Dear Sir or Madam,

We, the constituents of Hay River MLA Jane Groenewegen offer our support concerning her recent endeavors in the Legislature. It is apparent that the current Government has a serious problem with the appearance of collusion. On our behalf, Mrs. Groenewegen is working to make this Government more transparent and accountable to its constituents. To this end, we fully support our MLA and expect Cabinet and ordinary members to afford Mrs. Groenewegen the respect she deserves by supporting her in this democratic process. As residents of the Northwest Territories we expect our politicians to conduct themselves in a responsible manner by being accountable to the people.

Thank you.
