Recognizing the Value of Elder's Knowledge

Please accept this letter in support of the motion to recognize the value of Elder's Knowledge, presented and passed at the February Session.

Elders are an integral part of the Tlicho Nation and their knowledge continues to guide the Tlicho language, culture and way of life. Governments, industry and other agencies often call upon this knowledge and Elders should be recognized and valued accordingly.

I wish to extend our full support to seeing this motion becoming GNWT policy.

Yours in Tlicho Unity

George Mackenzie
Grand Chief George Mackenzie
