**PETITION: A FAIR DEAL for Fort Simpson  
Housing Authority Workers**

Everyone deserves a safe, comfortable, and affordable place to call home, yet far too many in our community are being left behind. Failure to support housing workers is a failure to support the entire community.

Tell Nahendeh MLA Shane Thompson that by standing up for housing workers, we can build a more equitable society where everyone has access to safe, affordable, and comfortable housing.

Shane Thompson, MLA Nahendeh,

57 people have signed a petition on Action Network telling you to Support Housing Workers in Fort Simpson.

Here is the petition they signed:

Everyone deserves a safe, comfortable, and affordable place to call home, yet far too many in our communities are being left behind.

We, the undersigned, call on MLA Shane Thompson to stand up for Housing Authority workers in Fort Simpson, who have unanimously voted to strike and are prepared to fight for a fair deal that will improve services for tenants.

Fair wages for housing workers will support adequate staffing levels, leading to safer, more comfortable, well-maintained homes. Without a fair deal for housing workers, the employer is ensuring delays in repairs and maintenance – and worsening living conditions – will continue.

Failure to support housing workers is a failure to support the entire community.\_\_\_\_

By standing up for housing workers, we can build a more equitable society where everyone has access to safe, affordable, and comfortable housing.\_\_\_\_

Do the right thing for workers and your constituents.

You can view each petition signer and the comments they left you below.

Thank you,

The housing authority and gnwt cannot be using financial constraints to not meet the needs of the workers or fail to ensure safe and comfortable place to live to the tenants.
