education

As set out in the Education Act, the NWT education system recognizes the relationship between languages, culture and learning, and that school programs must be based on the cultures of the NWT.

The *Northwest Territories Junior Kindergarten – Grade 12 Indigenous Languages and Education Policy (ILE Policy)* is in place to support the Department of ECE and education bodies in welcoming all students within learning environments that centre, respect, and promote Indigenous worldviews, cultures, and languages of the community in which the school is located.

The *ILE Policy* is supported annually by conditional funding that is allocated to education bodies to provide quality Indigenous language instruction and relevant culture-based school programs for students as part of the education program for the education district. The funding provided to education bodies for Indigenous languages and education must be for the sole purpose of supporting students and teaching in accordance with the *ILE Policy*.

A. Regional Indigenous Language and Education Coordinators

The Regional Indigenous Language and Education (RILE) Coordinator provides a centralized leadership role in coordinating Indigenous language instruction and Indigenous education programs and activities in the region.

B. Indigenous Language and Education Teams

NWT schools are expected to create an ILE team to set personalized school goals identified in a School Based ILE Plan. The goals created in a school’s ILE Plan should be focused on the 9 action areas outlined in the ILE Handbook. Each year, schools are asked to revisit their ILE Action Plans and revise as needed to ensure growth of Indigenous language and education in their schools.

The following table details the composition of ILE teams and their planned meeting frequency including an explanation if the team was not in place or active during the year:

Indigenous Language and Education Team			
School	ILE Team Composition <i>(Principal, PST, etc.)</i>	Meeting Frequency	Explanation if ILE Team was not in place or active <i>(if applicable)</i>
AAS	Principal, Indigenous Language Instructor, custodian, teacher, SAs and secretary	Bi-Weekly	
CJBS	Vice Principal, selected teachers, Indigenous Language Instructors, Culture Instructor, Elders	Weekly	
EMES	Administration, Tłıchǫ Immersion teachers and support assistants, Indigenous Language Instructor, PE teacher	Monthly	
JWGS	Indigenous Language Instructor, Elder, PST, SA, Principal	Weekly	
MCS	Principal, Indigenous Language Instructors, Elder, Selected Teachers, PST, SA	Weekly	

C. Indigenous Language Instructors

Indigenous Language Instructors (ILIs) provide Indigenous languages instruction to JK-12 students in NWT schools through the delivery of the *Our Languages* curriculum.

The following table shows the breakdown of the budgeted, and actual ILI (PY funding) in place at each school, identifies whether the allocated PY is new or a returning ILI, and explanation for adjustments to PY.

School Name	Allocated (PY)	Budgeted (PY)	Explanation for difference (if applicable)	Actual (PY)	Explanation for difference or any adjustments to PYs (if applicable)
AAS	0.50	1.0	Unable to staff a partial position. Limited housing.		
CJBS	3.99	2.0	Hire SA to support land based language programs		
EMES	2.05	3.0	Hire 2 SA for immersion classes		
JWGS	1.0	1.0			
MCS	1.80	1.5	Unable to staff a partial position. Limited housing.		
TOTAL	9.34	8.5	Redistribution to support immersion program and land based language programs		

Note: Culture and language resource people and Elders are accounted for under the Indigenous Education (O&M) and Community Support categories.

Some Regions have indicated difficulty in filling ILI positions. The following table details the planning for maintaining ILI instruction in the Region, and for recruiting and retaining ILIs. As well as the opportunity to describe challenges or barriers related to Indigenous language instruction.

<p>Accommodations made to maintain Indigenous language instruction in the region, if any?</p>	<p>Three Indigenous Language Instructors have been hired on a letter of authority. These TłıchoꞤ language Instructors have experience working in our schools, but require a strong commitment from the TCSA to provide mentorship and coaching. The TCSA regularly supports language instructors to participate in professional development not only provided by the territory and region, but through programs like Canadian Indigenous Language and Literacy Development Institute (CILLDI), Program for the Education of Native Teachers (PENT), and the Mentor-Apprentice Program (MAP). Our Elders in schools (both Indigenous Health Wellness Elders (IHWE) and other Elders) are an additional level of support in schools for mentoring these new language instructors.</p>
<p>Plans to recruit and retain language teachers, if any?</p>	<p>No - the region will continue to use the above strategy to support new language instructors. We are working with partners to encourage university and college programs that prepare a new workforce who are equipped with strong pedagogy and language skills.</p>
<p>The # of anticipated New ILIs and which schools they are in.</p>	<p>One for 2023-2024</p>
<p>Challenges and/or barriers faced in the region</p>	<p>Many of the new TłıchoꞤ language Instructors are not confident in their oral, and print literacies. Another challenge identified through coaching is instructional pedagogy; many instructors require support beyond language acquisition extending into instructional areas such as assessment, inclusive schooling, and reporting. Many ILI find it difficult to participate in online learning and training models.</p>

D. Indigenous Education

Indigenous Education funding supports the operation and maintenance of Indigenous education programs and activities in NWT schools. All NWT schools are expected to welcome all students within learning environments that centre, respect, and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located. This includes:

- Schools must actively implement *Dene Kede* and/or *Inuuqatigiit* to bring forward, in all instruction, the Indigenous worldviews, cultures, and languages of the community in which the school is located by:
 - Allocating resources to support JK-12 educators in actively implementing *Dene Kede* and/or *Inuuqatigiit*.
- Schools should welcome all students within learning environments that centre, respect and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located, through building the school-community relationship, offering educator training and employing a whole school approach to Indigenous language use by:
 - Allocating resources to help build the school-community relationship, including **mandatory Elders in Schools programming**: *Please note that Elders in School Programming no longer exists as a separate program and the financial support has been absorbed into Indigenous Education funding*;
 - Allocating resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**; and,
 - Allocating resources to employ a whole school approach to Indigenous language use.
- Schools should work toward Indigenizing teaching and learning practices, Indigenizing the content of curricula and programming, and providing opportunities for all JK-12 students to engage in authentic and relevant key cultural experiences throughout the school year by:
 - Allocating resources to support educators to ensure their teaching and learning practices are holistic, spiral, experiential and relational;
 - Allocating resources to support educators in Indigenizing the content of curricula and programming to ensure it reflects the Indigenous worldviews, cultures, and languages of the community in which the school is located; and,
 - Allocating resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

Indigenous Education funding includes the hiring of Elders and community resource people and providing appropriate teacher training to ensure the *ILE Policy* is implemented.

The following table details the total amount of allocated, budgeted, and actual funding spent on Indigenous Education to create welcoming environments and Indigenizing education **in each school**, and the explanation for any variance.

School Name	Allocated (\$)	Budgeted (\$)	Explanation for difference (if applicable)	Actual (\$)	Explanation for difference (if applicable)	3 rd Party Funding (\$) / Source (If applicable)
<i>Example: ILESHS</i>	\$40,000	\$30,000	\$10,000 will be used for sub costs/travel to support language professional development for ILLs	\$30,000	N/A	N/A
AAS	\$31,750	\$31,750				
CJBS	\$42,400	\$42,400				
EMES	\$31,800	\$31,800				
JWGS	\$31,750	\$31,750				
MCS	\$38,100	\$38,100				
TOTAL	\$175,800	\$175,800				

The following table details whether **schools** choose to allocate or find additional funding for an Elder and/or Cultural Support Worker that works at the school on a **consistent schedule** either from ILE funds or 3rd party funding.

School	Elder in School (Y/N)	Cultural Support Worker (Y/N)	How are these positions funded?	If no to either of these positions, why not?
AAS	Yes	No	Health and Wellness Elder - Jordan's Principle	Elders are hired on short term basis using ILE Funding
CJBS	Yes	Yes	Health and Wellness Elder - Jordan's Principle	Culture Support Worker are hired as full time staff using ILE Funding
EMES	Yes	Yes	Health and Wellness Elder - Jordan's Principle	Culture Support Worker are hired as full time staff using ILE Funding
JWGS	Yes	No	Health and Wellness Elder - Jordan's Principle	Elders are hired on short term basis using ILE Funding
MCS	Yes	No	Health and Wellness Elder - Jordan's Principle	Elders are hired on short term basis using ILE Funding

E. Strengthening Training for Northern Educators

Strengthening training for Northern educators in Indigenous language and education is essential in order to provide educators with the background and context from which they can learn more about the community in which they live and work. This provides the foundation for educators to contribute to the ongoing development of positive relationships with students, parents, and the community at large.

Education bodies must allocate resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**.

The following table details school-based and/or regional approaches to **local** cultural orientation days.

School	Key Cultural Experiences	% of Staff Participation	% of Actual Participation	Explanation for Difference (if applicable)
<i>Example: ILESHS</i>	<i>Trail Break</i>	<i>100</i>	<i>90</i>	<i>Program Support Teacher and Vice Principal had mandatory Territorial wide training with a division of ECE</i>
AAS	Living Well Together - Indigenous Cultural Awareness and Sensitivity Training (ICAST) Various seasonal activities - kayaking/canoeing, Tlicho Leadership Visioning Exercises, Mitt sewing project, setting up outdoor culture camp	100%		
CJBS	Living Well Together - ICAST Visit local historical site (Old Fort Rae) Canoe / Fish Camp	100%		
EMES	Living Well Together - ICAST Various seasonal activities - traditional foods, hide scraping, fish nets, beading & sewing, traditional medicine	100%		
JWGS	Living Well Together - ICAST Tlicho Leadership Visioning Exercises Sewing and Beading Project Fish Camp	100%		
MCS	Living Well Together - ICAST	100%

All school staff play a role in supporting language reclamation and language revitalization efforts. **Employing a whole school approach to Indigenous language use** bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

F. Offering Key Cultural Experiences

Key Cultural Experiences are the backbone to education in an Indigenous context. Students learn best by doing. Key cultural experiences are authentic and relevant activities, which provide learning experiences that reflect, validate, and promote the worldviews, culture and languages of the Indigenous peoples of the NWT. Education bodies must allocate resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

The following table details the **land-based** key cultural experiences using funding from the community support or Indigenous education categories.

Please highlight two wise practices of land-based key cultural experiences from each school in the region.

School	Name of Land Based Key Cultural Experience <i>(list two wise practices from each school)</i>	# of Participants	# of Cultural Resources Experts / Elders Hired	Was an Indigenous language used? <i>(Y/N)</i>	Duration of Experience <i>(Days / hours / frequency)</i>
<i>Example: ILESHS</i>	<i>Fish Camp</i>	<i>60 students (Northern Studies 10, and two grade 7 classes)</i>	<i>5</i>	<i>Yes</i>	<i>1 class a day over 3 days</i>
	<i>Muskrat Camp</i>	<i>60 (grade 7, 8 and 9)</i>	<i>6</i>	<i>Yes</i>	<i>1 class a day over 3 days</i>

G. Employing a Whole School Approach to Language Use

All school staff play a role in supporting language reclamation and language revitalization efforts. Employing a ‘whole school approach to language use’ bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

The following tables detail initiatives that employ the whole school approach to language use.

H. Community Support

Community support funding is offered to support Indigenous language revitalization by supporting the hiring of cultural resource experts for short term projects, the purchase/renting of on-the-land equipment and supplies, and/or the provision of Indigenous language and education professional development within communities.

The following table details the **regional** amount of allocated and actual funding spent on community support, and the explanation for any variance.

I. Resource Development for OLC and ILE Handbook

The Resource Development funding provides support for the continued development and implementation of the *Our Languages* curriculum (OLC) and the *Indigenous Language and Education (ILE) Handbook*. Schools that provide Indigenous language instruction must offer dedicated time for Indigenous language instruction within the regular education program and actively implement the *Our Languages* curriculum by:

- Allocating resources to support core Indigenous language instruction;
- Allocating resources to develop resources for the *Our Languages* curriculum;
- Allocating resources to support community connections related to Indigenous language instruction; and,
- Allocating resources to support Indigenous language instruction through an immersion approach, where and when possible.

Resource Development funding is to be used only for:

- a) Training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation;
- b) Developing resources for the implementation of *OLC* and *ILE Handbook* in schools; and
- c) Technology needs that support *OLC* and *ILE Handbook* implementation.

Note: Please ensure copies of any new resources produced are submitted to ECE-ILES.

The following table details the **regional** funding allocated, budgeted, actual expenditures for resources development, and the explanation for any variance.

Allocated <i>(\$)</i>	Budgeted <i>(\$)</i>	Explanation for Difference <i>(if applicable)</i>	Actual <i>(\$)</i>	Explanation for Difference <i>(if applicable)</i>

<i>Example: Wordless book</i>	<i>Rebecca and the Trickster Raven</i>	<i>30</i>	<i>Dene Zhatie</i>

The following table details **regional purchases made to support technological** needs that support OLC and ILE implementation.

Type of technology purchased	# of Items Purchased	How the Purchased Technology Supports <i>OLC</i> and <i>ILE Handbook</i> Implementation
<i>Example: iPads</i>	<i>5</i>	<i>5 iPads were placed in the Indigenous language classroom and fully loaded with all apps, games and electronic books that support Indigenous language instruction.</i>

Operating Plan - Executive Summary

The Yellowknife Catholic Schools' Operating Plan for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* (FAA) that requires Northwest Territories (NWT) Education Bodies to plan for their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The Operating Plan outline consists of several sections corresponding to various accountability areas, all of which have been completed in accordance with the Yellowknife Catholic Schools' priorities for the upcoming school year.

The following table summarizes the planned goals and targets for the upcoming school year:

Yellowknife Catholic Schools (YCS) has developed a three-year strategic plan, ***Developing Capable People Together***, to develop the characteristics and skills we want for our students, now and in the future. Realizing that thinking, well-being, and relationships are the core of our work, our strategic plan is built on our *Vision of a Learner for YCS*. As a learning community, we are always looking forward and thinking about how our world is changing to ensure our students are prepared to adapt to these changes as they emerge. As such, we are excited that our strategic plan has three key priorities - ***to inspire thinking, cultivate well-being, and build relationships through the lens of our Catholic faith.***

Inspiring Thinking

Our learning community will inspire critical thinking through inquiry and innovation.

- Students will engage in discovery and exploration opportunities.
- Educators will design a culture of resilience that supports making mistakes to promote growth.
- The district will nourish socially responsible people that can think critically about their ideas and explore their faith.

Cultivating Well-Being

Our learning community will promote empathy and a commitment to well-being.

- Students will nurture their spiritual, physical, social-emotional, cultural, and intellectual well-being.
- Educators will foster a faith community of socially responsible individuals with the ability to adapt and apply new knowledge.
- The district will prioritize faith, dignity, and equity in inclusive classrooms.

Building Relationships

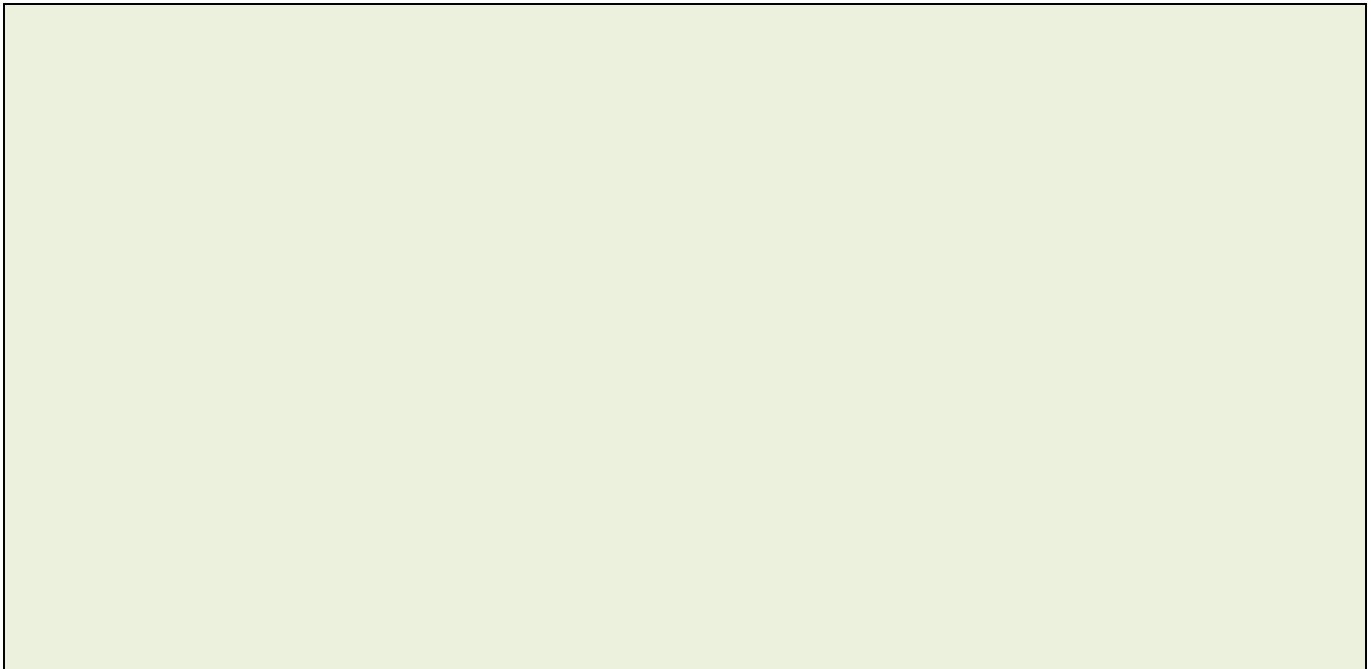

Our learning community will value relationship building as the foundation for students to thrive.

- Students will recognize that feelings and emotions impact every area of life.
- Educators will build safe and caring classroom cultures that promote collaboration.
- The district will strengthen partnerships with the parish, our families, community members, Education, Culture, and Employment, and the Indigenous people of the NT.

Annual Report - Executive Summary

The Yellowknife Catholic Schools' Annual Report for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* that requires Northwest Territories (NWT) Education Bodies to report on their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The following table summarizes the successes and areas for improvement for the school year:

1. Administration and School Services

Administration and Schools Services reflects the overall operations of Education Bodies and Schools, including high level overviews of the Education Body's:

- A. Governance Structure;
- B. Functional Organizational Chart;
- C. School Profiles; and
- D. Policy Development.

A. Governance of Education Bodies

The following table details key aspects of the Education Body governance structure and processes at the regional level, such as elections membership terms, current membership:

Yellowknife Catholic Schools is governed by a District Education Authority (DEA) of seven trustees, who were elected in October 2022. This is a four-year term with the next election scheduled in October 2026. DEA members may choose to run in elections as many times as they wish. There is no limit to the number of years an individual can serve as a School Board Trustee.

The current DEA is made up of the following individuals:

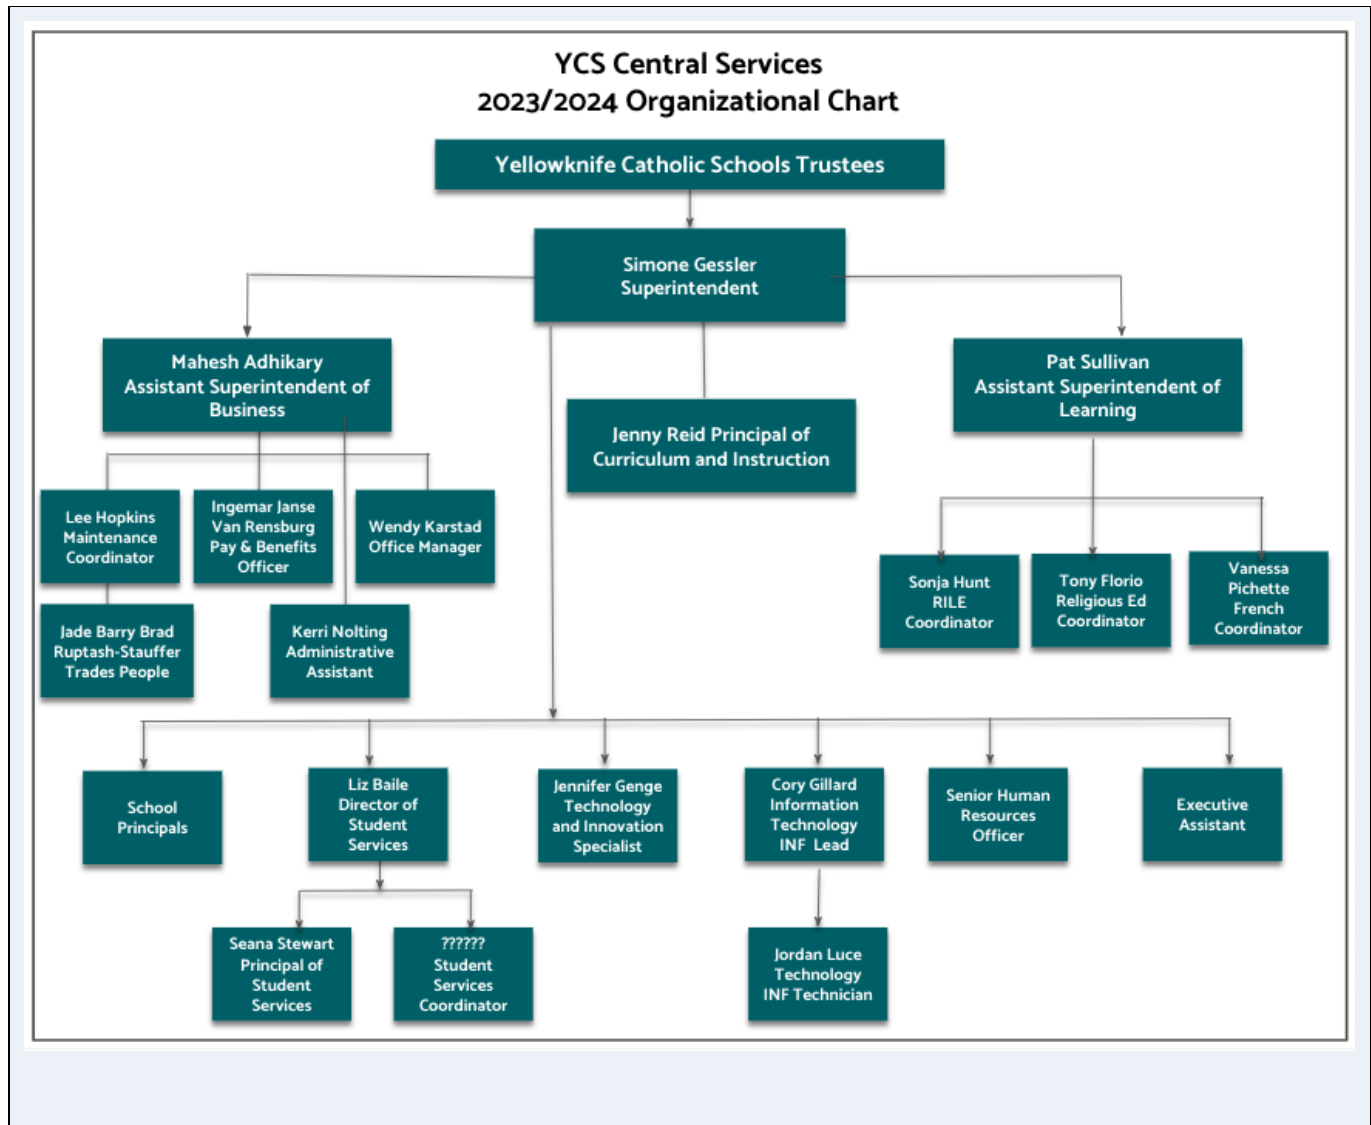

- › Tina Schauerte (Chair)
- › Susan Waddell (Vice-Chair)
- › Steven Voytilla
- › Christine Lewandowski
- › Gerri Whiteford
- › Melanie Williams
- › Todd Slack

The Superintendent is the only YCS employee under the Board's direction.

The DEA meets once a month for the regularly scheduled public meeting that takes place on the third Wednesday of the month in the evening, except for the March meeting that takes place at noon. The DEA also has monthly lunchtime committee meetings. The committees are the Finance and Facilities Committee, Policy Committee, and Committee of the Whole.

A. Functional Organizational Chart

The following table details the functional organization of the Education Body:

B. School Profiles

The following table details the total number of schools in the District, the expected student head count for the upcoming school year and a summary of the education programming highlights offered by each school in the region, including the community the school is located in, the grades offered in the school, and any additional programming highlights for the school such as immersion programming, alternative education programming, class compositions (Multi-grade, split-grade or single graded classes) and/or other alternative learning modes (e.g. distance learning, Montessori).

C. Policy Development

Under section 96 of the Education Act, a District Education Authority (DEA) is required to:

- Conduct its business in accordance with regulations
- To make by-laws governing the procedure to be followed in transacting the business of the DEA
- Establish a code of conduct for its members

The same requirements apply for Divisional Education Councils under section 108 of the Act.

The Education Act Regulations further define and provide guidance for the policies and by-laws DEAs and DEC's are required to develop.

The following table lists the required and recommended policies and by-laws for education bodies. Please indicate in the appropriate section the effective date for each policy and by-law for each education body in your region. If a policy or by-law is not applicable, indicate "NA". Where a policy or by-law does not exist, place an "X" in the relevant box.

2. Territorial Schools

Territorial Schools reflects the programs and professional development activities that directly support excellence in teaching and student academic achievement specific to the NWT Education Act, Ministerial Directives, or School Funding Framework including:

- A. Education Body Strategic Planning;
- B. School Improvement Planning & School Reviews;
- C. Staff Evaluations;
- D. Regional Training and In-Service;
- E. Literacy Coordinators;
- F. Healthy Food for Learning;
- G. Second Language Education; and
- H. Student Success Initiative;

A. Education Body Strategic Planning

NWT Education Bodies develop regional priorities and goals based on the needs of their students and schools. The priorities and goals developed for the upcoming school year should align with the following five shared priorities agreed to by Education Leaders and the Department of ECE:

1. Student achievement in Literacy and Numeracy
2. Language and Culture
3. Student & Educator Wellness
4. Personalized and Inclusive Education
5. Key Competencies

The following tables detail regional priorities, goals, and connections to the shared priorities, including regional performance indicators and targets set for the upcoming school year related to Education Body strategic planning, along with the achieved results, the explanation for any difference between targets and results, noted areas of strength and areas for development.

<p>Regional priorities and goals.</p>	<p>Leading to a collective vision of <i>Developing Capable People Together</i>, YCS stakeholders developed three priority areas for 2021 - 2024.</p> <p>Strategic Priority Areas:</p> <p>Inspiring Thinking: <i>Our learning community will inspire critical thinking through inquiry and innovation.</i></p>
--	--

Cultivating Well-Being: *Our learning community will promote empathy and a commitment to well-being.*

Building Relationships: *Our learning community will value relationship building as the foundation for students to thrive.*

Three goals have been created under each priority to guide the work of district staff, and to ensure that the impact is observable. In addition, there will be an emphasis on creating and integrating supporting documents that detail the observable impact of teaching practices that lead to improved student learning. Finally, Yellowknife Catholic Schools has been committed to integrating the five NWT shared priority areas into this work:

1. Student achievement in Literacy and Numeracy
2. Language and Culture
3. Student & Educator Wellness
4. Personalized and Inclusive Education
5. Key Competencies

YCS will strategically align PD, STIP collaborative time, and SSI projects to ensure success in priority areas.

Integration of Priority Areas

Our literacy focus will continue to be on standardizing literacy practices across the district, furthering the work that has been done on the application of universal assessment tools. Dr. Donna Kozak will serve as a facilitator for this work, based on ensuring that collectively developed common beliefs about literacy instruction will be evident in classrooms.

Work will continue on the district literacy assessment plan for 2023 - 2024. Staff PD on the use of the tools referenced in the plan will continue virtually and in-person in the fall. Similarly, staff training on Daily 5 will continue in 2023-2024.

In response to staff feedback and research on effective PD, YCS administration will revise the process for collaborative teams for 2023 - 2024. This change is designed to more closely align collaborative time with the strategic plan. Generally, collaborative teams will consist of staff from the same grade or subject-specific area, who will then determine their team’s focus areas from the three priority areas. A significant shift in future collaborative time is a direct result of a major change in our 2023 - 2024 calendar. One-half day per month will

	<p>continue to be dedicated to collaborative time, allowing for increased, uninterrupted learning time.</p> <p>YCS administrators will implement the use of RULER in the district. We will support educators in using this tool within their classrooms and model it through staff meetings. The RULER approach addresses staff and student wellness through a whole school approach.</p> <p>YCS Indigenous Language and Culture programs will continue to be a priority for our schools. School ILE teams are committed to finding ways to integrate a whole school approach to Indigenous Language and build common phrases in Wìlhidèh Yatì. The tent frames, key cultural culture camps, resources such as videos, books and kits, and co-planning support for teachers with the RILE Coordinator will continue.</p> <p>This year, time was provided for all staff to independently explore the GNWT’s Living Well Together. We will build on staff participation in this program in 2023 - 2024.</p> <p>Given that our new strategic plan is designed to create capable people together, there will be a natural link between our plan and the shared priority of recognizing the importance of developing key competencies.</p> <p>With the trials of the New Curriculum in grades 4-6 and 9 scheduled to begin in the 2023-24 school year, we have prioritized professional development for this group of educators. We have a plan to integrate our work using the Observable Impact (OI) model with the new Curriculum Core Competencies, Big Ideas, Curriculum Competencies as well as the Content at these grade levels. We see a fusion of the OI model with the New Curriculum as a very effective way to support teachers in identifying challenges, designing strategies and then evaluating their work to make this transition a collaborative effort among grade level colleagues. We also hope to explore the new curriculum with the following year’s trialing educators in grades 7-8 and 10 towards the end of 2024.</p>

A. School Improvement Planning & School Reviews

As per the *NWT School Improvement and Reporting Directive*, school improvement planning responds to student and community needs, addresses policy requirements, accommodates departmental directives, and engages all school staff.

In addition, Annual School Reviews should focus on standards of learning outcomes - academic and non-academic - and require schools to present the analysis and evaluations of learning outcomes to their Superintendent of Education.

The following tables detail regional priorities and goals for the upcoming school year related to School Improvement Planning and School Reviews, along with noted areas of strength and areas for development.

The approach is as follows:</p> <ul style="list-style-type: none"> • School leadership teams in conjunction with their staff will create School Impact Plans (SIP) to measure evidence of priorities • Draft SIPs will be presented at the public board meeting in September • Final plans will be submitted to Superintendent by October 15th • School Impact Plans will reflect Team Impact Plans developed by collaborative teams

	<ul style="list-style-type: none"> • Team Impact Plans will be presented in January and May during a Celebration of Impact. • School Presentations of Impact will be reported at the public board meeting in June 2024. <p>School Reviews are completed annually with each site completed on a four-year cycle. This is a comprehensive process completed by a review team with an external facilitator. It includes a review of the NWT shared priorities as well as YCS’s strategic priorities. In addition, the school review examines school culture, community partnerships, school environment, and staff, student, and parent satisfaction.</p>

B. Staff Evaluations

All education staff is required to undergo evaluations as per Ministerial directives, including the *Promotion of Professional Growth for Teachers in Northwest Territories Schools* (2004) and *Direction on Principal Growth and Evaluation in the Northwest Territories* (2012).

The following tables detail the region’s approach to completing staff evaluations for the upcoming school year related to staff evaluations, along with noted areas of strength and areas for development.

Regional approach to the completion of Staff Evaluations .	Teaching and administrative staff are evaluated every five years, as per the collective agreement. Teachers are evaluated by the school administration. YCS’s <i>Professional Impact Plan</i> is based on the priorities of the district using a collaborative approach between the staff member and the administration, as well as a process of reflection on growth. Staff are required to identify their growth areas and connect them to their <i>Personal Impact Plans</i> . Throughout the process, discussions take place between the teacher and evaluator. At the end of the process, the teacher provides their presentation of impact. There is also a professional standards expectation domain. Completed

C. Regional Training and In-Service

Education Bodies are responsible for training and in-service activities for staff at the regional and school level, which can occur throughout the year, and may include 2.5 administrative days per year and time allotted for the Strengthening Teachers’ Instructional Practices (STIP). (This does not include any professional development activities related to Article 16 of the Collective Agreement.)

The following tables detail the region’s training and in-service plan, the relevance of the plan to regional and shared priorities, along with noted areas of strength and areas for development.

<p>Regional approach to the completion of Training and In-Service.</p> <p>Please include relevance to regional and shared priorities, for the upcoming school year.</p>	<p>YCS is committed to its role in the need for ongoing staff development regarding Indigenous languages and culture, inclusive schooling, and student-centered learning, including competency-based instructional strategies. Once again, staff training will be built on the previous years’ work and will reflect the goals and beliefs articulated in Developing Capable People Together, 2021 - 2024 Strategic Plan. The overall goal is to provide teachers with the tools and opportunities needed to have the most significant impact on student learning. D. Literacy Coordinators

Literacy coordinators collaborate with teachers to develop effective instructional approaches in literacy and/or numeracy throughout all grades and subjects. They provide professional development for teachers and model effective routines, practices, and protocols, while developing a regional literacy action plan and supporting school administrators and teacher to develop and use instructional practices, resources, and assessments associated with the plan.

The following table details the total number of allocated, budgeted and actual Literacy Coordinators in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

The literacy coordinator funding is used to support .5 of two teaching positions. One position at ESJS and one position at WCS. In addition, funding has been received through Jordan’s Principle for 3 literacy support facilitators, one at each of our three schools. This role is specifically designed to support Indigenous students in overcoming barriers that may be impacting literacy development.</p> <p>All teachers serving in these roles are expected to work with small groups of students requiring intervention support and to assist/coach classroom teachers in further developing skills in this area.</p>		

** As per the School Funding Framework, funding provided equates to 0.50 or 0.25 of a school consultant position, with the expectation that the other half be funded by the Education Body, otherwise not allocated.*

E. Healthy Food for Learning

The Healthy Foods for Learning Program is supported by the Anti-Poverty Strategic Framework and aims to increase the capacity of schools to provide healthy meals and/or snacks to students.

The following tables detail the regional approach taken for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to the Healthy Foods for Learning program for the upcoming school year.</p>	<p>YCS recognizes the negative impact of food insecurity on student learning. All three schools have well-established food programs to ensure that no student is impacted by food insecurity issues. Although these programs are designed to support an identified population, no child in need is turned away. YCS has a healthy food policy that meets the standards of Canada's Food Guide.</p> <p>All three YCS schools supplement the Healthy Food for Learning funding with other grants(ie: Drop the Pop) and local partnerships (Food Rescue). These partnerships are even more critical during this time of rising food costs.</p>

According to section 73(2,3) of the *Education Act*, English or an Official Language other than English must be taught as part of the education program in addition to the official language of instruction.

The following table details all Second Languages (SL) instruction taught for all schools in the region, including the SL taught, the type of SL instruction, and the grades in which the SL is taught.

E. Student Success Initiative

The Student Success Initiative (SSI) aims to improve student learning and outcomes. SSI proposals are provided to the Department and the Northwest Territories Teachers’ Association (NWTTA) for approvals in May of the previous school year (as per the SSI Handbook).

The following tables detail the SSI Project proposal summary including regional performance indicators and targets (**please include in the table below**), along with the achieved results, the explanation for any difference between targets and results, a summary of implementation, noted areas of strength and areas for development. Under the proposal summary, indicate whether this is a continuation of previous year’s SSI project.

2. Inclusive Schooling

The *Ministerial Directive on Inclusive Schooling* (2016) is supported annually by conditional funding that is allocated to Education Bodies for programs, processes, and personnel that meet expectations and standards identified in the *Guidelines for Inclusive Schooling* (2016), to effectively support classroom teachers and improve student success. Inclusive Schooling funding allows education bodies to provide support systems and services to enable all students to be included as full participants in regular, age-appropriate classes within their home communities.

A. Regional Inclusive Schooling Coordinators

Regional Inclusive Schooling Coordinators (RISCs) provide administrative and programming leadership at the regional level to Inclusive Schooling based staff and to the overall school team and environment to support classroom teachers in meeting the needs of students.

The following table details the total number of allocated, budgeted and actual RISCs in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

B. Program Support Teachers

Program Support Teachers (PSTs) provide direct collaborative support to classroom teachers as they develop instructional strategies to meet the needs of students.

The following table details the number of allocated, budgeted and actual PSTs in place to provide direct collaborative support to schools, and the explanation for any variance between each.

If PST duties have been split between more than one staff member, please provide details (how is the position split, and the reason for doing so).

C. Support Assistants

Support Assistants are individuals working in the school to support classroom teachers in meeting the instructional and personal needs of students.

The following table details the number of allocated, budgeted and actual Support Assistants in place to support classroom teachers in meeting the instructional and personal needs of students, and the explanation for any variance between each.

Please ensure that Support Assistants funded through Jordan’s Principle and Children’s First Initiative are included in the Actual (PY) column, and accounted for in the Explanation for Difference Column, where applicable.

D. Inclusive Schooling - Staff Development

Specific funding is provided for education staff to provide or receive professional development directly related to supporting student and inclusive education in the classroom and school in general.

The following table details the total amount of allocated, budgeted and actual funding spent on inclusive schooling professional development, and the explanation for any variance.

E. Assistive Technology

Assistive technology (AT) is any item, piece of equipment, or product system, whether acquired commercially off-the-shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of a child with a disability.

The following table details the amount of allocated, budgeted and actual funding spent on Assistive Technology per school, and the explanation for any variance between each.

F. Alignment of Student Supports

In order to support all students within the Common Learning Environment as per 9.1c in the *Ministerial Directive on Inclusive Schooling (2016)*, it is critical that student supports are aligned. Student Support Plans (SSPs) and Individual Education Plans (IEPs) can be reviewed and changed at any time but must be reviewed at least once every reporting period (3-4 times per year).

The following tables detail the region’s approach to ensure that student supports aligned to the goals stated in their SSPs and/or IEPs for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that student supports are aligned to the goals stated in SSPs and IEPs.</p>	<p>The District Student Services Team (DSST) sends out a yearly calendar of IS processes and timelines: calendar, information bank, document sharing. Each school identifies the core processes throughout the school year for Class Reviews, SSPs and IEP development and reporting for staff and parents.</p> <p>PSTs work on implementation and discuss success, challenges and clarity of processes and seek assistance if needed. This helps to align and facilitate the coordination of support and instructional design. The RISC will conduct 3 district-wide audits of SSP/IEP in TIENET, as well as random audits with</p>

All schools in the 2023-24 year will work on and ensure all student information is relayed with the agreed-upon standards, language and details required. The areas streamlined in language and content are a) statement of purpose b) outcomes c) strategies d) medical info.</p> <p>The NT CBIEP (Competency Based IEP) requires more gathering of classroom information which impacts PST/ DSST time management. The DSST has worked with PSTs outlining the schedule of CBIEP development and sign off.</p> <p>Review of time management will be reviewed over the course of the year. Teachers, PSTs and principals are expected to follow the YCS revised processes and timelines.</p> <p>DSST will be working in 2023-2024 with Admin teams to update them on changes and procedures to ensure accountability and accuracy is realized. The YCS PSTs team in district meetings will focus on deepening 3 areas of SSP alignment: 1) UDL and trauma informed accommodations on SSPs/IEPs, 2) Wellness Plans, tightening the high school process for teachers and administrators, and 3) Peer inclusion</p> <p>The new Student Services Coordinator position is designed to support PSTs with: case loads, follow through SSP/IEP implementation processes, gathering assessment data, and information sharing.</p> <p>Some YCS classes that are heavily weighted with a wide range of student profiles (SSPs and IEPs) combined with very large class sizes will be provided more planning time with PSTs and DSST. SBSTs will work with the RISC/SCC on processes throughout the school year to provide systematic and proactive support to those classrooms.</p> <p>YCS will continue to implement the NT CBIEP. The DSST will monitor the success rate in the implementation process and adjust support for implementation challenges and gaps.</p> <p>Specialists will be coordinated throughout the year to support staff with instructional strategies for effective UDL/IEP/SSP programming This year's plan is to target recommendations which ensure sustainability of the said support by utilizing data collection, impact to learning statements and scaffolding next steps.</p> <p>Each YCS's schools pathways of SSP/IEP identification and placement of students on individualized programming at the JK/K and high school students is becoming increasingly challenging and time consuming. This is a priority for YCS Superintendent and Director for 2023-2024.</p>

G. Flexible Instructional Strategies

Instructional strategies are techniques that teachers use to help students become independent, strategic learners. Principals are required to support teachers and support assistants in the use of flexible instructional strategies, such as scheduling allocation of resources, or leading staff development.

The following table details the region’s approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies.</p>	<p>SBSTs are active and work to support teachers with a range of diverse learners in all domains.</p> <p>The District Student Services Team (DSST) will continue to help train and coach staff on the working relationship required between teacher and assistants when facilitating learning for all students. This continues to be the priority and focus for DSST: to assist in finding informal and formal ways to support teachers in understanding their leadership in using flexible strategies. A range of PD is scheduled for 2023-2024.</p>
--	---

	<p>The YCS Pyramid of Supports guides all staff in understanding tiered levels of instructional strategies and support for different learners. The Pyramid is the second pillar to YCS’s new Trauma Informed Framework. Work will continue in 2023-2024 to help staff support all students from a trauma informed lens. Common essential instructional practices at each tier level will be reviewed.</p> <p>Each SBST will use the anchor tool with school staff. Principals are required to promote the Pyramid with teachers. The RISC/SSC will support the PSTS and SBSTs to ensure they are using the anchor tool to help them in their daily work, to prioritize and match responses to struggling and/or advanced learners.</p> <p>Principals work with the RISC /PSTS in supporting teachers by coordinating planning time for staff for SSP, IEP and social emotional planning. The RISC will meet with principals to discuss ways to specifically support new teachers and create an action plan together to meet teachers' needs to implement effective instruction strategies.</p> <p>Assistive technology strategies will continue to be offered, promoted and outlined as important flexible tools for learning. Principals will support the RISC/SSC/PSTs/Staff by committing to inservices that will take place in the classroom, during PD sessions and when scheduling individualized training sessions are required for specific staff.</p>

H. School-based Support Team

The School-based Support Team (SBST) operates under the leadership of the principal to assist classroom teachers with developing and implementing instructional and/or management strategies, SSPs or IEPs, and to coordinate support resources for students. The team also develops strategies to support classroom teachers in meeting students’ needs and to reduce barriers to students’ success in learning; solve specific problems; address systemic issues as well as those that are teacher or student specific; and maintain documentation, as per the reporting requirements. SBSTs are encouraged to meet regularly (typically weekly), and to keep written records of their meetings.

The following tables detail the region’s approach to ensure that the SBST, under the leadership of the principal with co-leadership by PST(s), is involved to support teachers to meet the needs of all of their students for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that the SBST is in place in each school and is operating effectively as per the directive.</p>	<p>YCS’s District Student Services Team (DSST) revised the standardized team referral form for all schools for next year. All schools will continue to promote teacher participation in referring students to the team . YCS Director will continue to reinforce PSTs and SBST teams to be “rotational” and strategic in SBST themes and referrals in order to go deeper in prep, resolving challenges and priority setting of resources. A new district review process has been established for 2023-2024 years.</p> <p>All PSTs and administrators are committed to meeting weekly with a standardized Inclusive Schooling (IS)agenda, addressing IS principles.</p> <p>Principals meet with PSTs on a regular basis to move programming forward. The RISC/SCC will visit the SBSTs for observation, contribution to help with specific yearly cases and seasonal stressors. Director will continue to facilitate revised school-based models in the areas of SLP, Tier 3 interventions and UDL strategies for complex needs. This new work with SBSTs is to help offset the lack of accessibility to community/GNWT support and to be relevant and responsive to the demands from staff and families seeking support.</p> <p>Principals will work with PSTs twice a year to determine how often teachers are referring students or not, what are the patterns of the referrals and adjust to ensure effective functioning of SBST as a major contributor to the overall wellbeing of the school.</p>

1. Review of SSPs and IEPs

SSPs and IEPs should be discussed with parents and guardians. However, as per the *NWT Education Act*, IEPs additionally require the explicit consent of the student’s parent or guardian, typically recognized by a signature on the IEP.

The following tables detail the region’s approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required.</p>	<p>The Director and RISC worked in May/June 2023 to update and review the CBIEP process with PSTs for manageable timelines and to increase confidence to complete the NTCBIEP process for next year. . Adjustments were made to support the PSTs in the added work required with the new process and check ins will occur next year. Parent participation is expected in the areas of a question/answer format face to face or by phone with a final overview and then report card updates on progress will be a focus area next year.. All District IS Meetings with administrators have a section on IEP/SSP collaboration, successes, challenges and review on its agenda and will continue next year.</p> <p>A letter from the Director of Student Services outlining the new CB IEP process will be sent to all parents whose children require a NT CB IEP. PSTs cheat sheets for the development and review of SSPs/IEP were co-created with PSTS in anticipation of fuller implementation for the 2023-2024 school year. District PST meetings include this process regularly.</p> <p>The YCS CBIEP assessment report card/ mid-year updates for parents is based on visual digital evidence and student voice of I CAN. This report card and progress is sent to parents during regular report card periods and/or when necessary. Principals will be given</p>

	<p>a review of this in detail in 2023-2024 as the district increases its implementation.</p> <p>PSTS created a bank of common (SSP)IEP strategies during their district collaborative time to use with teachers for the 2023-2024.</p> <p>Parent participation is a top priority for YCS. Parent meetings, whether in person, online or by phone are the many ways YCS connects to families. Principals or designate lead SBSTs and attend parent meetings around IEP development, challenges and success. The DSST also supports families and SBSTs when invited or required.</p> <p>In May, 2023, the YCS Director revised the communication timeline, IEP work experience percentages and process for mature, and aged out students at the high school level. This will be followed in 2023 - 2024.</p> <p>Transition meetings will take place in September, January, and May 2023-2024 for specific students on SSP/IEPs. Transition meetings with family, school, experts and district personnel identify next steps for student achievement for those requiring the service. The district calendar has scheduled transition training and transfer of information processes. Director and RISC will check in with all Admin teams to ensure they are occurring and participate when required.</p>

J. PST Activities

In carrying out their role, the PST will focus on activities and functions that directly support classroom teachers to meet the needs of their students. The Inclusive Schooling Directive provides guidance for this by setting out PST priority time-use targets:

- a minimum of 60% of the PST’s time should be devoted to **teacher support activities**
- no more than 25% of the PST’s time should be spend working **directly with students** (commonly Tier 3 students –those with more complex needs)
- maximum of 15% of the time used for **other** functions

The following table details the region’s approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets.</p>	<p>The YCS Leadership Team understands and provides flexibility with the yearly pressure points for PSTs. The DSST and PSTs have created a pre-planned yearly schedule of timelines and schedules for school and district IS processes. The DSST and PSTs will meet regularly to review time management; design ways to problem solve and work with principals to ensure effectiveness of student programming. The DSST will mentor PSTs on the standards of practice in a variety of ways. Time use and management will be discussed and analyzed at every monthly district meeting. PSTs will be required to use the District PST Information Bank (digital hub of tools, procedures and resources) all year to decrease wait times and dependencies. The RISC/SSC will continue to work with PSTs to revise and use checklists and tools that streamline and align the different duties and expectations.</p> <p>Record Management will continue to be reviewed by the Director with administrators and PSTs. File audits as a practice of PSTS will be reinforced and further enhanced in 2023-2024 to expedite PST time management on all levels.</p> <p>On select Thursday PMs, the PSTs will continue to use this collaborative time to continue their work on what they feel they need to impact learning for all. The Director and RISC will support the PSTs to work in depth on those strategies they choose. Tool creation is a pivotal collaborative process for PSTS to ensure effective time use to the constant demands of Inclusive schooling, “PST Autonomy” and reinforce boundary setting of role.</p>

2. Indigenous Languages and Education

As set out in the Education Act, the NWT education system recognizes the relationship between languages, culture and learning, and that school programs must be based on the cultures of the NWT.

The *Northwest Territories Junior Kindergarten – Grade 12 Indigenous Languages and Education Policy (ILE Policy)* is in place to support the Department of ECE and education bodies in welcoming all students within learning environments that centre, respect, and promote Indigenous worldviews, cultures, and languages of the community in which the school is located.

The *ILE Policy* is supported annually by conditional funding that is allocated to education bodies to provide quality Indigenous language instruction and relevant culture-based school programs for students as part of the education program for the education district. The funding provided to education bodies for Indigenous languages and education must be for the sole purpose of supporting students and teaching in accordance with the *ILE Policy*.

A. Regional Indigenous Language and Education Coordinators

The Regional Indigenous Language and Education (RILE) Coordinator provides a centralized leadership role in coordinating Indigenous language instruction and Indigenous education programs and activities in the region.

The following table details the total number of allocated, budgeted and actual RILE Coordinators in place to provide leadership at the regional level, and the explanation for any variance.

1.00	2.0	YCS has been unable to secure a third ILI and so has been given permission to use the funding for a second ILE who will support language and culture and the creation of resources to indigenizing practices.		

B. Indigenous Language and Education Teams

NWT schools are expected to create an ILE team to set personalized school goals identified in a School Based ILE Plan. The goals created in a school’s ILE Plan should be focused on the 9 action areas outlined in the ILE Handbook. Each year, schools are asked to revisit their ILE Action Plans and revise as needed to ensure growth of Indigenous language and education in their schools.

The following table details the composition of ILE teams and their planned meeting frequency including an explanation if the team was not in place or active during the year.

Indigenous Language and Education Team

C. Indigenous Language Instructors

Indigenous Language Instructors (ILIs) provide Indigenous languages instruction to JK-12 students in NWT schools through the delivery of the *Our Languages* curriculum.

The following table shows the breakdown of the budgeted, and actual ILI (PY funding) in place at each school, identifies whether the allocated PY is new or a returning ILI, and explanation for adjustments to PY.

School Name	Allocated (PY)	Budgeted (PY)	Explanation for difference (if applicable)	Actual (PY)	Explanation for difference or any adjustments to PYs (if applicable)
St. Joseph	4.72	1.75	Currently have a .5 position, advertising to fill the other .5 and will use .75 for language resource people/elders in the school		
Weledeh		1.5	Currently have a 1.0 position. Will use 0.5 for language resource people and our elder in school language speaker		
St. Patrick		1.75	Currently have a .5 position, advertising to fill the other .5 and will use .75 for language resource people/elders in the school		
TOTAL	4.72	5.0	Due to the inability to hire language teachers, we use any additional language funds to hire resource people and elders in the school to support language exposure as much as possible. We will be hiring an additional ILE to support school ILE teams and increase program support in schools. (See ILE budget above).		

Note: Culture and language resource people and Elders are accounted for under the Indigenous Education (O&M) and Community Support categories.

Some Regions have indicated difficulty in filling ILI positions. The following table details the planning for maintaining ILI instruction in the Region, and for recruiting and retaining ILIs. As well as the opportunity to describe challenges or barriers related to Indigenous language instruction.

<p>Accommodations made to maintain Indigenous language instruction in the region, if any?</p>	<p>One previous instructor was hired with a letter of authority. She is a Tłı̄ch̄o speaker but is continuing to learn the language and create resources in the Wìlìdeh Yatı dialect. RILE attempts to first hire community members who can share the language for cultural experiences or school events. We hire our school elders to work with our RILE and ILIs to help us with language resource creation.</p>
<p>Plans to recruit and retain language teachers, if any?</p>	<p>RILE is networking and searching for interested community members. YCS will continue posting the available job ads.</p>
<p>The # of anticipated New ILIs and which schools they are in.</p>	<p>Zero anticipated.</p>
<p>Challenges and/or barriers faced in the region</p>	<p>Very limited language speakers who use the Wìlìdeh dialect. Many of the confident language speakers who feel comfortable teaching the language are older and, as such, limits the potential for what/how they can share their knowledge. Current ILIs and RILEs are stretched to the limit because they are the primary or sole sources of all language and language resources for the entire district. Current ILIs feel intimidated by current teaching practices that require the use of ever-changing technology and/or other teaching strategies that they are not aware of, not trained in, never experienced, or may not feel comfortable with. Finding resources in the language is impacted by the variety of translations/spellings done in the past.</p>

D. Indigenous Education

Indigenous Education funding supports the operation and maintenance of Indigenous education programs and activities in NWT schools. All NWT schools are expected to welcome all students within learning environments that centre, respect, and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located. This includes:

- Schools must actively implement *Dene Kede* and/or *Inuuqatigiit* to bring forward, in all instruction, the Indigenous worldviews, cultures, and languages of the community in which the school is located by:
 - Allocating resources to support JK-12 educators in actively implementing *Dene Kede* and/or *Inuuqatigiit*.
- Schools should welcome all students within learning environments that centre, respect and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located, through building the school-community relationship, offering educator training and employing a whole school approach to Indigenous language use by:
 - Allocating resources to help build the school-community relationship, including **mandatory Elders in Schools programming**: *Please note that Elders in School Programming no longer exists as a separate program and the financial support has been absorbed into Indigenous Education funding*;
 - Allocating resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**; and,
 - Allocating resources to employ a whole school approach to Indigenous language use.
- Schools should work toward Indigenizing teaching and learning practices, Indigenizing the content of curricula and programming, and providing opportunities for all JK-12 students to engage in authentic and relevant key cultural experiences throughout the school year by:
 - Allocating resources to support educators to ensure their teaching and learning practices are holistic, spiral, experiential and relational;
 - Allocating resources to support educators in Indigenizing the content of curricula and programming to ensure it reflects the Indigenous worldviews, cultures, and languages of the community in which the school is located; and,
 - Allocating resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

Indigenous Education funding includes the hiring of Elders and community resource people and providing appropriate teacher training to ensure the *ILE Policy* is implemented.

The following table details the total amount of allocated, budgeted, and actual funding spent on Indigenous Education to create welcoming environments and Indigenizing education **in each school**, and the explanation for any variance.

School Name	Allocated (\$)	Budgeted (\$)	Explanation for difference (if applicable)	Actual (\$)	Explanation for difference (if applicable)	3 rd Party Funding (\$) / Source (If applicable)
St. Joseph	\$98,938	23,981				
Weledeh		36,534				
St. Patrick		37,883				
TOTAL	\$98,938	98,938				

The following table details whether **schools** choose to allocate or find additional funding for an Elder and/or Cultural Support Worker that works at the school on a **consistent schedule** either from ILE funds or 3rd party funding.

School	Elder in School (Y/N)	Cultural Support Worker (Y/N)	How are these positions funded?	If no to either of these positions, why not?
St. Joseph	Y	Y (Liaison Position)	ILE program funds Jordan's Principle Funding	
Weledeh	N	Y(Liaison Position)	Jordan's Principle Funding	We believe the two other schools would benefit most from having an elder in the school. WCS has a long-term 1.0 ILI who supports the school in many ways. We feel our elder cannot handle a consistent schedule at all 3 schools.

E. Strengthening Training for Northern Educators

Strengthening training for Northern educators in Indigenous language and education is essential in order to provide educators with the background and context from which they can learn more about the community in which they live and work. This provides the foundation for educators to contribute to the ongoing development of positive relationships with students, parents, and the community at large.

Education bodies must allocate resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**.

The following table details school-based and/or regional approaches to **local** cultural orientation days.

School	Key Cultural Experiences	% of Staff Participation	% of Actual Participation	Explanation for Difference <i>(if applicable)</i>
St. Joseph	Blanket Exercise in Sept/Oct for new staff, those that missed the previous year, or any interested in participating again	40%

All school staff play a role in supporting language reclamation and language revitalization efforts. **Employing a whole school approach to Indigenous language use** bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

F. Offering Key Cultural Experiences

Key Cultural Experiences are the backbone to education in an Indigenous context. Students learn best by doing. Key cultural experiences are authentic and relevant activities, which provide learning experiences that reflect, validate, and promote the worldviews, culture and languages of the Indigenous peoples of the NWT. Education bodies must allocate resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

The following table details the **land-based** key cultural experiences using funding from the community support or Indigenous education categories.

Please highlight two wise practices of land-based key cultural experiences from each school in the region.

School	Name of Land Based Key Cultural Experience <i>(list two wise practices from each school)</i>	# of Participants	# of Cultural Resources Experts / Elders Hired	Was an Indigenous language used? <i>(Y/N)</i>	Duration of Experience <i>(Days / hours / frequency)</i>

G. Employing a Whole School Approach to Language Use

All school staff play a role in supporting language reclamation and language revitalization efforts. Employing a ‘**whole school approach to language use**’ bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

The following tables detail initiatives that employ the whole school approach to language use.

H. Community Support

Community support funding is offered to support Indigenous language revitalization by supporting the hiring of cultural resource experts for short term projects, the purchase/renting of on-the-land equipment and supplies, and/or the provision of Indigenous language and education professional development within communities.

The following table details the **regional** amount of allocated and actual funding spent on community support, and the explanation for any variance.

Allocated <i>(\$)</i>	Budgeted <i>(\$)</i>	Explanation for Difference <i>(if applicable)</i>	Actual <i>(\$)</i>	Explanation for Difference <i>(if applicable)</i>
\$43,182	44,000	Additional funds will be utilized from other areas of Indigenous Education.		

I. Resource Development for OLC and ILE Handbook

The Resource Development funding provides support for the continued development and implementation of the *Our Languages* curriculum (OLC) and *the Indigenous Language and Education (ILE) Handbook*. Schools that provide Indigenous language instruction must offer dedicated time for Indigenous language instruction within the regular education program and actively implement the *Our Languages* curriculum by:

- Allocating resources to support core Indigenous language instruction;
- Allocating resources to develop resources for the *Our Languages* curriculum;
- Allocating resources to support community connections related to Indigenous language instruction; and,
- Allocating resources to support Indigenous language instruction through an immersion approach, where and when possible.

Resource Development funding is to be used only for:

- a) Training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation;
- b) Developing resources for the implementation of *OLC* and *ILE Handbook* in schools; and
- c) Technology needs that support *OLC* and *ILE Handbook* implementation.

Note: Please ensure copies of any new resources produced are submitted to ECE-ILES.

The following table details the **regional** funding allocated, budgeted, actual expenditures for resources development, and the explanation for any variance.

Allocated <i>(\$)</i>	Budgeted <i>(\$)</i>	Explanation for Difference <i>(if applicable)</i>	Actual <i>(\$)</i>	Explanation for Difference <i>(if applicable)</i>
\$46,072	45,000	\$1,000 will be utilized under Community Support and Indigenous Education.		

The following table details the **regional** and **school** training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation.

School and # of ILIs participating	OLC or ILE Handbook	Specific Focus <i>(ex: assessment)</i>	Training Provider <i>(ex: RILE, ECE, Contractor)</i>	Dates and Location
<i>Example: ILESHS -2 ILIs and PST</i>	<i>OLC</i>	<i>Assessment</i>	<i>RILE and private contractor</i>	<i>September 12-14, Yellowknife</i>

The following table details the **regional resources created** for the implementation of *OLC* and *ILE Handbook* in schools.

Resource Type <i>(ex: books, signage, digital, visuals, translations)</i>	Title of Resource <i>(if texts)</i>	# of Copies Produced	Language Produced In
<i>Example: Wordless book</i>	<i>Rebecca and the Trickster Raven</i>	<i>30</i>	<i>Dene Zhatie</i>

The following table details **regional purchases made to support technological** needs that support *OLC* and *ILE* implementation.

Type of technology purchased	# of Items Purchased	How the Purchased Technology Supports <i>OLC</i> and <i>ILE Handbook</i> Implementation
<i>Example: iPads</i>	<i>5</i>	<i>5 iPads were placed in the Indigenous language classroom and fully loaded with all apps, games and electronic books that support Indigenous language instruction.</i>

Operating Plan - Executive Summary

The Yellowknife Education District No. 1's Operating Plan for the 2023-2024 school year was prepared in compliance with the *Financial Administration Act* (FAA) that requires Northwest Territories (NWT) Education Bodies to plan for their operations, compliance to educational directives, and implementation of activities and initiatives in line with the Government of the NWT (GNWT) Mandate and the Minister of Education's direction.

The Operating Plan outline consists of several sections corresponding to various accountability areas, all of which have been completed in accordance with the Yellowknife Education District No. 1's priorities for the upcoming school year.

The following table summarizes the planned goals and targets for the upcoming school year:

Yellowknife Education District No. 1 (YK1) has placed educational priorities and goals for 2023-2024 under three pillars that incorporate priorities agreed to by Education Leaders and the Department of ECE: Student achievement in Literacy and Numeracy; Language and Culture, Student & Educator Wellness; Personalized and Inclusive Education; and Key Competencies.

YK1 strategic priorities are also included in our planned goals and targets. They are as follows:

- Learning: Ensure inclusive, equitable and authentic learning experiences;
- Indigenous Language & Education: Honour and celebrate Indigenous Language and Culture for all learners;
- Community: Foster critical understanding of local, national and global issues; and
- Wellness: Cultivate a culture of holistic wellness.

The three pillars that align the aforementioned are:

1. Learning
2. Indigenous Language and Culture
3. Wellness, Community, and Key Competencies

The following chart highlights planned goals and foci for 2023-2024. All professional development will align with the identified pillars.

1. Administration and School Services

Administration and Schools Services reflects the overall operations of Education Bodies and Schools, including high level overviews of the Education Body's:

- A. Governance Structure;
- B. Functional Organizational Chart;
- C. School Profiles; and
- D. Policy Development.

A. Governance of Education Bodies

The following table details key aspects of the Education Body governance structure and processes at the regional level, such as elections membership terms, current membership:

YK1 was established in 1939. Seven publicly elected officials serve as YK1 Trustees. The District Education Authority (DEA) plays a key role in the continued success of the District and the 2154 (May 2023) students it serves.

Accountability, strategic thinking, financial responsibility, and commitment are among the strengths of this dedicated group.

District Education Authority Trustees

Chairperson:	David Wasylciw
Vice Chairperson:	Terry Brookes
Trustees:	Barbara Bell
	Tina Drew
	Michelle Peters
	Al Shortt
	Jason Snaggs

Administration

Superintendent of Education:	Jameel Aziz
Assistant Superintendent:	Shirley Zouboules
Assistant Superintendent:	Landon Kowalzik
Director of Corporate Services:	Tram Do

During their time 'in office', Trustees attend monthly DEA meetings and participate in regularly scheduled DEA-level committee meetings. In addition, Trustees make every effort to increase their awareness and understanding of community concerns and school-based issues by attending monthly Parent Advisory Committee meetings, public gatherings and community events. YK1

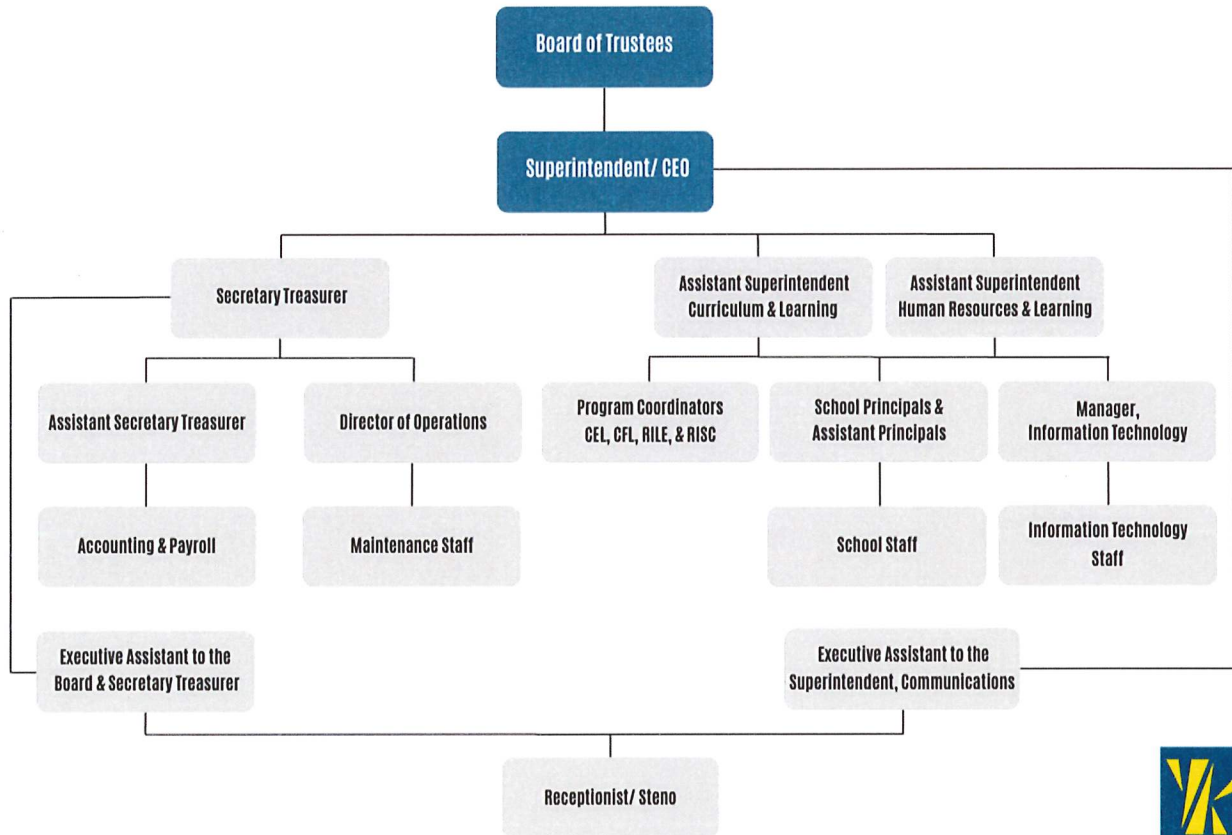

Trustees will be elected every four years. There are no options to renew unless they are re-elected.

Yellowknife Education District No. 1 Trustees play a vital role in the continued success of the District. These individuals lead with diligence and sound judgment, always with the best interests of students at heart. YK1 policymakers guide the next generation into the future and do their part to contribute to a strong community and a well-functioning society.

B. Functional Organizational Chart

The following table details the functional organization of the Education Body:

D. Policy Development

Under section 96 of the Education Act, a District Education Authority (DEA) is required to:

- Conduct its business in accordance with regulations.
- To make by-laws governing the procedure to be followed in transacting the business of the DEA.
- Establish a code of conduct for its members.

The same requirements apply for Divisional Education Councils under section 108 of the Act.

The Education Act Regulations further define and provide guidance for the policies and by-laws DEAs and DEC's are required to develop.

The following table lists the required and recommended policies and by-laws for education bodies. Please indicate in the appropriate section the effective date for each policy and by-law for each education body in your region. If a policy or by-law is not applicable, indicate "NA". Where a policy or by-law does not exist, place an "X" in the relevant box.

2. Territorial Schools

Territorial Schools reflects the programs and professional development activities that directly support excellence in teaching and student academic achievement specific to the NWT Education Act, Ministerial Directives, or School Funding Framework including:

- A. Education Body Strategic Planning;
- B. School Improvement Planning & School Reviews;
- C. Staff Evaluations;
- D. Regional Training and In-Service;
- E. Literacy Coordinators;
- F. Healthy Food for Learning;
- G. Second Language Education;
- H. Student Success Initiative; and
- I. Northern Distance Learning

A. Education Body Strategic Planning

NWT Education Bodies develop regional priorities and goals based on the needs of their students and schools. The priorities and goals developed for the upcoming school year should align with the following five shared priorities agreed to by Education Leaders and the Department of ECE:

1. Student achievement in Literacy and Numeracy
2. Language and Culture
3. Student & Educator Wellness
4. Personalized and Inclusive Education
5. Key Competencies

The following tables detail regional priorities, goals, and connections to the shared priorities, including regional performance indicators and targets set for the upcoming school year related to Education Body strategic planning, along with the achieved results, the explanation for any difference between targets and results, noted areas of strength and areas for development.

Regional priorities and goals. B. School Improvement Planning & School Reviews

As per the *NWT School Improvement and Reporting Directive*, school improvement planning responds to student and community needs, addresses policy requirements, accommodates departmental directives, and engages all school staff.

In addition, Annual School Reviews should focus on standards of learning outcomes - academic and non-academic - and require schools to present the analysis and evaluations of learning outcomes to their Superintendent of Education.

The following tables detail regional priorities and goals for the upcoming school year related to School Improvement Planning and School Reviews, along with noted areas of strength and areas for development.

C. Staff Evaluations

All education staff is required to undergo evaluations as per Ministerial directives, including the *Promotion of Professional Growth for Teachers in Northwest Territories Schools* (2004) and *Direction on Principal Growth and Evaluation in the Northwest Territories* (2012).

The following tables detail the region’s approach to completing staff evaluations for the upcoming school year related to staff evaluations, along with noted areas of strength and areas for development.

<p>Regional approach to the completion of Staff Evaluations.</p>	<p>At the beginning of each school year YK1 Human Resources identifies all staff requiring evaluation. In addition, throughout the year, any staff identified by school administration will also be evaluated. The administration of each school is then responsible for timely and appropriate evaluations. Priority for evaluation is given to all term teachers and indeterminate teachers identified as being at risk. YK1 utilizes the ECE Growth & Evaluation model. We participated in a small trial of the newest teacher evaluation tool developed by ECE in consultation with the NWTTA and NWT working groups.</p>

D. Regional Training and In-Service

Education Bodies are responsible for training and in-service activities for staff at the regional and school level, which can occur throughout the year, and may include 2.5 administrative days per year and time allotted for the Strengthening Teachers’ Instructional Practices (STIP). (This does not include any professional development activities related to Article 16 of the Collective Agreement.)

The following tables detail the region’s training and in-service plan, the relevance of the plan to regional and shared priorities, along with noted areas of strength and areas for development.

<p>Regional approach to the completion of Training and In-Service.</p> <p>Please include relevance to regional and shared priorities, for the upcoming school year.</p>	<p>Yellowknife Education District No.1 will ensure that all district and school-based training, in-servicing, and professional development fits under the identified pillars for 2023-2024. Consultants will provide PD in the following areas:</p> <ul style="list-style-type: none"> • Learning / Indigenous Language and Culture while ensuring embedded support for moving to competency-based teaching and learning • Math Residencies (EN/FR) • Literacy Residencies (Grades 3-8) • JK-K Collaborative Study Group • JK-4 NOW Play Project (Northern Oral Language and Writing Through Play)) • Neurolinguistic approach with outside consultant (FR/Wilhideh) • Inclusive Pedagogies in Secondary <p>Two ILE district days are planned to meet the ILE policy. School specific STIP times are planned to align with the identified pillars and school improvement goals. For the duration of the trialing and implementation of BC curriculum this will be a focus.</p>

E. Literacy Coordinators

Literacy coordinators collaborate with teachers to develop effective instructional approaches in literacy and/or numeracy throughout all grades and subjects. They provide professional development for teachers and model effective routines, practices, and protocols, while developing a regional literacy action plan and supporting school administrators and teacher to develop and use instructional practices, resources, and assessments associated with the plan.

The following table details the total number of allocated, budgeted and actual Literacy Coordinators in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

** As per the School Funding Framework, funding provided equates to 0.50 or 0.25 of a school consultant position, with the expectation that the other half be funded by the Education Body, otherwise not allocated.*

F. Healthy Food for Learning

The Healthy Foods for Learning Program is supported by the Anti-Poverty Strategic Framework and aims to increase the capacity of schools to provide healthy meals and/or snacks to students.

The following tables detail the regional approach taken for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to the Healthy Foods for Learning program for the upcoming school year.</p>	<p>YK1 schools access the Healthy Food for Learning Program for the provision of snacks and/or lunches using a philosophy of access for all. Schools employ an “open cupboard” approach that allows students to get snacks and lunches, as they need them. This aligns with YK1 Strategic Priorities that focus on learning and wellness. Research shows that students perform better in all areas when their diet consists of nutritional food. (https://www.ece.gov.nt.ca/en/services/education-renewal/healthy-foods-learning).</p> <p>Our experience is that many students in our YK1 community, some of whom cannot be readily identified, do not have access to healthy food in their homes. This program helps ensure that access.</p>

3. Inclusive Schooling

The *Ministerial Directive on Inclusive Schooling* (2016) is supported annually by conditional funding that is allocated to Education Bodies for programs, processes, and personnel that meet expectations and standards identified in the *Guidelines for Inclusive Schooling* (2016), to effectively support classroom teachers and improve student success. Inclusive Schooling funding allows education bodies to provide support systems and services to enable all students to be included as full participants in regular, age-appropriate classes within their home communities.

A. Regional Inclusive Schooling Coordinators

Regional Inclusive Schooling Coordinators (RISCs) provide administrative and programming leadership at the regional level to Inclusive Schooling based staff and to the overall school team and environment to support classroom teachers in meeting the needs of students.

The following table details the total number of allocated, budgeted and actual RISCs in place to provide administrative and programming leadership at the regional level, and the explanation for any variance between each.

D. Inclusive Schooling - Staff Development

Specific funding is provided for education staff to provide or receive professional development directly related to supporting student and inclusive education in the classroom and school in general.

The following table details the total amount of allocated, budgeted and actual funding spent on inclusive schooling professional development, and the explanation for any variance.

Allocated (\$)	Budgeted (\$)	Explanation for Difference (if applicable)	Actual (\$)	Explanation for Difference (if applicable)
\$88,297	\$88,297			

The following table details the Inclusive Schooling Professional Development planned during the upcoming school year:

Type of Training & Topic	Audience Intended (PSTs, Educators, Support Assistants, Principals, etc.)	Training Provider (RISC, ECE, Contractor, etc.)	Planned Date & Location	Was the training held as planned? (Yes/No)	If No, why not?
Inclusive Learning Series	District PSTs and High School Teachers	Shelley Moore	6 Sessions throughout the year online/ recorded		
IEPP and Planning for Access with the new curriculum	District PSTs and 1 teacher pairing from each school	Shelley Moore	4 sessions held throughout the year		
Restorative Practices	EWMS Staff	TBD	2 days		
SIVA	Teachers and EAs	TBD	2 days		
TBST	Teachers, PST, EAs, Admin	TBD	TBD		

The following table details any Inclusive Schooling expertise or services contracted for professional learning and capacity building initiatives, including the name of the Contractor, the type of service, the reason the service was needed, the school(s) in which the contractor worked, and the length of contract that was awarded throughout the school year (not including members of the ECE Territorial-Based Support Team).

Name of Contractor	Type of Service <i>(Frequency / Quantity - such as # of assessments or days of consultation)</i>	Reason for using a contractor rather than a GNWT-provided service <i>(GNWT service unavailable, etc.)</i>	School(s) impacted by Service	Length of Contract	Total (\$)

** This table refers to contractors procured using Inclusive Schooling funding, and does not include others such as those procured by Jordan's Principle / Child First Initiative Funding.*

E. Assistive Technology

Assistive technology (AT) is any item, piece of equipment, or product system, whether acquired commercially off-the-shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of a child with a disability.

The following table details the amount of allocated, budgeted and actual funding spent on Assistive Technology per school, and the explanation for any variance between each.

Allocated (\$)	Actual (\$)	Actual Assistive Technology Purchased	User Group Type <i>(# of classrooms / individual student/ etc.)</i>	Total (\$)	Explanation for Difference <i>(if applicable)</i>
\$117,360					

F. Healing and Counselling

Healing and Counselling refer to strategies and supports designed to address behavioural, social, emotional, and healing issues, including those related to the legacy of residential schooling.

The following table details the amount of allocated, and funding spent on Healing and Counselling throughout the region.

Allocated (\$)	Actual (\$)	Purpose <i>(materials, positions, contracts, etc.)</i>	User Group Type <i>(# of classrooms / individual student/ etc.)</i>	Total (\$)	Explanation for Difference <i>(if applicable)</i>
\$112,240					

G. Alignment of Student Supports

In order to support all students within the Common Learning Environment as per 9.1c in the *Ministerial Directive on Inclusive Schooling (2016)*, it is critical that student supports are aligned. Student Support Plans (SSPs) and Individual Education Plans (IEPs) can be reviewed and changed at any time, but must be reviewed at least once every reporting period (3-4 times per year).

The following tables detail the region’s approach to ensure that student supports aligned to the goals stated in their SSPs and/or IEPs for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that student supports are aligned to the goals stated in SSPs and IEPs.</p>	<p>Monthly Program Support Teacher meetings where Directive guidelines and strategies are shared by the RISC and discussed with the PSTs, to ensure that SSP/MEP/IEP plans are aligned with the inclusive schooling policy. The PSTs and school teams (administrators, PSTs, teachers, EAs, RISC) work collaboratively with families to ensure thoughtful and intentional supports align with students’ SSP/IEP goals and are implemented.</p> <p>Student support plans are reviewed prior to reporting periods and adjusted as needed. The IEP renewal process professional development will ensure a strength based approach to goal setting with students and families. YK1 recognizes that teacher and support staff professional development plays an integral part in IEP renewal success.</p>

H. Flexible Instructional Strategies

Instructional strategies are techniques that teachers use to help students become independent, strategic learners. Principals are required to support teachers and support assistants in the use of flexible instructional strategies, such as scheduling allocation of resources, or leading staff development.

The following table details the region’s approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that principals create conditions to support teachers in the use of flexible instructional strategies.</p>	<p>YK1 is committed to the on-going work with ECE, our own staff as well as outside facilitators who are experts in instructional strategies that are flexible, responsive, open-ended and provide equitable supports for the needs of students in our classrooms. There is a focus on utilizing planning techniques that support holistic educational experiences.</p>

I. School-based Support Team

The School-based Support Team (SBST) operates under the leadership of the principal to assist classroom teachers with developing and implementing instructional and/or management strategies, SSPs or IEPs, and to coordinate support resources for students. The team also develops strategies to support classroom teachers in meeting students’ needs and to reduce barriers to students’ success in learning; solve specific problems; address systemic issues as well as those that are teacher or student specific; and maintain documentation, as per the reporting requirements. SBSTs are encouraged to meet regularly (typically weekly), and to keep written records of their meetings.

The following tables detail the region’s approach to ensure that the SBST, under the leadership of the principal with co-leadership by PST(s), is involved to support teachers to meet the needs of all of their students for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that the SBST is in place in each school and is operating effectively as per the directive.</p>	<p>In 2023-2024 all schools will continue to utilize existing referral processes and formats in place to ensure the continued efficiency and effectiveness of the SBST in our schools. The RISC monitors SBST implementation and effectiveness.</p>

J. Review of SSPs and IEPs

SSPs and IEPs should be discussed with parents and guardians. However, as per the NWT *Education Act*, IEPs additionally require the explicit consent of the student’s parent or guardian, typically recognized by a signature on the IEP.

The following tables detail the region’s approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that IEPs and SSPs are updated and reviewed in consultation with parents, students, SBST members, education body staff, and other professionals as required.</p>	<p>Schools follow processes outlined in the Directive that include criteria and timelines for the development and review of SSPs and IEPs. PSTS and RISC problem-solve individual cases. In 2023-2024, a focus will continue to be on understanding and implementation of the Competency-based Individual Education Plan.</p>

K. PST Activities

In carrying out their role, the PST will focus on activities and functions that directly support classroom teachers to meet the needs of their students. The Inclusive Schooling Directive provides guidance for this by setting out PST priority time-use targets:

- a minimum of 60% of the PST’s time should be devoted to **teacher support activities**
- no more than 25% of the PST’s time should be spend working **directly with students** (commonly Tier 3 students –those with more complex needs)
- maximum of 15% of the time used for **other** functions

The following table details the region’s approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets for the upcoming school year, along with noted areas of strength and areas for development.

<p>Regional approach to ensure that PSTs align their time use, to the best of their ability, to the PST Priority Time-Use targets.</p>	<p>The RISC will support, as needed, school PSTs and school administrators to collaboratively develop priority lists for their respective schools. The plans will include YK1 and ECE initiatives and directive deadlines.</p> <p>A beginning of the school year a PD refresher will be held for admin and PST on the role and allocation of PST time targets.</p>

L. Magnet Facilities

North Slave Correctional Complex – Young Offender Unit and McAteer House provide services to students with very challenging needs. This facility is deemed a ‘magnet facilities’ and has been identified as requiring additional supports.

The following table details the allocated, budgeted and actual teacher and support assistant positions in place to support education in Magnet Facilities, and the explanation for any variance between each.

Positions	Allocated (PY)	Budgeted (PY)	Explanation for variance (if applicable)	Actual (PY)	Explanation for variance (if applicable)
Teachers	3.0	4	We are staffing teaching positions in lieu of EA positions

4. Indigenous Languages and Education

As set out in the Education Act, the NWT education system recognizes the relationship between languages, culture and learning, and that school programs must be based on the cultures of the NWT.

The *Northwest Territories Junior Kindergarten – Grade 12 Indigenous Languages and Education Policy (ILE Policy)* is in place to support the Department of ECE and education bodies in welcoming all students within learning environments that centre, respect, and promote Indigenous worldviews, cultures, and languages of the community in which the school is located.

The *ILE Policy* is supported annually by conditional funding that is allocated to education bodies to provide quality Indigenous language instruction and relevant culture-based school programs for students as part of the education program for the education district. The funding provided to education bodies for Indigenous languages and education must be for the sole purpose of supporting students and teaching in accordance with the *ILE Policy*.

A. Regional Indigenous Language and Education Coordinators

The Regional Indigenous Language and Education (RILE) Coordinator provides a centralized leadership role in coordinating Indigenous language instruction and Indigenous education programs and activities in the region.

The following table details the total number of allocated, budgeted and actual RILE Coordinators in place to provide leadership at the regional level, and the explanation for any variance.

Allocated (PY)	Budgeted (PY)	Explanation for difference (if applicable)	Actual (PY)	Explanation for difference or any adjustments to PYs (if applicable)
1.0	1			

B. Indigenous Language and Education Teams

NWT schools are expected to create an ILE team to set personalized school goals identified in a School Based ILE Plan. The goals created in a school’s ILE Plan should be focused on the 9 action areas outlined in the ILE Handbook. Each year, schools are asked to revisit their ILE Action Plans and revise as needed to ensure growth of Indigenous language and education in their schools.

The following table details the composition of ILE teams and their planned meeting frequency including an explanation if the team was not in place or active during the year.

Indigenous Language and Education Team			
School	ILE Team Composition <i>(Principal, PST, etc.)</i>	Meeting Frequency	Explanation if ILE Team was not in place or active <i>(if applicable)</i>
<i>Example: ILESHS</i>	<ul style="list-style-type: none"> • <i>Principal</i> • <i>PST</i> • <i>ILI</i> • <i>Janitor</i> • <i>Cultural Support Worker</i> • <i>Homeroom teachers from grade 7, 9 and 11</i> 	<i>Once a month</i>	<i>N/A</i>

C. Indigenous Language Instructors

Indigenous Language Instructors (ILIs) provide Indigenous languages instruction to JK-12 students in NWT schools through the delivery of the *Our Languages* curriculum.

The following table shows the breakdown of the budgeted, and actual ILI (PY funding) in place at each school, identifies whether the allocated PY is new or a returning ILI, and explanation for adjustments to PY.

School Name	Allocated (PY)	Budgeted (PY)	Explanation for difference (if applicable)	Actual (PY)	Explanation for difference or any adjustments to PYs (if applicable)
École Itł'ò	6.89	0.6			
Mildred Hall		3.0			
N.J. Macpherson		0.4			
Range Lake North		0.6			
Sir John Franklin		2.0			
William McDonald		0.4			
TOTAL	6.89	7.0	We rounded up to create 7.0		

Note: Culture and language resource people and Elders are accounted for under the Indigenous Education (O&M) and Community Support categories.

Some Regions have indicated difficulty in filling ILI positions. The following table details the planning for maintaining ILI instruction in the Region, and for recruiting and retaining ILIs. As well as the opportunity to describe challenges or barriers related to Indigenous language instruction.

Accommodations made to maintain Indigenous language instruction in the region, if any?	<i>Example: Three Indigenous Language Instructors have been hired on a letter of authority we are currently working on an informal mentorship opportunity and will continue this model in the new year. We are exploring options with the NWTTA to be able to adjust the ILI salary grid for non-certified ILIs.</i>

<p>Challenges and/or barriers faced in the region</p>	<p><i>Example: Limited language speakers</i> Getting Willideh and Tlichu speakers to work in our district. Housing has presented as a concern for potential recruits. They declined the position due to lack of housing.</p>

D. Indigenous Education

Indigenous Education funding supports the operation and maintenance of Indigenous education programs and activities in NWT schools. All NWT schools are expected to welcome all students within learning environments that centre, respect, and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located. This includes:

- Schools must actively implement *Dene Kede* and/or *Inuuqatigiit* to bring forward, in all instruction, the Indigenous worldviews, cultures, and languages of the community in which the school is located by:
 - Allocating resources to support JK-12 educators in actively implementing *Dene Kede* and/or *Inuuqatigiit*.

- Schools should welcome all students within learning environments that centre, respect and promote the Indigenous worldviews, cultures, and languages of the community in which the school is located, through building the school-community relationship, offering educator training and employing a whole school approach to Indigenous language use by:
 - Allocating resources to help build the school-community relationship, including **mandatory Elders in Schools programming**: *Please note that Elders in School Programming no longer exists as a separate program and the financial support has been absorbed into Indigenous Education funding*;
 - Allocating resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**; and,
 - Allocating resources to employ a whole school approach to Indigenous language use.

- Schools should work toward Indigenizing teaching and learning practices, Indigenizing the content of curricula and programming, and providing opportunities for all JK-12 students to engage in authentic and relevant key cultural experiences throughout the school year by:
 - Allocating resources to support educators to ensure their teaching and learning practices are holistic, spiral, experiential and relational;
 - Allocating resources to support educators in Indigenizing the content of curricula and programming to ensure it reflects the Indigenous worldviews, cultures, and languages of the community in which the school is located; and,
 - Allocating resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

Indigenous Education funding includes the hiring of Elders and community resource people and providing appropriate teacher training to ensure the *ILE Policy* is implemented.

The following table details the total amount of allocated, budgeted, and actual funding spent on Indigenous Education to create welcoming environments and Indigenizing education **in each school**, and the explanation for any variance.

School Name	Allocated (\$)	Budgeted (\$)	Explanation for difference (if applicable)	Actual (\$)	Explanation for difference (if applicable)	3 rd Party Funding (\$) / Source (If applicable)
<i>Example: ILESHS</i>	<i>\$40,000</i>	<i>\$30,000</i>	<i>\$10,000 will be used for sub costs/travel to support language professional development for ILLs</i>	<i>\$30,000</i>	<i>N/A</i>	<i>N/A</i>

TOTAL	\$173,657	173,657				

The following table details whether **schools** choose to allocate or find additional funding for an Elder and/or Cultural Support Worker that works at the school on a **consistent schedule** either from ILE funds or 3rd party funding.

School	Elder in School (Y/N)	Cultural Support Worker (Y/N)	How are these positions funded?	If no to either of these positions, why not?
<i>Example: ILESHS</i>	No	Yes	<i>Jordan's Principle</i>	<i>Elders are hired on short term basis using ILE Funding</i>
École It'ò	No			<i>Elders are hired on short term basis using ILE Funding</i>
Mildred Hall	No	Yes	Jordan's Principle

E. Strengthening Training for Northern Educators

Strengthening training for Northern educators in Indigenous language and education is essential in order to provide educators with the background and context from which they can learn more about the community in which they live and work. This provides the foundation for educators to contribute to the ongoing development of positive relationships with students, parents, and the community at large.

Education bodies must allocate resources for educator training to ensure all school staff are aware of the Indigenous worldviews, cultures and languages of the community in which they live and work, including **two days of mandatory cultural orientation**.

The following table details school-based and/or regional approaches to **local** cultural orientation days.

All school staff play a role in supporting language reclamation and language revitalization efforts. **Employing a whole school approach to Indigenous language use** bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

F. Offering Key Cultural Experiences

Key Cultural Experiences are the backbone to education in an Indigenous context. Students learn best by doing. Key cultural experiences are authentic and relevant activities, which provide

learning experiences that reflect, validate, and promote the worldviews, culture and languages of the Indigenous peoples of the NWT. Education bodies must allocate resources for authentic and relevant key cultural experiences, including on-the-land cultural camps, throughout the school year.

The following table details the **land-based** key cultural experiences using funding from the community support or Indigenous education categories.

Please highlight two wise practices of land-based key cultural experiences from each school in the region.

G. Employing a Whole School Approach to Language Use

All school staff play a role in supporting language reclamation and language revitalization efforts. Employing a **‘whole school approach to language use’** bridges a gap created by colonization. Through acknowledgment of the value and the authentic use of language and culture, the whole school approach is a component of reconciliation. Education bodies must allocate resources to employ a whole school approach to Indigenous language use.

The following tables detail initiatives that employ the whole school approach to language use.

H. Community Support

Community support funding is offered to support Indigenous language revitalization by supporting the hiring of cultural resource experts for short term projects, the purchase/renting of on-the-land equipment and supplies, and/or the provision of Indigenous language and education professional development within communities.

The following table details the **regional** amount of allocated and actual funding spent on community support, and the explanation for any variance.

I. Resource Development for OLC and ILE Handbook

The Resource Development funding provides support for the continued development and implementation of the *Our Languages* curriculum (OLC) and *the Indigenous Language and Education (ILE) Handbook*. Schools that provide Indigenous language instruction must offer dedicated time for Indigenous language instruction within the regular education program and actively implement the *Our Languages* curriculum by:

- Allocating resources to support core Indigenous language instruction;
- Allocating resources to develop resources for the *Our Languages* curriculum;
- Allocating resources to support community connections related to Indigenous language instruction; and,
- Allocating resources to support Indigenous language instruction through an immersion approach, where and when possible.

Resource Development funding is to be used only for:

- a) Training and workshops for Indigenous language instruction (ILI) staff to further their professional development in *OLC* and *ILE Handbook* implementation;
- b) Developing resources for the implementation of *OLC* and *ILE Handbook* in schools; and
- c) Technology needs that support *OLC* and *ILE Handbook* implementation.

Note: Please ensure copies of any new resources produced are submitted to ECE-ILES.

The following table details the **regional** funding allocated, budgeted, actual expenditures for resources development, and the explanation for any variance.
