Oral Question OQ148-20(1): Healthcare in Small NWT Communities

This letter is in follow up to the Oral Question you raised on February 29, 2024, regarding Healthcare in Small NWT Communities.

Specifically, you asked how many permanent long-term health workers are living in small communities across the NWT.

Excluding Yellowknife and all of Hay River Health and Social Services Authority, the Department can confirm that of the 715 health care workers, 630 of them reside in the smaller communities. The other 85 are job share employees.

**NTHSSA/TCSA/HSS Indeterminate Employees by Community and Job Share*
(excluding all Yellowknife Staff and all HRHSSA Staff)**
