JULIAN MORSE  
MLA, FRAME LAKE**Oral Question 89-20(1): Wildfire Motion**

This letter is in follow-up to the Oral Question you raised on February 24, 2024, regarding the Wildfire Motion Response.

The Government of the Northwest Territories' (GNWT) commitment to openness and transparency is reflected in the formation of an Oversight Committee for the After-Action Review (AAR). This Committee will be responsible for selecting a contractor to conduct the review and ensuring that the work of the contractor successfully fulfills the terms of the contract.

I reached out to the Council of Leaders and to the Standing Committee on Accountability and Oversight (SCAO) to seek feedback and suggestions on the draft terms of reference for the Committee, as well as to seek nominees. My intention was to be transparent about the nature of the contract and to ensure that as the successful proponent undertakes its work, that Council of Leaders and SCAO can be assured that the GNWT is freely providing all necessary information to the contractor and assisting to ensure that the review is successful.

The Committee consists of three individuals nominated by each party who will take a contract management role for the conduct of the AAR. Committee members are not representatives of their nominating party, but rather nominated based on their expertise. All updates on the AAR will be shared by the Committee, developed jointly, and provided to each of the nominating parties at the same time. Attached with this letter are copies of all documentation associated with the Request for Proposals.

.../2

I would also like to note that there will be extensive opportunities for public engagement as a part of the AAR, the exact details of which will be determined once a contractor is selected and begins the work.

Thank you.

- 3.2. In the event all Proposals or amendments have material defects with the requirements of this RFP, the GNWT reserves the right to cancel the RFP, or to accept the Proposal deemed to be in the best interest of the GNWT.
- 3.3. This is not a Request for Tenders or otherwise a bid. The GNWT is not bound to accept the Proposal that provides for the lowest cost or price to the GNWT nor any Proposal of those submitted.
- 3.4. Notice in writing to a Proponent and the subsequent execution of a written agreement shall constitute the making of a contract. No Proponent shall acquire any legal, equitable, or contractual rights or privileges whatever until the contract is signed.
- 3.5. The GNWT reserves the right to negotiate price, scope of work or both with any Proponent.
- 3.6. If a contract is to be awarded as a result of this RFP, it shall be awarded to a Proponent who is responsible. Responsible means the capability in all respects to perform fully the contract requirements and the integrity, financial resources, creditworthiness, and reliability to assure performance of the contract obligations.
- 3.7. The GNWT has the right at any time in its sole discretion, without incurring any liability whatsoever to any Proponent (and no Proponent will have any claim against the GNWT as a consequence), to do any of the following:
  - amend this RFP prior to the Proposal Submission Deadline;
  - reject any Proposal, or all Proposals submitted;

  - re-invite Proposals submitted by responsible Proponents without going to a public RFP or tender; and

- negotiate the price or scope of work or both with the highest ranked Proponent in order to achieve a reduced price, scope of work, or both.
- 3.8. If a written contract cannot be negotiated within a time frame fixed by the GNWT, the GNWT may, at its sole discretion, terminate negotiations with that Proponent and either negotiate a contract with another Proponent or choose to terminate the RFP process and not enter into a contract with any of the Proponents, and no Proponent shall have any claim against the GNWT as a consequence.
- 3.9. Should a contract be awarded as a result of this RFP it is expected that the contract to be entered into with the successful Proponent will be substantially in the form of the Pro-Forma Contract set out in SECTION 5 PRO-FORMA CONTRACT of this RFP. Proponents are cautioned to thoroughly review the Pro-Forma Contract to ensure, before incurring the expense of Proposal preparation, that they are capable of meeting the terms and conditions of the contract.
- 3.10. In the event of any inconsistency or conflict between the provisions contained in this RFP or the successful Proposal and the contract to be entered into with the successful Proponent, the provisions of the executed contract shall govern.

- 3.16. The GNWT will not be held responsible for errors or omissions contained in a Proposal.
- 3.17. **Unit Prices:** When required as part of the Financial Submission, all unit prices should be extended and totaled; failure to do so may result in the Proposal being rejected as non-responsive or receiving a score of zero for the financial portion of the Competitive Selection Process. The extended price is derived by multiplying the unit price by the quantity of units required. In the event of an error in calculation of the extended price, the unit price will be taken as correct and will govern in the evaluation and resulting contract.
- 3.18. **Conflicts of Interest:** Each Proponent is required to disclose any instances, which may cause a conflict of interest as defined in the Pro-Forma Contract. If such disclosures are made, the Proponent is required to indicate the manner in which they intend to address such conflicts. Where the GNWT is not satisfied with the manner in which the Proponent intends to address such conflicts, the GNWT, in its sole discretion, may refuse to consider the Proponent's Proposal. Proponents may contact the Contact Person listed in paragraph 3.33 to enquire about any potential conflicts of interest.

3.19. **Accommodations:** The GNWT supports and encourages the use of commercial establishments providing accommodation and meals where available. ## SECTION 2 TERMS OF REFERENCE

### 1. PROJECT IDENTIFICATION

Project Title: **2023 Wildfire Emergency Response - After Action Review**  
 Program Department: **Executive and Indigenous Affairs**  
 Program Division: **Indigenous and Intergovernmental Affairs**

### 2. BACKGROUND

Impacts of the 2023 wildfire season clearly demonstrate that it was the most significant on record for the Northwest Territories (NWT). An After Action Review (AAR) is required to hear from the public, document the event, analyze outcomes, and recommend changes and updates to existing plans and processes to improve and ensure appropriate preparedness and response strategies for emergency events. Quality information is required to guide future decisions on emergency management policies and programs. This review is focused on emergency management only; wildfire fighting activities are outside of the scope.

The review is to focus on the following five areas:

- Risk monitoring and assessment
- Emergency preparedness activities
- Response activities (evacuations, transportation, hosting, etc.)
- Operational and public communications
- Transition to recovery (re-entry planning, repatriation, damage assessments, etc.)

Each of these areas is to be examined from the perspective of community governments/Local Emergency Management Organizations (EMOs), Regional EMOs, Territorial EMO (including federal partners), Government of the Northwest Territories (GNWT) departmental employees and senior management, Members of the 19<sup>th</sup> Legislative Assembly in office during the 2023 wildfire events, Indigenous governments, non-government organizations (NGOs), business stakeholders and the public. Perspective information obtained needs to be analyzed from both a qualitative and quantitative perspective.

The data collection component of the exercise is expected to include surveys, interviews, and in-person public engagement sessions in the NWT communities that were evacuated: Hay River, Kátł'odeeche First Nation, Smbaa K'e, Wekweètì, Behchokò, Fort Smith, Jean Marie River, Enterprise, Kakisa, Yellowknife, Dettah and N'dilo.

### 3. OBJECTIVES

The objective of this Request for Proposal is to engage a qualified consulting team to undertake an AAR that includes:

- A review of the documented authorities, roles and responsibilities, and procedures as laid out in the NWT *Emergency Management Act*, the *Northwest Territories Emergency Plan*, associated community government and departmental emergency plans, departmental business continuity plans, and other relevant GNWT emergency management related legislation, policy, and documents;

- An analysis comparing feedback collected to the existing emergency management system and processes in the NWT (e.g. established roles and responsibilities, plans, legislation) to inform evidence-based recommendations; and
- A comparative analysis of best practices in other Canadian jurisdictions regarding the above-mentioned areas as they relate to emergency response activities associated with wildfires.

#### 4. SCOPE OF WORK

1. Develop survey questionnaires for each target audience. Target audience groups are as follows:
  - Community Government / Local EMO members
  - Regional EMO members
  - Territorial EMO members
  - GNWT departmental staff and senior management
  - Members of the 19th Legislative Assembly in office during the 2023 wildfire events
  - Non-government organizations (NGOs)
  - Indigenous governments
  - Chambers of Commerce and businesses
  - Public
2. Issue an invitation to the public for individuals and organizations to provide written submissions to be considered as part of the review.
3. Conduct public engagement sessions in impacted communities throughout the Northwest Territories, to hear directly from NWT residents about emergency response.
4. Conduct information gathering individual or group interviews with the following:
  - Territorial EMO members, GNWT department staff and senior management, and NGO partners (approximately 146 interviewees with a minimum of four group interviews)
  - Regional EMO members (approximately 39 interviewees via five group interviews)
  - Community Governments/Local EMO members (specifically leadership and officials - approximately 23 interviewees)

The Proponent will also be responsible for planning and execution of in-person public events, including all logistics associated with the conduct of the event and the translation of meeting artifacts into the appropriate languages.

5. Conduct a review of formal written feedback received to date by the Department of Municipal and Community Affairs from GNWT departments and outside agencies and organizations (e.g. after action reports, letters, etc.) related to summer 2023 wildfire emergency event management / response.
6. Conduct a document review to understand the NWT emergency management regime, roles and responsibilities for each emergency management partner, including existing plans and procedures.
7. Conduct research through a jurisdictional scan to determine best practices to gain an accurate perspective of best practices, and comparative models of practice concerning above mentioned factors as it relates to wildfire response.
8. Summarize and analyze survey feedback, written submissions, external reports, document review, public engagement sessions, and jurisdictional scan against best practices in a comprehensive report intended to be made available to the public to include the following:
  - An executive summary, including methodology
  - Introduction
  - Comprehensive timeline of the 2023 wildfire season
  - For each above-mentioned five areas, focus must be placed on identifying:
    - The strengths to be maintained and built upon
    - The weakness, gaps and/or deficiencies that need to be addressed
    - The activities (both response and recovery), strengths and weaknesses relative to the jurisdictional research, and
    - Evidence-based recommendations for each target group.

### Conclusion

Research, and the final report, must focus on best practices and comparative models applicable in the context of a northern operating environment.

All supporting response material and evidence used to support the development of the report and its recommendations are to be provided to Indigenous and Intergovernmental Affairs. Information obtained through interviews and on-line surveys will be provided in anonymized form.

The successful Proponent may be required to interface directly with an external committee whose role may include reviewing documentation received from target audiences; reviewing the contractors' preliminary findings and recommendations; and providing final acceptance of the contractors' work.

## **5. BUDGET**

The GNWT has elected not to identify a budget for this project.

## 6. CONSTRAINTS

The GNWT's objective is the effective delivery of French language and Indigenous language services wherever significant demand requires it. To this end the Proponent must follow the [GNWT Standards for French Language Communications and Services](#), as well as the [Indigenous Languages Communication Guidelines](#).

All data included in the report(s) or any other communication must be anonymized.

Proponents conducting AAR for any other entity related to the 2023 wildfire season in the NWT are excluded from bidding unless, in the sole discretion of the GNWT, their proposal satisfactorily demonstrates that protocols have been put in place to maintain the independence of the respective teams and there will be no interaction between teams as it relates to the 2023 wildfire.

The successful Proponent will present all data collection instruments and deliverables in draft for review and input from the GNWT and any external oversight committee that may be established.

Formal Approval is required from the GNWT designated Project Manager before implementation of the data gathering instruments.

Information gathering approaches must take into account any cultural nuances and potential communication barriers in the respective communities.

## SECTION 3 PROPOSAL EVALUATION CRITERIA

### 1. MANDATORY REQUIREMENTS

The GNWT has several requirements that are deemed Mandatory when submitting a response to this RFP. **Failure to comply with the mandatory requirements will result in disqualification of the Proponent's Proposal and removal of the Proposal from further considerations during the Competitive Selection Process.**

The GNWT has identified the following criteria to be mandatory and therefore critical to the success of the project:

1. Proposals **must** be received prior to the specified Proposal Submission Deadline, in accordance with the Proposal Submission Methods set out in Section 1, item 1.3.
2. Proposals must clearly state the total proposed fees and expenses.
3. Prices proposed must be stated in actual dollars and cents, expressed in Canadian funds.
4. The project team must include at least one member who is a credentialed evaluator.

### 2. RATING

Proposals will be evaluated and rated by an evaluation committee, using the predetermined criteria set out in sub-section 3.4, to determine which Proposal potentially provides the best value to the GNWT.

Detailed ratings and comments will be confidential however, once the contract has been executed, a Proponent can ask for their own detailed rating and comments and the names and total rating of the other Proponents.

In terms of relative importance, each criterion is given a pre-assigned weight, as outlined on the Proposal Rating Schedule provided in sub-section 3.4, by which each Proposal will be evaluated.

Each criterion is rated on a scale of 0 to 10 (see Table 1). Each criterion's rating is then multiplied by the assigned weight to yield a total for that element. Summation of the individual totals yields a total score, which represents the overall degree of satisfaction for the respective submission. This procedure is repeated for each of the responsive Proposals.

The highest total score will determine the Proposal that potentially provides the best value to the GNWT.

Table 1

Scoring Legend (Unit Points)				
0	1-3	4-6	7-8	9-10
<p><b>Deficient</b> – the Proposal fails to meet the requirements of the applicable RFP references and associated scoring criteria in a suitable and documented manner. The Proposal has little merit and fails to Demonstrate that the work will be performed in an acceptable manner.</p>	<p><b>Poor</b> – the Proposal fails to meet the requirements of the applicable RFP references and associated scoring criteria in a suitable and documented manner. The Proposal has some merit, but there are significant weaknesses that could result in unacceptable shortcomings in performance of the work.</p>	<p><b>Fair</b> – the Proposal barely meets the requirements of the applicable RFP references and associated scoring criteria in a suitable and documented manner. The Proposal has substance but there are weaknesses that could result in tolerable or reasonably correctable shortcomings in performance of the work.</p>	<p><b>Good</b> – the Proposal reasonably Demonstrates that the requirements of the applicable RFP references and associated scoring criteria are met in a documented and suitable manner. The Proposal is comprehensive but there are minor weaknesses that should not significantly impact performance of the work.</p>	<p><b>Excellent</b> – the Proposal fully Demonstrates that the requirements of the applicable RFP references and associated scoring criteria are met in a documented and suitable manner. There are no apparent weaknesses.</p>

### 3. EVALUATION PROCESS

The GNWT will evaluate Proposals in accordance with the Proposal Rating Schedule provided in Section 3.4.

This RFP has detailed guidelines regarding the format of Proposal submissions. Proponent should ensure they thoroughly review Section 4 (Response Guidelines) when preparing their Proposal.

The evaluation process shall consist of the following stages:

- **Stage 1: Review of Mandatory Requirements:**

Each Proposal will be reviewed by the GNWT to ensure compliance with the stated mandatory requirements.

- **Stage 2: Evaluation of Rated Requirements:**

Rated Requirements Criterion:

- 1) Team
- 2) Methodology / Approach
- 3) Proponent’s Past Relevant Experience

The evaluation of the rated requirements shall consist of a detailed review of the Proposal to determine the extent to which to the Proposal addressed the requirements set out in this RFP.

- **Stage 3: Evaluation of Fees:**

The GNWT will utilize a Lowest Cost Ratio approach to evaluate the total proposed fees and expenses of each Proposal.

Lowest Cost Ratio is an evaluation approach whereby the Proposal with the lowest cost receives the maximum points available and all other Proposals receive a percentage of the points based on their cost relation to the lowest. This is determined by applying the following formula:

$(\text{Lowest Cost} / \text{Cost Being Evaluated}) \times (10) = \text{Awarded Points}$

- **Stage 4: Application of the Business Incentive Policy:**

Please refer to Section 4 (Response Guidelines) item 5 for information regarding the Business Incentive Policy.

- 1.2. The Services shall be provided by the Contractor at the rate mutually agreed to by both Parties and attached as **Appendix "C"**, and except as may be agreed upon between the GNWT and the Contractor, the total amount payable to the Contractor for fees shall not exceed **\_\_\_\_\_ Dollars** (\_\_\_\_\_).

- 1.4. From time to time, the GNWT may add to, delete from, or revise the Services by providing written notice to the Contractor, providing such additions, deletions, or revisions are reasonable and do not fundamentally alter the Agreement and the Contractor, in consultation with the GNWT, shall determine how such additions, deletions or revisions shall be implemented.

## 2. TERM:

- 2.1. This Agreement shall commence on the Effective Date and shall continue in force until [REDACTED] unless otherwise terminated or extended in accordance with the terms of this Agreement.

The obligation to indemnify and hold harmless shall not apply to the extent that a court of competent jurisdiction finally determines that such losses or damages were caused by the intentional or negligent acts or omissions of the GNWT, its Ministers, officers, employees, servants or agents.
- 4.2. The Contractor shall be liable to the GNWT for any loss or damage to property or equipment that is supplied to or placed in the care, custody or control of the Contractor for use in connection with the Agreement whether or not such loss or damage is attributable to causes beyond the Contractor's control.
- 4.3. The Contractor shall not assign, transfer or sub-contract any of the Services, or any part thereof, to any Party without written consent from the GNWT. If, with the consent of the GNWT the Services or any part thereof is performed by a sub-contractor, the Contractor shall be fully responsible to the GNWT for the acts and omissions of the sub-contractor and all its officers, servants and agents. In the case of a proposed assignment of monies owing to the Contractor under this Agreement, the Contractor acknowledges that the consent in writing of the Comptroller General of the GNWT must be obtained for such assignment in accordance with s.130(3) of the *Financial Administration Act*.
- 4.4. The Contractor shall give notice to the GNWT immediately of any claim, action, or other proceeding made, brought, prosecuted, or threatened in writing to be brought or prosecuted that is based upon, occasioned by or in any way attributable to the performance or non-performance of the Contractor in its performance of the Services under this Agreement.
- 4.5. The Contractor shall comply with all legal requirements, and shall have and maintain, at its cost, all permits and licences required for its performance of the Services.
- 4.6. The Contractor will not provide any Services to any person in circumstances, which, in the reasonable opinion of the GNWT, would likely give rise to a conflict of interest between the

Contractor's obligations to that person and the Contractor's obligations to the GNWT under this Agreement.

- 4.7. Upon completion of the Services the Contractor shall deliver to the GNWT, if requested in writing, in addition to anything specifically required herein, all correspondence, documents, papers and property belonging to the GNWT which may come into the Contractor's possession or control by virtue of this Agreement.
- 4.8. The Contractor declares that the Contractor has no pecuniary interest in the business of any third Party that would cause a conflict of interest in carrying out the Services. In the event such an interest is acquired, in the GNWT's opinion, during the life of this Agreement the Contractor shall be required to remedy the conflict of interest forthwith to the GNWT's full satisfaction. If the Contractor refuses to remedy the conflict of interest the GNWT may terminate this Agreement.

## 5. FINANCIAL PROVISIONS:

- 5.1. Upon completion of the Services, or any agreed upon part thereof, and provided all terms and conditions hereof on the part of the Contractor have been complied with, the GNWT shall pay each invoice from the Contractor within thirty (30) calendar days after its receipt, or thirty (30) calendar days after delivery of the Services, whichever is later. Invoices from Northern Contractors (as defined by the GNWT Business Incentive Policy, 63.02) will be paid twenty (20) calendar days after receipt of the invoice, or twenty (20) calendar days after delivery of the Services, whichever is later.
- 5.2. The Contractor may invoice the GNWT from time to time. All accounts shall be itemized giving details with dates, activities and time spent on each activity. The amounts will be based upon the Contractor's rates as represented in **Appendix "A"**.
- 5.3. The Contractor shall, with the submission of each invoice claim, deliver to the GNWT a completed Substantiation of BIP Content Report form and Statutory Declaration form, if the total value of the contract exceeds \$500,000.00.

Invoices that do not have a Substantiation of BIP Content Report form and Statutory Declaration form will be returned to the Contractor and may encounter delay in payment. Microsoft Excel versions of these forms can be accessed at: <https://www.fin.gov.nt.ca/en/services/procurement-shared-services/forms>

- 5.4. All invoices are to be addressed and sent to:

Financial Shared Services

P.O. BAG SERVICE 1511  
YELLOWKNIFE, NT X1A 2R3

Email: [financial\\_shareservices@gov.nt.ca](mailto:financial_shareservices@gov.nt.ca)

Invoices should clearly indicate the reference number [Click here to enter text](#) to avoid delay in payment. Invoices that do not indicate the reference number may be returned to the Contractor.

- 5.5. Payment is subject to Section 97 of the *Financial Administration Act*, S.N.W.T. 2015, c.13, as amended, which reads as follows:

"It is a condition of every contract and other agreement made by or on behalf of Government requiring an expenditure that an expenditure pursuant to the contract or agreement will be incurred only if there is a sufficient uncommitted balance in the appropriation for the department for the Government fiscal year in which the expenditure is required under the contract or agreement"

- 5.6. The GNWT certifies that the Services to be purchased from the Contractor will be purchased with government funds and are not, therefore, subject to the Goods and Services Tax (GST) or the Harmonized Sales Tax (HST). Even though the Contractor will not charge GST or HST, the Contractor may be eligible to receive input tax credits with respect to any GST or HST liability incurred in providing the Services if such a refund would be available in other circumstances. It is the sole responsibility of the Contractor to determine if input tax credits are available in respect of the

provision of the Services to the GNWT. The GNWT will not compensate the Contractor for any GST or HST liability incurred in the provision of the Services.

5.7. The GNWT, having given written notice of a breach, may withhold or hold back in whole or in part any payment due the Contractor without penalty, expense, or liability, if in the opinion of the GNWT, the Contractor has failed to comply with or has in any way breached an obligation of the Agreement. Any such holdbacks shall continue until the breach has been rectified to the satisfaction of the GNWT.

5.8. The GNWT may set off any payment due to the Contractor pursuant to this Agreement against any monies owed by the Contractor to the GNWT only in accordance with Section 57 of the NWT *Financial Administration Act*, which provides that:

The Comptroller General may retain money by way of deduction or set-off out of money payable to a person by Government out of the Consolidated Revenue Fund or by a public agency, if (a) that person owes money to Government or a public agency; (b) Government or a public agency has made an overpayment to that person; or (c) that person received an accountable advance and has not repaid or accounted for it.

5.9. The GNWT may, in order to discharge lawful obligations or to satisfy lawful claims against the Contractor or a subcontractor arising out of the execution of the Services pay any amount, which is due and payable to the Contractor under the Agreement, if any, directly to the obligee of and the claimants against the Contractor or subcontractor.

## **6. TERMINATION:**

6.1. The GNWT may terminate this Agreement at any time in the event that, in the opinion of the GNWT, the Contractor is unable to perform the Services, the Contractor's performance of the Services is faulty, the Contractor becomes insolvent or commits an act of bankruptcy, any actual or potential labour dispute delays or threatens to delay timely performance of the Services, or the Contractor defaults or fails to observe the terms and conditions of the Agreement in any material respect.

## **7. CONFIDENTIALITY:**

7.1. The Contractor shall ensure that all and any information related to the affairs of the GNWT to which the Contractor becomes privy as a result of this Agreement, is confidential and shall be treated as confidential during and after the term of this Agreement and shall not be divulged, released or published without the prior written approval of the GNWT.

## **8. GENERAL TERMS:**

8.1. This Agreement shall be interpreted and governed in accordance with the laws of the Northwest Territories and the laws of Canada as they apply in the Northwest Territories.

8.2. The Contractor is an independent Contractor, and nothing in this Agreement shall be construed or deemed to create the relationship of employee and employer or of principal and agent between the GNWT and the Contractor. The Contractor is solely responsible for payments of all statutory deductions or contributions including but not limited to pension plans, employment insurance, income tax, workers' compensation and Payroll Tax.

8.3. There shall be no waiver of a breach of any term or condition of this Agreement unless the waiver is in writing and signed by the Party, which has not committed the breach. 8.4. The GNWT, its servants and agents, shall not be liable to the Contractor, its officers, servants, agents or sub-contractors for any loss, damage or injury (including death) or for any loss or damages to the property of the Contractor, or property of others for which the Contractor is responsible, however arising or in any manner based upon, arising from or attributable to the performance of this Agreement; and the Contractor waives all rights and recourse against the GNWT for any such loss, damage, or injury or loss or damage to the Contractor's property or property of others for which the Contractor is responsible.

- 8.5. This Agreement may be amended, extended or renewed in writing only.
- 8.6. It is intended that all provisions of this Agreement shall be fully binding and effective between the Parties, but in the event that any particular provision or provisions or a part of one is found to be void, voidable or unenforceable for any reason whatsoever, then that particular provision shall be deemed severed from the remainder of this Agreement and all other provisions shall remain in full force.
- 8.7. Time is of the essence of this Agreement, both with respect to times, dates, or periods specified in the Agreement; and at any times, dates, or periods that may be substituted for any of those in the Agreement, by agreement between the GNWT and the Contractor.

The Contractor shall not be entitled to payment for costs incurred by such delays.
- 8.9. No implied terms or obligations of any kind by or on behalf of either Party to this Agreement shall arise from anything in the Agreement and the express covenants and agreements therein contained and made by the Parties to this Agreement are the only covenants and agreements upon which any rights against the Parties are to be founded.
- 8.10. The failure of either Party at any time to require the performance of any provision or requirement of this Agreement shall not affect the right of that Party to require the subsequent performance of that provision or requirement.
- 8.11. All information, including documents, submitted to the GNWT are in the custody and control of the GNWT and thus subject to the protection and disclosure provisions of the *Access to Information and Protection of Privacy Act*. This Act allows any person a right of access to the records in the custody or under the control of the GNWT subject to limited and specific exemptions.
- 8.12. The provisions of this Agreement that by their nature extend beyond the expiration or termination of this Agreement shall survive any termination or expiration of this Agreement.
- 8.13. Title to any report, drawing, photograph, plan specification, model, prototype, pattern, sample, design, logo, technical information, invention, method or process and all other property, Services or materials which are produced by the Contractor in performing the Agreement or conceived, developed or first actually reduced to practice in performing the Agreement (herein called "the property") shall vest in the GNWT and the Contractor hereby absolutely assigns to the GNWT the copyright in the property for the whole of the term of the copyright.

- 8.16. The Contractor shall keep proper accounts and records of this Agreement for a period of three (3) years after the expiry of this Agreement. At any time during the term of this Agreement, or the three (3) years after the expiry of this Agreement, the Contractor, upon request of the GNWT shall produce such accounts and records.

- 8.17. In the event the Contractor is, in the opinion of the GNWT, in default in respect of any of the obligations under this Agreement hereunder the GNWT may do any act it deems necessary to rectify such default and may deduct or set off the cost of such rectification against any amount or payment due to the Contractor.
- 8.18. References to a statute or regulation shall be a reference to such statute or regulation, as amended or re-enacted from time to time and every statute or regulation that may be substituted therefore, and to all subsidiary instruments made pursuant to such statute or regulation.
- 8.19. In accordance with the Northwest Territories Manufactured Products Policy, the Contractor is required to utilize, whenever possible, approved Northern Manufacturers for any products that comply with specifications and applicable codes. The Approved Northern Manufacturers Product List may be viewed at: <http://www.iti.gov.nt.ca/en/services/nwt-manufactured-products-policy>
- 8.20. There shall be no presumption that any ambiguity in this Agreement is resolved in favour of either Party, and the *contra proferentem* rule shall not be applied in interpretation of this Agreement.

**SCOPE OF THE ADDENDUM**

**This Addendum addresses dates, terms, and / or conditions as follows:**

No dates, terms, and / or conditions are addressed in this Addendum.

**This Addendum addresses clarifications and / or questions as follows:**

**QUESTION 1:**

Refer to Section 2 – Terms of Reference - 4. Scope of Work - Item 4.3 which states:

*“Conduct public engagement sessions in impacted communities throughout the Northwest Territories, to hear directly from NWT residents about emergency response.”*

For the purposes of completing the budget do you have an estimated number of days?

**ANSWER 1:**

Refer to Section 4 – Response Guidelines – Item 4A which states:

*“For the purpose of assisting with the determination of time required for this project, the Proponent shall assume that one full day will be required in each of the following communities for public engagement sessions.....”*

**QUESTION 2:**

Refer to Section 2 – Terms of Reference - 4. Scope of Work - Item 4.4.

Will costs for ad spots be reimbursed or should they be included in the overall price? Is the Proponent responsible for arranging for facilities for public engagement, interpretation etc.? If so, will those be reimbursed as expenses? Or should they be included in the overall price?

**ANSWER 2:**

Yes, the successful Contractor will be responsible for the logistics for public engagement and all of these costs must be included in the overall price.

### QUESTION 3:

Refer to Section 2 – Terms of Reference - 4. Scope of Work - Item 4.5:

Is there an approximate volume of written feedback received to date (e.g. # of pages)?

### ANSWER 3:

Currently we have approximately 60-100 pages of written feedback. This does not account for feedback not yet received.

### QUESTION 4:

Refer to Section 2 – Terms of Reference – 4. Scope of Work – Conclusion.

Would information gathered from public engagement and any other written submissions from the public also be anonymized? The next page appears to cover all data.

### ANSWER 4:

Yes.

### QUESTION 5:

Refer to Section 2 – Terms of Reference – 4. Scope of Work – Conclusion which states:

*“The successful Proponent may be required to interface directly with an external committee whose role may include reviewing documentation received from target audiences; reviewing the contractors’ preliminary findings and recommendations; and providing final acceptance of the contractors’ work..”*

For pricing purposes, should Proponents assume this is included and is there an assumption of the number of interface meetings that may be required? Or would this be considered extra to the scope?

### ANSWER 5:

The GNWT does not have a set number of meetings identified with the Committee, but would suggest the proponent may need to meet with the committee on a monthly basis throughout the conduct of the review to check in and provide updates, as well as anticipate requests for updates via email. Additional meetings may be required during the start up and conclusion phases of the review. For the purposes of preparing budget, this will not be considered extra to the scope and Proponents should plan for ten (10) meetings.

### QUESTION 6:

Refer to Section 2 – Terms of Reference – 6. Constraints which states:

*“Proponents conducting AAR for any other entity related to the 2023 wildfire season in the NWT are excluded from bidding unless, in the sole discretion of the GNWT, their proposal satisfactorily demonstrates that protocols have been put in place to maintain the independence of the respective teams and there will be no interaction between teams as it relates to the 2023 wildfire.”*

Does this include the fire operations RFP?

### ANSWER 6:

Yes.

**ADDENDUM**

Event ID <b>0000007289</b>	Addendum Number <b>Two (2)</b>
Date of Issue <b>March 19, 2024</b>	Attachments <b>0</b>

**QUESTION 7:**

Refer to Section 2 – Terms of Reference – 8. Deliverables which states:

*“A Report that includes an analysis and summary of the results of survey feedback, written submissions, external reports, document review, public engagement sessions, and jurisdictional scan against best practices in a comprehensive and easily digestible format intended to be made available to the public.”*

Does this also include results from the interviews?

**ANSWER 7:**

Yes, it should also include results from the interviews.

**QUESTION 8:**

Refer to Section 2 – Terms of Reference – 8. Deliverables which states:

- *“The activities (both response and recovery), strengths and weaknesses relative to the jurisdictional research, **and**”*

There appears to be a missing the recommendation.

**ANSWER 8:**

Yes, it is missing. Please add the following recommendation:

- Evidence-based recommendations for each target group.

**QUESTION 9:**

Refer to Section 3 – Proposal Evaluation Criteria – 3.4 Proposal Rating Schedule in which there are 2 of Item 5.

Is this a mistake?

**ANSWER 9:**

Yes, it should be reflected as Item 5. and Item 6.

**QUESTION 10:**

Refer to Section 3 – Proposal Evaluation Criteria – 3. – Stage 3: Evaluation of Fees which states:

*“(Lowest Cost / Cost Being Evaluated) x (10) = **Awarded Points**”*

Is “x (10)” correct or should it state “x (15)” as indicated in the schedule on the next page?

**ANSWER 10:**

Delete the existing statement and replace with the following:

*“(Lowest Cost / Cost Being Evaluated) x (10) = **Unit Points Awarded**”.*

Example of final calculation:

- Lowest proposed cost is \$100,000
- Cost being evaluated in proponents’ proposal is \$125,000
- Equals 0.80
- 0.80 is multiplied by 10 to equal a score of 8 Unit Points Awarded (column b).
- The 8 Unit Points (column B) is then multiplied by the assigned weight of 15 (column a)
- Equals 120 Total Points out of 150 Total Points (column c)

### QUESTION 11:

Refer to Section 4 – Response Guidelines – 1. Team – 1A – Project Lead/Manager which states:

- *“The project lead/manager’s experience on at least two similar projects.”*

What would be considered "similar" projects?

### ANSWER 11:

Similar projects would be emergency management focused AARs, or other types of emergency management reviews.

### QUESTION 12:

Refer to Section 4 – Response Guidelines – 1. Team – 1B – Emergency Response Experience and 1E.

Are 1B-1E seeking specific resources, or is this evaluated at the 'team' level? Please clarify.

### ANSWER 12:

It is expected that various members on the Proponent’s team would exhibit these characteristics collectively.

### QUESTION 13:

In relation to translation services, will the After Action Report need to be translated? Or is it only the engagement materials?

### ANSWER 13:

In addition to the engagement/meeting materials, the Executive Summary of the After Action Report will also need to be translated into French. Please include these costs in the submission.

**This Addendum addresses clarifications and / or questions as follows:**

**QUESTION:**

Please refer to the following constraint under Section 2 - Terms of Reference.

*“Proponents conducting AAR for any other entity related to the 2023 wildfire season in the NWT are excluded from bidding unless, in the sole discretion of the GNWT, their proposal satisfactorily demonstrates that protocols have been put in place to maintain the independence of the respective teams and there will be no interaction between teams as it relates to the 2023 wildfire.”*

Would the GNWT reconsider this constraint as we believe there would be significant added value in efficiency and comprehensiveness if a team that was already conducting a review was considered.

**GNWT RESPONSE:**

The GNWT will not be revising this constraint as the independence of this AAR from other processes in place, particularly in relation to the 2023 wildfire season, is a key interest in the conduct of this AAR. It is important that the successful proponent approach this AAR from a neutral standpoint.
