#### AUDITOR'S REPORT

To the Minister of Resources, Wildlife, and Economic Development

I have audited the consolidated balance sheet of the Northwest Territories Development Corporation as at March 31, 1996 and the consolidated statements of operations, deficit and contributed equity and changes in financial position for the year then ended. These financial statements are the responsibility of the Corporation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free from material misstatement. An audit includes assessing the accounting principles used and significant estimates made by management, as well as, evaluating the overall financial statement presentation.

As required by the *Financial Administration Act*, I report that, in my opinion these principles have been applied on a basis consistent with that of the preceding year.
